Rob Cavallo **Radio Formats:** Alternative, Active Rock, Rock

**Description:** Danger Days: The True Lives of the Fabulous Killjoys is the first studio album from **My Chemical Romance** since 2006's The Black Parade and was produced by new Warner Bros. Records Chairman Rob Cavallo, who produced The Black Parade as well as albums by Dave Matthews Band, Jawbreaker, and The Goo Goo Dolls, among many others.

**ARTIST & INFO**

**Hometown:** New Jersey **Band Members:** Gerard Way (vocals), Ray Toro (guitar), Mikey Way (bass), Frank Iero (guitar)

**My Chemical Romance** formed in suburban New Jersey in 2001 out of a mutual love of horror movies, music and punk philosophies. Following 2002's indie debut, I Brought You My Bullets, You Brought Me Your Love, 2004's Three Cheers For Sweet Revenge cracked the Top 30 and spawned the pop Top 40 "Helena" and Top 10 Modern Rockers "I'm Not OK (I Promise)" and "The Ghost Of You." The "Helena" video was #1 on "TRL" and earned five VMA nominations. The 2005 CD+2DVD package Life On The Murder Scene reached the pop Top 30. 2006's The Black Parade shot to No. 2 on Billboard's Top 200 album chart, selling more than 240,000 copies its first week of release, and spawning four Modern Rock smash singles and has sold more than 3 million albums worldwide. Dubbed "Album of the Year" by Blender Magazine, The Black Parade earned raves from critics (Rolling Stone called it "a rabid, ingenious paraphrasing of echoes and kitsch from rock's golden age of bombast," while Spin called it "savage and heartfelt") and cemented **MCR**'s status as a world-class rock band.

## ARTIST & INFO

**Hometown:** Texas

Pantera found its growl and groove on Cowboys From Hell, a landmark album whose bone-powdering intensity, razor-sharp riffing and pummeling rhythmic assault represented a turning point in modern metal when it was released in 1990. More than just Pantera's major label debut, many consider this album to be the official debut of the Pantera lineup with singer Philip Anselmo, guitarist "Dimebag" Darrell Abbott, his brother, drummer Vinnie Paul and bassist Rex Brown.

**ALBUM FACTS**

**Genre:** Rock **Producers:** Rob Cavallo

**Deluxe/Limited/Special Edition Details:** **The Sound of Madness Deluxe** CD/DVD of album tracks, bonus audio, official and live videos will be available at retail and in the Shinedown webstore, **including a free year of fanclub membership with purchase.** The album's 6th single, "Diamond Eyes (Boom-Lay Boom-Lay Boom)" impacts Rock and Alternative formats on 12/6 and will be included on this deluxe. **The Sound of Madness** offers a brave and unsparing look into the soul and psyche amidst a fierce musical attack that, even in its quieter moments, vibrate with the passion, energy and focus of a band with high-minded ideals and limitless ambitions. The group's hard rock muscles flex on songs such as the first single, "Devour," "Cry For Help," "Sin With a Grin" and the title track. But the likes of "The Crow and the Butterfly," "Breaking Inside" and their breakout single "Second Chance" incorporate sophisticated, emotional dynamics (enhanced by a 20-piece string section), while Smith counts "If You Only Knew" as his first straight-up love song.

**Description:** Shinedown's highly anticipated third album, **The Sound Of Madness**, opens with lead single "Devour." Its heavy onslaught of ripping guitars and relentless drums would not sound out of place on a Guitar Hero soundtrack. Of the album, frontman Brent Smith says *"in the seven years of this thing called Shinedown, I've seen a lot of different things - what we've all gone through on the road, things in our personal lives or witnessed firsthand through the fans that we've made and the relationships we've built with our audience."* Their face-melting rock comes as no surprise, considering that the band hails from sultry Jacksonville, Florida.

**ARTIST & INFO**

**Hometown:** Jacksonville, FL **Band Members:** Barry Kerch, Brent Smith, Eric Bass, Zack Myers

Platinum recording group Shinedown has established themselves as one of the most successful rock bands of the decade with their staggering run of 12 consecutive Top 5 hit singles. The Jacksonville, Florida based band exploded onto the rock music scene with their 2003 Platinum debut, [Leave A Whisper](#), and 2005 Gold follow-up, [Us & Them](#). Their latest album, [The Sound Of Madness](#), debuted at #8 upon its 2008 release and has since gone platinum, selling well over a million copies in the U.S. alone. "The Crow & The Butterfly" is the album's fifth single, following an unbelievable streak of #1 rock hits including the cross-over smash "Second Chance." The band recently wrapped up the inaugural Carnival Of Madness tour and will soon be heading out for Anything and Everything: An Acoustic Evening With Shinedown.

**ALBUM FACTS**

**Genre:** Rock

**Description:** *LIVE IN LONDON* is the first live recording and concert film from acclaimed artist **Regina Spektor**. Captured mainly at London's famed Hammersmith Apollo Theatre, *LIVE IN LONDON* features 23 remarkable performances that span **Spektor's** brilliant catalog of music, including three new songs that have only been performed live (*Silly Eye-Color Generalizations*, *Bobbing For Apples* and *Love, You're A Whore*). *LIVE IN LONDON* was recorded during Regina's UK tour in support of latest album, *far*, which debuted at #3 on the Billboard Top 200.

For the first time, fans can see **Regina** up close as she performs fan favorites like **Us**, **Fidelity**, **Samson** and **Eet**, along with backstage footage, inside peaks at sound check and more. *LIVE IN LONDON* is a captivating 64-minute concert film directed by Adria Petty.

An artist praised for her remarkable originality, inspired storytelling and enthralling performances, *Rolling Stone* raves **Spektor** "put on one of the most intensely joyful rock shows we've seen all year." The Philadelphia Inquirer adds, "Everything she did was greeted with thunderous applause ... the audience could not get enough. Perhaps what was most remarkable about **Regina's** performance, aside from hearing **Spektor's** gorgeous vocals in person, was her ability to enrapture the crowd ... **Spektor's** passion, vitality and sheer musical talent transformed the Electric Factory into a world of intimacy." The Boston Globe simply says, "multitalented **Spektor** is capable of anything and it shows on stage"

*LIVE IN LONDON* is dedicated to **Regina's** cellist and bandleader Daniel Cho, who tragically passed away this summer.

*LIVE IN LONDON* will be offered in CD+DVD, CD+Blu-Ray, Vinyl and Digital formats.

## ARTIST & INFO

**Hometown:** Bronx, NY

Since emerging on the NYC café circuit in 2001, this Russian-born, Bronx-bred artist has been hailed as a truly special talent. With an uninhibited imagination and acute sense of detail both in music and words, **Regina Spektor** has gone from practicing on an out of tune piano in the basement of her local synagogue to hypnotizing small crowds in NYC's lower East Side to selling out venues like New York's Radio City Music Hall worldwide. Continuing to showcase her amazing ability to turn the ordinary into the extraordinary with her unique and provocative vocal style and prodigious piano skills garnered through years of classical training, **Spektor** recently released her latest album *far*, to an overwhelming response from both fans and critics and it debuted at #3 on the Billboard Top 200. The New York Times raves *far* is "[Spektor's] most ambitious work sonically and her storytelling is as elliptical as ever" while The UK Sunday Times agrees this is "her most accomplished, mystifying, eclectic and beautiful release to date. It doesn't just fly, it soars." *far* is the follow up to Spektor's breakthrough album *Begin To Hope* which spent 5 weeks in a row at #1 on the Billboard new artists chart before moving to #20 on the Billboard Top 100 and selling 1 million copies worldwide (Gold or Platinum in 7 countries).

### ALBUM FACTS

**Genre:** R&B **Guest Artist:** Faith Evans, Chrisette Michele, Ledisi and the O'Jays Eddie Levert **Producers:** George Nash Jr.

Eric Benét **Focus Markets:** Top 10 Sales Markets (Based on Love & Life DMA): Washington D.C./Baltimore, New York, Atlanta, Chicago, Los Angeles, Philadelphia, Dallas, Houston, Detroit, San Fran/Oakland

**Description:** If **Eric Benét's** career can be defined by anything, it's the purity of emotion. He's consistently made music that speaks to love and speaks from the soul and on **Lost In Time** he does it once again. Featuring duets with Faith Evans, Chrisette Michele, Ledisi and the O'Jays Eddie Levert, **Lost In Time** is at once a sumptuous homage to and an expansion of the sweet soul of the 1970's.

Passionate, playful and heartfelt, **Lost In Time** is a love song to the love of making sweet soul music. "I want people to remember what music is and what it can feel like. There's so much to be depressed about right now and I think this more so than ever that you need to remember how good it feels to get back to the real. People just need to have some feel good R&B in their lives."

### ARTIST & INFO

**Hometown:** Milwaukee, WI

**Eric Benét** made his solo debut with 1996's **True To Myself**. Three years later came **A Day In The Life**, which contained the single "Spend My Life with You" featuring Tamia. The song went to #1 on the R&B charts, was certified gold, and was nominated for a Grammy for Best R&B Performance by a Duo or Group along with a Soul Train Music Award for Best R&B/Soul Album Male. In 2004, following a difficult time in his life, the singer released his pensive third album, **Hurricane**. His next album, **Love & Life**, arrived in September 2008. The CD debuted at #11 on the Billboard Top 200 album chart and included the crowd-favorite "Chocolate Legs" and the smash "You're The Only One" which spent 4 weeks straight at #1 on Urban AC radio. **Love & Life** garnered two Grammy nominations-including Best R&B album-and was embraced by numerous press outlets, among them *Essence*, who noted that **Love & Life** is "a throwback to decades of rhythm and blues," and *People*, who awarded **Love & Life** 3.5 out of 4 stars.

### Description:

Tim McGraw has spent the last decade in the upper reaches of the entertainment world. His is a career marked by superlatives--by record-breaking tours and multi-platinum albums, and more recently by an expanding presence in movies.

And yet, at bottom, McGraw's success is part and parcel of his Everyman status, of his ability to be known as husband and father as well as singer and actor, as citizen and friend as well as superstar. It is his believability, his knack for connecting with his audiences, whether he is singing a classic like "Live Like You Were Dying" or playing the troubled father in Friday Night Lights. Now you can find his 22 Number One Hits all on one CD. On November 30th, Tim McGraw is releasing Number One Hits plus the powerful new song "Felt Good On My Lips".

#### ARTIST INFO

Oxfordshire quartet Ride quickly rose to prominence in 1989, driven by the chart success of its first three EPs, the intensity of its live shows, and a hypnotic and moody sound that presaged alt-rock's ascendance. In October 1990, the band released its first full album *Nowhere*, a tour de force of intertwining guitars, intimate but otherworldly vocals, and open-ended lyrics. Two decades later, the album still resonates and remains one of the era's high-water marks.

**ALBUM FACTS**

**Genre:** Rock **Packaging Specs:** 180 Gram Vinyl

**Description:** In 1999, Jack and Meg White released their self-titled debut album, introducing an explosive new mix of punk, blues, and garage rock. Jack has described the album as *"really angry ... the most raw, the most powerful, and the most Detroit sounding record we've made."*

**ARTIST & INFO**

**Hometown:** Detroit, MI

The White Stripes, songwriter Jack White (vocals, guitar, piano, and once bass) and Meg White (drums and occasional vocals) formed in 1997 in Detroit, Michigan. After releasing several singles and three albums within the Detroit independent music underground, The White Stripes rose to prominence in 2002, as part of the garage rock revival scene.

Their use of analog and low-fidelity equipment in the recording process partnered with a do-it-yourself approach created a raw simplicity of composition, arrangement, and performance that sets them apart from their contemporaries.
