Hailing from Brighton, England, **Passenger** is a multi-award winning, platinum-selling singer-songwriter. Although still known for his busking, he long ago made the journey from street corners to stadiums, thanks in part to supporting his good mate Ed Sheeran, and most notably with *"Let Her Go,"* which reached number 1 in 19 countries and is approaching three billion plays on YouTube. Yet *'Let Her Go'* is just one song from a remarkable and prolific back catalogue, including 2016's *Young as the Morning, Old as the Sea*, which topped the charts in the UK and beyond. The consistency of his output, coupled with his authenticity both on and off stage, has won Passenger a dedicated fanbase around the globe.

The majority of *Songs for the Drunk and Broken Hearted* was written when Rosenberg was newly single. *"Coming out of a break-up creates such a fragile window,"* he reflects. *"You're incredibly vulnerable for a few months. You're so used to the safety of being with somebody and suddenly you're out in the world on your own. And you get pissed and probably make some bad decisions. In some ways, you make it worse for yourself. But it's a heady moment, losing love and being drunk. And it's universal. Everyone goes through it at some stage."*

Bad Luck.

Cold Bones

Bad Luck. was a solo project from Long Island, then they were a band from Florida. While in the Sunshine State, they released *Cold Bones* in 2014 and *Noise in Your Head* the following year, two compact yet abrasive pop-punk releases that placed nostalgia and neuroses on the same plane. After those anxieties collapsed a hefty touring schedule and the group's first taste of the industry ecosystem, Bad Luck. seemingly vanished, kept afloat by a whispering community of fans kept alive by their short discography. Having since returned to their home base and their homegrown mentality, Bad Luck. is looking to add to their short but sweet legacy and score a longer winning streak.

Anchored by brothers Dominick and Joe Fox and colored in by a rotating cast of touring friends, Bad Luck.'s second wind offers the same great pop hooks chased with hard-hitting backdrops that originally captured crowds' hearts.

Love Is The King was produced by Jeff and Tom Schick at Wilco's Chicago studio, The Loft. Jeff's sons Spencer and Sammy Tweedy lend additional drums and vocals.

"At the beginning of the lockdown I started writing country songs to console myself. Folk and country type forms being the shapes that come most easily to me in a comfort food sort of way. 'Guess Again' is a good example of the success I was having at pushing the world away, counting my blessings – taking stock in my good fortune to have love in my life. Just a few weeks later things began to sound like 'Love Is The King' – a little more frayed around the edges with a lot more fear creeping in. Still hopeful but definitely discovering the limits of my own ability to self soothe." - Jeff Tweedy

Kinks

Release Date: 1/15/21

★ **North America Limited Edition

The distorted guitar power chords on the track are credited by many as having invented the heavy rock and punk sound, with the song's lyrics being described by Dave as "a love song for street kids."

"You Really Got Me" was the Kinks' breakthrough hit, establishing them as one of the top British Invasion acts in the United States, and reaching number seven there later in the year. The album also includes rocking renditions of the R&B standards "Got Love If You Want It," "Too Much Monkey Business," "Cadillac" and "Stop Your Sobbing," a later hit by The Pretenders.

10 Years of Fake History

2020 marks the tenth anniversary of the release of LA post-hardcore maestros letlive.'s seminal album 'Fake History'. The band released some early demos from the process of writing 'Fake History' a couple months back and now they've revealed a physical release via frontman Jason Aalon Butler's 333 Wreckords Crew in conjunction with Tragic Hero Records, who first released the record back in 2010.

'Fake History' was reissued by legendary indie punk label Epitaph in 2011 and the album received high praise from media and fans alike, ranking highly in end of year lists by esteemed publications such as Kerrang! and Rock Sound. The momentum propelled letlive. to high profile festival slots and sold out shows across the globe. The LA band's live show was unparalleled with Butler's visceral energy an all-consuming force to be reckoned with, and inspired by, at each and every gig.

The collection of demos is available on three different coloured vinyl – clear, cobalt translucent and a blue whirlpool – and is released alongside a letlive. merch capsule.

DESCRIPTION:

We return to the days when Austria was ruled by emperor Franz Joseph and his wife, empress Sisi. But forget everything you've heard and read so far! According to Austrian symphonic power metal heroes DRAGONY and their brand new record Viribus Unitis, the history of their home country took a completely different turn. What really happened at the time of the last Habsburg ruler of Austria, his wife and their son, the troubled Archduke Rudolf, is revealed by the symphonic power metal six-piece on their fourth full-length Viribus Unitis. Let's clear the assumption that Rudolph died after trying to take his life at castle Mayerling in 1889. No way! Instead, after his mother Sisi is assassinated in 1898 in Switzerland, he subsequently gets in contact with dark powers which, driven by his desire to be with her again, make him turn to black magic and demonology. Now history takes its true (!) course. There are not only zombies and cyber-punks lurking, DRAGONY also managed to prove further entanglements of well-known personalities you might never imagine... Founded in 2007 and after releasing three studio records, with Viribus Unitis, DRAGONY return to their rock opera roots, following up on the conceptual approach of the debut album Legends. For their exciting adventure cemented in their upcoming full length, the Austrians around former Visions Of Atlantis singer Siegfried Samer were supported by well-known colleagues like Tommy Johansson (Sabaton), Tomas Svedin (Symphony Of Tragedy), Michele Guaitoli (Visions Of Atlantis) and Georg Neuhauser (Serenity) - just to name a selection. Mixing and mastering Viribus Unitis was done by Sebastian "Seeb" Levermann of Orden Ogan in his Greenman Studios in Germany. Could DRAGONY's re-writing of history mark a new revelation of hidden truths previously shrouded in fantasy, or, perhaps it was all a dream? Only Viribus Unitis tells all!

DESCRIPTION:

Fans of BLOODY HAMMERS have been riding the Transylvania County, North Carolina based husband and wife duo's wavelength of heavy metal, doom and goth rock since their formation in 2010, but never have they encountered a haunt like this! While it doesn't stray too far from the sound listeners have grown to infectiously adore, the band's latest full-length offering „Songs Of Unspeakable Terror“ explores territory yet uncharted by the band: retro-ized horror punk in all its gritty glory. This beastly follow-up to the band's standout 2019 full-length „The Summoning“ shouldn't be confused as an all new direction for the band, however. These songs are a pandemic lockdown labor of love, a temporary foray into the unknown, while still remaining true to the BLOODY HAMMERS trademark. At the start of 2020, having just released a new album under his darkwave solo project, vocalist/guitarist/bassist Anders Manga was about to head out on tour when COVID-19 hit. Soon locked in their house under the country's strict stay-at-home orders, Manga and his bride and bandmate, organist/pianist Devallia, spent time jamming in their basement and revisiting some of their classic punk favorites from up north - the Misfits, Plasmatics, the Cramps and Voluptuous Horror of Karen Black, to name a few. Holed up and barred from the uncertainty of the world, BLOODY HAMMERS churned out 11 new raw-power tracks inspired by these greats, and now, they're unearthed... from the grave! Kicking off with a hefty two-step, first single and album opener “A Night To Dismember” careens the listener down a dark, winding auditory road of melodic punk (in a jet black classic car, to boot), motoring on with an earworm chorus that will have listeners chanting in no time. Trudging, metallic terrors like “Hands Of The Ripper” and “Witchfinder General” ensnare the listener, while seductive, unrelentingly heavy tracks such as “Not Of This Earth” will have them screaming for more, and head-bobbers like “The Ones Who Own The Dark” prove this horror punk offering isn't short on melody. Laced with spine-tingling vocal lines, bathed in a seductive, macabre cocktail of granular guitars and accented by searing synths, each track on „Songs Of Unspeakable Terror“ is a bonafide horror punk pillar. Fans of BLOODY HAMMERS and heavy music fans new to the band alike will enjoy this unique offering!

ABOUT IN THE GREEN

Commissioned by LCT3, **IN THE GREEN** tells the origin story of one of Medieval history's most powerful and creative women: Hildegard von Bingen. Before she became a healer, a composer, an exorcist, and finally a saint, she was a little girl locked in a cell with her mentor, Jutta.

This new musical by **Grace McLean** is the tale of two women and the journey that leads one to embrace death, and the other to celebrate the beauty and blemishes of a fully lived life.

A Certain Ratio

The Graveyard and The Ballroom, To Each..., Sextet, I'd Like To See You Again

(ACR Loco White Vinyl Editions)

Street Date: 1/15/21

a√:

Mute are delighted to announce the reissues of *The Graveyard and the Ballroom, To Each..., Sextet,* and *I'd Like To See You Again* from A Certain Ratio. These are four limited edition pressings to commemorate the release of their new album *ACR Loco*. They will be available on limited edition white vinyl with black and white versions of the covers.

The Graveyard and the Ballroom shows off A Certain Ratio's legendary mix of angular, bass-heavy postpunk. Originally released in 1980, it contains 14 tracks: 7 demo songs from a session recorded at Graveyard Studios in September 1979 and 7 songs from a gig at the Electric Ballroom in October 1979.

Originally released on Factory Records in 1981, and produced by legendary producer Martin Hannett, *To Each...* is A Certain Ratio's post-punk masterpiece. It is full of classic ACR tracks, with highlights including the live favorites "The Fox" and "Winter Hill".

Featuring note worthy tracks "Knife Slits Water" & "Lucinda", *Sextet* is the apex of A Certain Ratio's weird relationship to pop – grasping at the mainstream with one hand, shoving it away with the other.

I'd Like to See You Again points toward a more minimal, stripped-down funk sound, influenced heavily by the New York club scene of the early '80s in which ACR immersed themselves following their formation in Manchester. The band was working in a more rhythmic instrumental approach, eschewing the pop forms of *Sextet* and focusing on a harder electro-funk sound.
