3LP & 2CD formats

Release Date: 6/25/21

- 40th Anniversary of this Iconic Rock album
- 3LP and 2CD Formats include previously unreleased live show
- All LP releases use new brand new remaster created from the original tapes.

MOTÖRHEAD in 1981 was a band of extremes; a flammable mix of non-stop celebration over their rising success and punishing graft, underscored by an inter-band powder-keg dynamic. After recording *Ace Of Spades*, it had shot to number four in the UK; the killer breakthrough after *Overkill* and *Bomber* had done essential groundwork, late 1980's *Ace Up Your Sleeve* UK tour was a triumphant lap of honour that spilled into the recording of **NO SLEEP 'TIL HAMMERSMITH**. The album took its title from an inscription painted on one of the trucks, referencing the 32 gigs they were playing with only two days off. The track listing ended up featuring three tracks from *Ace Of Spades*, five from *Overkill*, *Bomber*'s title track and two from their self-titled debut. Originally released on 27th June 1981, Lemmy is quoted as saying of it "I knew it'd be the live one that went best, because we're really a live band. You can't listen to a record and find out what we're about. You've got to see us." Upon release **NO SLEEP 'TIL HAMMERSMITH** went straight to number one, their first and only in the UK and is still the most necessary live album of all time.

The **NO SLEEP 'TIL HAMMERSMITH** album; brand new remaster created from the original tapes. Pressed on vinyl as a triple album in a 20 page bookpack and deluxe 24 page, 2CD mediabook. Includes a full live show from Newcastle released in its entirety for the first time. Recorded on the Short Sharp Pain In The Neck tour where the album was originally taken from.

BIO

TOTO and Mascot Label Group have teamed up for Toto's newest release, 'With A Little Help From My Friends' available June 25 through The Players Club, an imprint of Mascot Label Group. This new album captures a performance from one special night on November 21, 2020 when Steve Lukather, Joseph Williams and David Paich appeared with the new line-up of Toto for a global event originating from Los Angeles, CA. Additionally, The CD DVD and CD Blu-ray configurations include a behind the scenes documentary featuring interviews from all the members of Toto that performed that evening. 'With A Little Help From My Friends' was Produced by Joseph Williams, who also edited the accompanying long-form video. The band's long-time front of house engineer Ken Freeman mixed and captured the sound that evening.

Joining Lukather, Williams and Paich for this next chapter in their indelible history are new band members bassist John Pierce (Huey Lewis and The News), drummer Robert "Sput" Searight (Ghost-Note / Snarky Puppy), and keyboardist and background vocalist Steve Maggiora (Robert Jon & The Wreck). When it came to plan this specific set list, we picked an eclectic group of songs for this one night only show."  MASCOT LABEL GROUP

DANCE GAVIN DANCE

TREE CITY SESSIONS 2

SUMMARY

Dance Gavin Dance is a name that instantly has people talking. One listen to any of their albums, and it's no secret why. The band has found a way to combine elements of various genres in a way that wouldn't seem likely for most, yet seems effortless for them. Their unique blend of rock, funk and experimental music makes their sound easily recognizable to many, and is what has won them loyal fans around the world.

Rejecting tired formulas at every step, Dance Gavin Dance merge progressive rock and post-hardcore with thick groove, brilliantly combining experimental music with hooks and a warped sense of humor. The group has amassed over 1 billion global streams, and 1 million album equivalent units sold across their catalog in the US alone. With hundreds of thousands of rabid fans engaged with Dance Gavin Dance on socials and their very own festival event, Swanfest, which sold out its inaugural edition in 2019 and is slated to return, once it is safe to do so, in 2021, it all amounts to a full force band facing a mainstream that has overlooked them for too long.

PRESS HIGHLIGHTS

- "The experimental hardcore group have always done things their way and they aren't afraid to show it."
– **Alternative Press**
- "There's no other band on earth like Dance Gavin Dance, and their latest idiosyncratic opus is as colourful and inventive as you could want" – **Rock Sound**
- "Dance Gavin Dance are something of a phenomenon..." – **Upset**
- "Those married to traditional song structures need not apply, but if you fancy feeling like your brain is in a pinball machine, [DGD] will take you out of this world." – **Kerrang!**
- "Heavy, ambitious, and sometimes witty rock that seizes on the past few decades of edge-dwelling music, places it all in a blender, and puts the speed on high." – **Boston Globe**

TILIAN

his fourth upcoming solo album and second on Rise Records, is more him than anything he's ever done before. This is the first time Tilian's tackled nearly every aspect of the record himself, and it's resulted in his most thrillingly eclectic work to date: a falsetto-laced brand of alt-pop that spans everything from trippy psychedelia and heavy prog riffs to warped hip-hop beats and dembow grooves.

Tilian began putting words down just a few weeks after the COVID-19 pandemic forced California to go into lockdown, in March 2020. He had planned on touring with his band Dance Gavin Dance, until—like the rest of us—he was stuck at home. And more to the point, he was alone. The Clearwater, Florida, native has always worked as a part of a larger unit since forming his first band in Tampa in 2007. Even as a solo artist he frequently collaborates, most recently with Marigolds+Monsters and Travis Barker on 2020's "Falling Out of Rhythm" single. But in forced isolation, the songs began to flow. He decided to write, record, and produce the album himself, eventually remotely bringing in drummer/frequent collaborator Kris Crummett to help button it up. Having full creative control allowed Tilian to experiment more than ever. With new music on the very near horizon, 2021 is shaping up to be a big year for Tilian.

HIGHLIGHTS

- "Whatever you think of him—sophistication blueprint, musical polymath, quality hang or dream date—Tilian Pearson fits all those roles." – Alternative Press
- Recently featured on a single alongside Travis Barker, upcoming feature on Adventure Club track
- Last album The Skeptic debuted #1 Alternative New Artist, #2 Top New Artists, #5 Alternative
- The Skeptic has garnered over 19.7M global streams to date

DESCRIPTION:

Out of the ashes of the disbanded Dawn of Disease, a furious death metal steamroller is about to embark! German-based formation HIRAES - featuring Lukas Kerk, Oliver Kirchner, Christian Wösten, Mathias Blässe and the powerful Britta Görtz (Critical Mess, ex-Cripper) on vocal duties - will release their stunning debut full-length, *Solitary*, on June 25, 2021 via Napalm Records! With their very first offering, HIRAES create an exciting new melodic death emergence. The five-piece already established its own remarkable identity built upon a smashing femme vocal attack, intense melodies and charging guitars, led by guitarist Lukas Kerk as main songwriter. An atmospheric, instrumental intro introduces the album opener "Shadows Break", whilst showcasing the impressive vocal onslaught of well-experienced frontwoman Britta Görtz shortly after. "Under Fire" alternates between raging, relentless drums and a chorus that causes goosebumps due to its heavy and meaningful lyricism. "Grain Of Sand" sets the next exclamation mark when delivering an unrelenting attack of smashing riffs along with an inexorable vocal performance, followed by standouts such as brutal "1000 Lights", razor-sharp "Eyes Over Black" and fast-twitching title-track "Solitary", proving that HIRAES don't decelerate for a second. This massive melodic death metal assault leaves no scope for weakness and serves an exciting take on the genre with hymnlike melodies, enthralling drums and guitar riffing as well as breathtaking hooklines. Topped with the distinctive and versatile performance of Britta Görtz, this powerful new formation and its debut is a must have for fans of bands like Insomnium, At The Gates, Arch Enemy and Amon Amarth.

DANIEL AVERY TOGETHER IN STATIC

Street Date: 06/25/21

Mute are pleased to announce the release of Daniel Avery's new album **Together in Static**, out June 25 on black vinyl and digital formats.

The songs on **Together in Static** were created specifically for live shows, yet developed into an album during the process. "I considered a 12" or an EP but by the time I came up for air, I realized I had a complete record I wanted to share," says Daniel. "I feel it's some of my best work and I'm gassed for you all to hear it."

On May 29th, Daniel will perform the album at the Hackney Church in London. The show will be filmed and broadcasted as a global streaming event on June 23rd.

Together in Static follows 2020's surprise release **Love + Light** and the collaborative album with Nine Inch Nails keyboardist Alessandro Cortini, **Illusion Of Time**.

"Filled with gorgeous, ghostly compositions, it's the sound of leaving the dance-floor at 5am..."
- NME (on **Love + Light**)

"Expansive in scope, charmingly rough around the edges, and brimming with possibility... a beautiful record that takes wonder as its defining characteristic..."
- Pitchfork (on **Illusion Of Time**)

**"...EVOKES A FEELING OF SADNESS AND LOSS, BUT TAKING A CLOSER LISTEN, THERE IS
A TREMENDOUS AMOUNT OF STRENGTH THROUGHOUT." - AMERICAN SONGWRITER**

The appeal of William Fitzsimmons' sound is indicative of his unique upbringing and consequent life experience. Born to two blind parents, Fitzsimmons grew up in a home where sound - particularly music - was integral to communication. His parents had an assortment of guitars, pianos and other instruments, and introduced young William to the music of James Taylor, Joni Mitchell and Leonard Cohen, among others. For many years, armed with a Master's degree in counseling, he worked as a mental health therapist, and only began recording his songs during graduate school breaks. Over the course of his career, Fitzsimmons has made his living writing a specific brand of honest and inward-looking folk songs that fearlessly and candidly examine the evolving self while dexterously communicating his talent for robust melodies and catchy instrumentation.

Now, set to release **Ready the Astronaut** (out June 25 via Nettwerk Records) as a powerful testament to his own past, Fitzsimmons weaves his story through the familiar tale of Icarus to illustrate his willingness to accept his life's highs and lows by paying tribute to the influence they have on the future. Fitzsimmons' earlier full-length, **Lions** (produced by Chris Walla/Death Cab For Cutie), **debuted at #2** on the Top New Artist Albums' chart, as well as **Top 5** on the Folk Albums chart. **Fitzsimmons'** music has also been licensed to a wide variety of networks including *ABC, NBC, MTV, Lifetime* and *CW* and he has been featured in *Billboard, NPR, Rolling Stone, Paste, Spin, NYLON Guys, Musikexpress, Uncut, Q Magazine* and *American Songwriter Magazine*.

RICHARD MARX

Stories To Tell: Greatest Hits And More (2CD)

Release Date: 7/02/21

- ★ **SOUNDTRACK** to the best-selling book, **STORIES TO TELL: A MEMOIR**
- ★ **Includes never before released demos of his hits, live tracks & brand new recordings**
- ★ **Features Richard's Versions of his biggest hits!**

ABOUT THE BOOK:

Legendary musician **RICHARD MARX** offers an enlightening, entertaining look at his life and career.

Richard Marx is one of the most accomplished singer-songwriters in the history of popular music. His self-titled 1987 album went triple platinum and made him the first male solo artist (and second solo artist overall after Whitney Houston) to have four singles from their debut crack the top three on the Billboard Hot 100. His follow-up, 1989's *Repeat Offender*, was an even bigger smash, going quadruple platinum and landing two singles at number one. He has written fourteen number one songs in total, shared a Song of the Year Grammy with Luther Vandross, and collaborated with a variety of artists including NSYNC, Josh Groban, Natalie Cole, and Keith Urban. Lately, he's also become a Twitter celebrity thanks to his outspokenness on social issues and his ability to out-troll his trolls.

In *STORIES TO TELL*, Marx uses this same engaging, straight-talking style to look back on his life and career. He writes of how Kenny Rogers changed a single line of a song he'd written for him then asked for a 50% cut—which inspired Marx to write one of his biggest hits. He tells the uncanny story of how he wound up curled up on the couch of Olivia Newton-John, his childhood crush, watching *Xanadu*. He shares the tribulations of working with the all-female hair metal band Vixen and appearing in their video. Yet amid these entertaining celebrity encounters, Marx offers a more sobering assessment of the music business as he's experienced it over four decades—the challenges of navigating greedy executives and grueling tour schedules, and the rewards of connecting with thousands of fans at sold-out shows that make all the drama worthwhile. He also provides an illuminating look at his songwriting process and talks honestly about how his personal life has inspired his work, including finding love with wife Daisy Fuentes and the mystery illness that recently struck him—and that doctors haven't been able to solve.

STORIES TO TELL is a remarkably candid, wildly entertaining memoir about the art and business of music.

DESCRIPTION:

German genrefluid visionaries LORD OF THE LOST return with their seventh studio album, JUDAS (out July 2nd, 2021 via Napalm Records). With this sophisticated offering, conceptualized as a double record from the very beginning, the five-piece are cementing their position as exceptional artists that can't be pigeonholed once more and have undeniably reached the next level with their most innovative and mature record to date. JUDAS sets off with atmospheric "Priest", which immediately unveils a leitmotif that runs through the whole record and serves as a uniting symbiosis for the double album, divided in two conceptual parts, Damnation and Salvation, with 24 songs in total. Followed by "For They Know Not What They Do", it's clear right from the beginning that all the songs can be experienced the most organic and vivid way: A genuine, unique choir is accompanying singer Chris Harms, whose multi-dimensional voice delivers the haunting lyrics straight into the listener's mind more strongly than ever. Songs like "Your Star Has Led You Astray" or "Born With a Broken Heart" easily manage to keep the balance between harsh vocals, the distorted sound of fuzz guitars and an overall dark atmosphere that LORD OF THE LOST is known for, whilst "Death Is Just a Kiss Away", "My Constellation" and closing "Work of Salvation", for example, put grand piano tunes, authentic strings as well as the sound of a massive organ recorded in a church in the most suitable focus. As the overall topic, LORD OF THE LOST detail the perception of the character of Judas Iscariot, known as highly diverse, and the so-called Gospel of Judas, a paper that's said to consist of conversations between Jesus Christ and Judas Iscariot and casts a different light on religious history as it's told in the Bible's New Testament. JUDAS marks the successor of chart-breaking Thornstar (2018, #6 GER) and again breathes the innovative spirit of five musicians who are far away from setting boundaries to their very own and unique art. LORD OF THE LOST has never been that type of creative force that's pinned to any specific genre and has succeeded in surprising fans and critics with their nonconformism repeatedly over the years. With their new album JUDAS, LORD OF THE LOST not only manage to thematically blur the lines between good and evil and put the so called "salvific treason" into a harmonious soundscape unlike ever heard before, they also demonstrate that they have matured both musically and lyrically - truly an opus magnum!

DESCRIPTION:

Parody metal powerhouse NANOWAR OF STEEL turns to the musical roots of their homeland, bringing heavy new life to traditional Italian music on their new album Italian Folk Metal (out July 2 on Napalm Records)! Filled with references to Italian folklore, NANOWAR OF STEEL puts its own comedic metal twist on the various traditional sounds of their beautiful country. Each song on Italian Folk Metal is performed in a distinct style of Italian folk music: Napoli-based sounds of musica neomelodica clash with melodic guitar sweeps on "Scugnizzi of the Land of Fires" and speedy accordions (prominently known from northern Italy's mazurka) are layered with dizzying guitar solos on "La Mazurka del Vecchio che Guarda i Cantieri". The powerful blast beats and violins on Italian Folk Metal's album opener "L'Assedio di Porto Cervo" prove that NANOWAR OF STEEL are absolute aficionados of both Italian folk music and heavy music. Mixed with the band's eclectic, comprehensive brand of catchy, comedy-infused metal, Italian Folk Metal is a truly multi-faceted listening experience and a deep dive into the roots of Italy's folklore! In the process of recording the new album in Rome and Milan during the summer of 2020, NANOWAR OF STEEL took the Italian-focused theme as an opportunity to gather Italy's crème de la crème of musicianship: the album features Francesco Paoli from FLESHGOD APOCALYPSE on "L'assedio di Porto Cervo", Alessandro Conti of LUCA TURILLI'S RHAPSODY and TRICK OR TREAT fame on "La Mazurka del Vecchio che guarda i Cantieri" and FROZEN CROWN's Jade on "Rosario", among others. To top it off, NANOWAR OF STEEL's bassist and singer Gatto Panceri 666 shows off his multilingualism on the bonus tracks "Der Fluch des Kapt'n Iglo" (performed in German) and "El Baile del Viejo que mira las Obras" (performed in Spanish). Italian Folk Metal showcases NANOWAR OF STEEL's musical versatility at its best!

A Certain Ratio

ACR:EPC

Street Date: 7/2/21

Mute are delighted to announce the release of A Certain Ratio's ACR:EPC, out July 2nd on limited edition Cornflour Blue vinyl and digital formats.

ACR:EPC is the second in a trilogy of EPs by A Certain Ratio and is dedicated to longtime ACR friend Andrew Weatherall.

This EP features collaborations with Emperor Machine, Maria Uzor from Sink Ya Teeth, Jackknife Lee, and Chris Massey. It will be followed by ACR:EPR and comes after the band's highly acclaimed album ACR Loco and ahead of a nationwide tour.

A Certain Ratio was one of the first groups to sign to the legendary Factory Records in Manchester. Whilst many people credit New Order and The Happy Mondays as the groups who brought dance music into the sound of Manchester, it is in fact A Certain Ratio who were there in the beginning. Formed in 1978, the initial line-up comprised Simon Topping (vocals), Martin Moscrop (guitar and trumpet), Peter Terrell (tape loops) and Jeremy Kerr (bass). Their debut seven-inch "All Night Party" was Factory Records' fifth release. Soon after this Donald Johnson joined on drums.

This Cornflour Blue pressing is limited to 2,000 copies worldwide and includes extensive sleeve notes and a high definition audio download code.
