PAT METHENY ROAD TO THE SUN

THERE ARE ONLY A HANDFUL OF LIVING MUSICIANS WHO CAN CONTINUALLY REINVENT THEMSELVES YEAR AFTER YEAR, AND EVEN FEWER STILL WHO CAN CLAIM TO HAVE MAINTAINED EQUAL DEGREES OF INNOVATION AND EXCELLENCE ACROSS A CAREER SPANNING DECADES.

PAT METHENY IS ONE OF THE FEW ARTISTS IN THE WORLD WHO CAN LAY CLAIM TO SUCH A DESCRIPTION. ON HIS LATEST ALBUM, **ROAD TO THE SUN**, PAT METHENY SURPRISES US ONCE AGAIN WITH HIS SEEMINGLY ENDLESS ABILITY TO HARVEST NEW VISTAS WHILE RETAINING THE INSTANTLY RECOGNIZABLE METHENY SOUND. PAT HAS BEEN NOMINATED FOR 36 GRAMMY AWARDS AND HAS WON 20 TIMES ACROSS NUMEROUS CATEGORIES.

WITH TWO MAJOR NEW WORKS, PERFORMED BY FIVE OF THE WORLD'S LEADING GUITARISTS, METHENY CHARTS A NEW WAY OF OBLITERATING BOUNDARIES BETWEEN GENRES WHILE SIMULTANEOUSLY UNVEILING NEW FACETS OF AN ALREADY EXPANSIVE PERSONAL LANGUAGE.

GRAMMY-WINNER JASON VIEAUX, DESCRIBED BY NPR AS "PERHAPS THE MOST PRECISE AND SOULFUL CLASSICAL GUITARIST OF HIS GENERATION" WAS TAPPED BY METHENY TO PERFORM HIS FOUR-MOVEMENT SOLO GUITAR SUITE **FOUR PATHS OF LIGHT**.

THE CENTERPIECE OF THIS LANDMARK RECORDING IS ROAD TO THE SUN, A SIX-MOVEMENT PIECE FOR FELLOW GRAMMY-AWARD WINNING LOS ANGELES GUITAR QUARTET LAGO - METHENY DESCRIBES THEM AS "ONE OF THE BEST BANDS IN THE WORLD".

THE RECORDING CONCLUDES WITH WHAT METHENY DESCRIBES AS A "BONUS TRACK"; A PERFORMANCE OF ARVO PÄRT'S **FÜR ALINA**, PERFORMED BY METHENY ON HIS MANZER 42-STRING PIKASSO GUITAR.

IN THE END, **ROAD TO THE SUN** IS NOTHING IF NOT ANOTHER TRULY GREAT PAT METHENY RECORD. IT WILL RANK ALONGSIDE SECRET STORY, BRIGHT SIZE LIFE, 80/81, ONE QUIET NIGHT, STILL LIFE (TALKING), SONG X, AND ALL THE REST AS BEING YET ANOTHER UNEXPECTED AND ALMOST WILLFULLY INSCRUTABLE PLOT TWIST, INEVITABLE TO A GENRE WITH ONLY ONE COMMON ELEMENT: METHENY HIMSELF.

METHENY ON ROAD TO THE SUN: WHEN I FIRST STARTED WRITING, THE LAGO GUYS SUGGESTED THAT THEY WOULD BE HAPPY IF IT WAS EVEN A 5 OR 7-MINUTE PIECE. BEFORE I KNEW IT, I WAS IN THE MIDST OF A NEARLY 30 MINUTE, SIX-MOVEMENT TREATISE ON WHAT MIGHT BE POSSIBLE IN A MULTI-GUITAR FORMAT. I FOUND MYSELF COMPLETELY IMMERSSED IN THIS INCREDIBLE OPPORTUNITY TO IMAGINE WHAT THESE FOUR EXCEPTIONAL GUITARISTS COULD SOUND LIKE ADDRESSING THESE NOTES. THE PIECE JUST LITERALLY POURED OUT. BUT, AS MUCH AS I WAS REACHING FOR THE KINDS OF MATERIALS THAT THIS INSTRUMENTATION AND THESE PARTICULAR MUSICIANS SEEMED TO SUGGEST, IT WAS OF EQUAL IMPORTANCE TO ME TO RETAIN THE KIND OF NARRATIVE, STORYTELLING ASPECT OF MUSIC THAT I ALWAYS HOPE TO GET TO, REGARDLESS OF THE SETTING.

ROAD TO THE SUN

Gillian Welch & David Rawlings

ALL THE GOOD TIMES

After a devastating tornado ravaged Nashville in the Spring of 2020 making their studio unusable, immediately followed by a global pandemic shutting down their community and touring livelihood, Gillian Welch and David Rawlings were able to find the inspiration to set up recording equipment in their home living room and record 10 performances on their reel-to-reel of some of their favorite songs from the likes of John Prine (“Hello In There”), Bob Dylan (“Abandoned Love”), Norman Blake (“Ginseng Sullivan”), and more.

All The Good Times is the first Welch/Rawlings collaboration to feature both of their names on the cover, and received a **2021 Grammy nomination for Best Folk Album**. Originally released in July 2020 as a surprise treat for fans, the limited edition handmade CD and LP first pressings sold out in 48 hours as a D2C exclusive. This new reissue will have revised art and packaging, including some new photos. The vinyl (coming later this year) will have new artwork on a tip-on jacket with custom paper. A full press campaign for the reissue will be headed by Mary Moyer / Q Prime (US), Claire Horton (UK), and Chris O’Hearn / Thrillhill (AU).

“The 10-song collection is the equivalent of being welcomed into Welch and Rawlings’ living room and the pair treating you to a private recital. In other words, it doesn’t get much better than this.” - Uncut Magazine

“... modern masters of American folk.” - Pitchfork

“This 10-song covers collection from the Nashville roots music masters is unsurprisingly sublime – whether they’re tackling a masterpiece by the late John Prine, a couple of semi-deep Dylan cuts or the classic ‘60s duet “Jackson.” - The Tennessean

SEVENTH TREE followed the glitterball glamour of platinum-selling album, *Supernature* (2005), and is very much its sensual counterpoint. It shimmers and shines with the warmth of a hazy summer, an electric whirlpool of sound over which Alison's glistening voice soars.

VISIONIST

A CALL TO ARMS

Street Date: 3/5/21

Mute are excited to announce the release of Visionist's album *A Call to Arms*. It will be available on CD packaged in a blind embossed gatefold sleeve and all digital platforms on March 5, and on limited edition white vinyl on March 26.

Visionist's first release for Mute is a hypnotic elegy. *A Call to Arms* is Visionist's third album release and where previously the artist used his vocals as samples, we hear his singing voice in the form of song and lyric for the first time. Along with the addition of Visionist's vocals, the album is host to a varied list of collaborators including Haley Fohr (Circuit des Yeux) and Morgan Simpson (Black Midi).

For Visionist (aka Louis Carnell) each album is a chapter in a bigger storyline, and this new album builds upon 2015's debut, *Safe [PAN]* and its follow up, *Value [2017 / Big Dada Recordings]*.

Carnell says, "With every project I want to test myself, so with this ethos, I expand the landscape of sound I have created over the years. On *A Call to Arms* I have furthered my musical direction in terms of collaboration in order to bring new layers of sonics, dynamics, energies and ideas."

PROJECT OVERVIEW

There is a subtle shift that happens in an artist's life when they achieve any measure of success. Their empty calendars fill up, they lose a significant amount of privacy, rest becomes obsolete, and the pressure felt increases drastically. Jordan Feliz experienced this firsthand after his chart-topping debut radio single "The River" was released in 2015. The pressure of fast tracking his career alongside some major changes in his personal life caused his overnight success to feel more like a burden than a blessing. "It's like all your dreams kind of get handed to you, but there's really no fulfillment in it, and I realized it was because everything was out of alignment for me," the artist revealed. Jordan invited God into his anxiety and allowed him to realign his priorities before re-entering the studio to create his third full-length project "Say It". "Before we started working on new music, I started asking the Lord to give me something to say, and I felt like he just said, 'Say everything that's on your heart. Say everything that you've been through. Be as vulnerable as possible. Tell the world the thing that you are terrified to tell the world,'" Feliz says "I think sometimes the things you're scared to bring to people are most likely the most impactful".

Co-produced by Feliz's longtime collaborator Colby Wedgeworth and Jordan Mohilowski, his latest studio effort serves up a healthy blend of pop, Gospel and soul and offers some of Feliz's most transparent lyrics to date.

DESCRIPTION:

Heavily distorted and down-tuned sounds turn the legendary fields of the German Freak Valley Festival into madness. The undisputed masters of fantastical otherworldly sludgy doom, CONAN, will cast a spell on the listener and propel them straight into the crowd, captured in dust. Three years after the release of the ferocious caveman battle doom masterpiece Existential Void Guardian, CONAN waves the flag of Pain again and releases Live At Freaky Valley on March 12, 2021 via Napalm Records. After their 2013 live album, recorded at Roadburn festival, and the self released Live At Bannermans their third live album could not be recorded at a better place than Freak Valley festival. With the fuzz pedal engaged, the opener „Gravity Chasm“ rages from the first second. When singer Jon's first scream freezes the marrow of the crowd, nobody can escape this brutal orgy of intensity. The fierce sludge crusher "Battle In The Swamp" pushes violently on the brake pedal - you can literally hear your feet stuck in the marsh. The following "Hawk As Weapon" completes the roaring duo, taken from the 2016 album Monnos, before "Satsumo" heralds the end of the set by paving sludge patterns in the relentlessly heavy, constantly charging show. With mechanical wizardry they heap upon their pure-hearted compositions, cementing their colossal and brutish live ascendancy! CONAN's latest effort of gargantuan heaviness, produced and mixed by Chris Fielding at Skyhammer Studio, cannot be missing in any doom metal collection! Hear the roar of battle. Smell the stench of spilt blood. A thousand heads piled high like a grim mound of suffering - a blasphemy to nature. HAIL CONAN!

DESCRIPTION:

Emerging from the Finnish coastal town of Kotka, melodic death metal band MARIANAS REST unleash their third studio album, *Fata Morgana*, laying a brutal yet gloomy veil of melancholy over the world. The top-notch offering combines intense melodic death metal spiced with significant doom elements and breathes an overall lyrical theme of the dark aspects of life with every note. Founded in 2013, and after releasing their debut *Horror Vacui* (2016) and critically acclaimed successor *Ruins* (2019), the six piece with Jaakko Mäntymaa on vocals and Omnium Gatherum's Aapo Koivisto on keys, showcases a true virtuosity of heavy riffs, hypnotizing soundscapes and impetuous tempo-changes on its new piece of art. The eight-song epos that is *Fata Morgana* delivers atmospheric melodies that are as endless and fascinating as the overwhelming beauty of Finnish nature, which tracks like the expressive "The Weight" or authentic "Pointless Tale" are evidence of. Topped by guest appearances of Timo Virkkala, who shares his awesome cello magic, and the bewitching backing vocals of Lindsay Matheson/Schoolcraft (ex-Cradle Of Filth), MARIANAS REST take their creative output to the next level and make *Fata Morgana* a must-have for fans of bands like *Insomnium* and *My Dying Bride*. *Fata Morgana* is produced by Teemu Aalto (*Insomnium*, *Omnium Gatherum*) and MARIANAS REST, recorded and mixed by Teemu Aalto at Teemu Aalto Music Productions and mastered by Svante Forsbäck at Chartmakers, who received a Grammy nomination with *Candlemass* feat. Tony Iommi for Best Metal Performance.

THUNDER

All The Right Noises

Release Date: 03/12/21

- New Studio Album from British hard-rock band THUNDER
- The bands 13th Studio Album following 2019's *Please Remain Seated*.
- 2CD and 1CD Formats available
- Gatefold 2LP format comes on Galaxy Color Vinyl with Pop Up Artwork
- Includes the lead single "Last One Out Turn Off The Lights"

ALL THE RIGHT NOISES is a return to the full-throttle sound of THUNDER that has seen them create a hugely successful 30+ year career at the forefront of British rock, all built around the lifelong friendship of vocalist extraordinaire Danny Bowes and songwriting genius and guitarist Luke Morley. *All The Right Noises* is an intense confection of illicit charms that reasserts their authority as the number one band in the land. Recorded in the months leading up to the first Covid-19 lockdown, it was originally due for release in September 2020. Strange to reflect then on how much of the new material appears to address the challenging new world we now inhabit. On the album, Luke says "All the songs were written and recorded pre-Covid. But it is interesting how if you look at some of the tracks through the prism of Covid they still make a lot of sense." The volcanic lead single from the album, "Last One Out Turn Off The Lights" could easily be mistaken for world-ending lockdown rage. But, says Luke, "That was directly about Brexit, but you could apply it to everything else." The track is indicative of both the ferocity and message of the album as a whole, with subjects tackled including depression, mental health, and diversity

All The Right Noises follows on from 2019's stripped back and reimagined album, *Please Remain Seated* and is another chapter in the band's incredibly successful history that has seen them create a succession of some of the most highly-regarded rock albums of the past 30 years. The key to their renown: brilliantly conceived top-drawer material. THUNDER is the last of the true British rock giants.

2020 was poised to be **Future Teens**' breakout year. After releasing their sophomore LP *Breakup Season*, cosplaying as Carly Rae Jepsen, and zeroing on the romantic longing of fans worldwide, the Boston quartet was rising. While such a hard stop was part of every band's story in 2020, the momentum hadn't left the group — guitarists/vocalists *Amy Hoffman* and *Daniel Radin*, drummer *Colby Blauvelt*, and bassist *Maya Mortman* — straying too far from their central heartline. *Deliberately Alive*, their blustery follow-up EP, is Future Teens at their most explosive and earnest, showcasing a band in between journal volumes.

Fans of the band's confessional tone will hear it ring throughout, regardless of the messenger. When *Hoffman*'s lead vocalist, you get "*Guest Room*," a strutting emo-pop moment where there's more than just the first of the month living rent-free in their head. *Radin*'s turn brings "*Play Cool*," a vignette of gig life and the fallouts that can occur during a local opener's set. Both deliver the classic **Future Teens** formula: open on a slice of East Coast life, sprinkle in some anxiety and self-facing critique, and let the band surge beneath. Winking one-liners characterize both *Radin*'s "*Separated Anxiety*," which crackles the release to life, and *Hoffman*'s "*Bizarre Affection*," featuring a starburst of an intro that disintegrates into another night alone.

But as **Future Teens** knows, there's an after implied in all of these uneasy, warped presents—make sure you stick around for **Future Teens**' latest reimagining of a pop song. This time, it's Cher's "*Believe*."
