ALBUM FACTS

Genre: Rock

Description: Kid Rock struts back into the spotlight with COCKY, the long-awaited follow-up to his 1998 classic, DEVIL WITHOUT A CAUSE. Packed with brash tracks like the swaggering first single, “Forever,” COCKY sees Detroit's Favorite Son doing what he does best - stirring up a multitude of musical styles into his own unique brand of chicken-fried rock n’ roll. Electric metal, streetwise hip-hop, classic country, powerhouse punk, and redneck boogie all combine to make that unstoppable, undeniable Kid Rock sound - the very same sonic assault that blew up radio and MTV with such hits as “Bawitdaba,” “Cowboy,” “Only God Knows Why”, and “American Bad Ass.” With larger-than-life arena anthems like “Lonely Road Of Faith,” COCKY burns with rambunctious energy, thanks in large part to the always-brawny backing of the Twisted Brown Trucker band, along with special guest shots from Sheryl Crow and Snoop Dogg.

ALBUM FACTS
Genre: World Music

Description: Rokia Traoré’s sixth album, Né So (Home), will be released by Nonesuch Records on February 12, 2016. The album was produced by John Parish (PJ Harvey, Tracy Chapman), who also produced her 2013 record, Beautiful Africa. The album features 10 original songs and a cover of Billie Holiday’s “Strange Fruit.”

Traoré had always been a traveler, but in 2009, she decided to move back to Mali. Three years later, she bore witness as her country’s civil war gained terrible momentum. “Experiencing life in a war-torn country was traumatic. I became aware of how naïve I had been,” she confesses.

She had left Bamako for a while and moved to Europe with her young son while simultaneously experiencing personal difficulties. “Everything was falling apart,” she says. “It’s never easy to go through tough times, but it is also what makes you grow, and understand why you cling to certain things and give up on some others.”

Traoré started by writing and composing the songs alone. She then rehearsed in Bamako and recorded in Brussels and Bristol with musicians from the entire West African region. “I didn’t want an all-Malian band. I need variety; I need a mix of cultures around me,” she said. “You could say that Mali is where my roots are—it is where I take refuge in times of doubt, and where I accept risks when I must. Bamako was the place where I felt I would be both free and supported.”

ARTIST & INFO
Hometown: Kolokani, Mali  
Band Members: Né So features guest performances by John Paul Jones, Toni Morrison, and Traoré’s labelmate Devendra Banhart, along with Burkinabe drummer Moïse Ouattara, Ivorian bassist Matthieu N’guessass, long-time collaborator Malian ngoni player Mamah Diabaté, guitarists Rodriguey Vangama and Stefano Pilia, and backing vocalists Bule Mpania, Russell Tshiebua, and Stefy Rika.

Singer, songwriter, and multi-instrumentalist Rokia Traoré has explored a breadth of directions in her career. She recently collaborated with Nobel Prize-winning novelist Toni Morrison and director Peter Sellars on the theater piece Desdemona. The Guardian called it “a remarkable, challenging and bravely original new work.” And in 2013, London’s Barbican produced a three-night series of shows by Traoré, entitled Donguili - Donke - Damou (Sing - Dance - Dream).

Traoré was awarded the inaugural Roskilde Festival World Music Award in 2009 for her work with Foundation Passerelle, and in August 2013 the French government honored her with the distinction of Officer of the Order of Arts and Letters (Officier de l’Ordre des Arts et des Lettres), recognizing her significant contributions to the arts. Traoré’s artistic collaborators have also included Kronos Quartet and Damon Albarn.

Her label debut, 2009’s Tchamantché, won an award at the Victoires de la Musique (the equivalent of a Grammy Award in France) and a Songlines Artist of the Year Award for Traoré. Beautiful Africa debuted on the Billboard World Music Charts at #1. Uncut described it as “the record fans of [Traoré’s] explosive live shows always hoped she would make; a career highpoint.”

Five-time Grammy winner and New York Times bestselling author, Wynonna has always revolved her career around telling stories. Whether performing alongside her mother as one half of the legendary duo The Judds, or pushing the boundaries on her own mega-successful solo path, Wynonna’s ability to reach the heart of the human spirit through her bold and unforgiving honesty, is the entertainer’s true gift. Respected by the millions of fans who are drawn to her music and her undeniable talent, Wynonna’s rich and commanding voice has sold over 30 million albums worldwide spanning her epic career. Charting countless singles including 20 #1 hits and over 60 industry awards, the iconic performer was once dubbed by Rolling Stone as “the greatest female country singer since Patsy Cline.”

MARKETING POINTS
Press & Publicity: “…the self-titled Wynonna & The Big Noise brings a raw, unvarnished approach to the album’s dozen tracks, which run the gamut from gutsy blues to sweet, Seventies-inspired country-pop. While the LP is a natural for the wide-open Americana format, Wynonna’s legions of country fans will feel right at home with the singer’s first full-length album of original material since 2003’s What the World Needs Now Is Love.”–Stephen L. **Description:** Lake Street Dive's Nonesuch Records debut album, *Side Pony*, will be released on February 19, 2016. The four band members—drummer Michael Calabrese, bassist Bridget Kearney, singer Rachel Price, and guitarist/trumpeter Michael "McDuck" Olson—worked with Nashville-based producer Dave Cobb (Sturgill Simpson, Chris Stapleton, Secret Sisters) on the record.

Tour dates to support *Side Pony* begin February 22 in Phoenix and include stops in Los Angeles, Chicago, Washington, New York, and more; tickets go on sale next Thursday, November 19.

Side Pony takes its name from a song on the record that refers to a whimsical hairstyle, but it also serves as a metaphor for Lake Street Dive's philosophy and personality as a band. As Kearney puts it, "When we were settling on the album title, that one just stuck out to us as embodying the band's spirit. We've always been this somewhat un categorizable, weird, outlying, genre-less band. That's the statement we wanted to make with this record: be yourself."

Olson echoes her sentiment: "It has also come to mean anything you're doing for the sheer joy of it. We have always 'rocked our side pony.' Now we have a convenient phrase for it."

Cobb’s working method was to keep the recording fast and loose, as live-in-the-studio as possible, and to embrace the unorthodox. This provided Lake Street Dive with a welcome challenge: an opportunity to experiment with sound and arrangements and to collaborate on songwriting in a way the band had never attempted before.

Calabrese says of the recording process, "Dave's process was mercurial, changing direction quickly, going from 'we don't have anything' to 'we've got it!'" He continues, "We weren't always so sure. But then we'd listen to a comp and we'd agree that he'd heard something we hadn't."

Price adds, "It was great to see, through this particular recording process, how beautifully our individual strengths complement each other."

The members of Lake Street Dive met in 2004 as students at Boston's New England Conservatory of Music. Though they were all studying jazz, their work together was informed by their love of classic pop, particularly from the '60s, including the Beatles, the Supremes, Dusty Springfield, and the Beach Boys.

For several years, the group was a part-time proposition, but in 2012, Lake Street Dive became a full-time act after a YouTube video of the quartet acoustically performing the Jackson Five's "I Want You Back" on a suburban Boston street corner went viral. Producer T Bone Burnett soon invited them to perform at a concert he curated at New York City's Town Hall. The band's performance of "You Go Down Smooth" was a crowd and critical favorite, with *Rolling Stone* calling the band "unexpected showstoppers."

Lake Street Dive's 2014 album *Bad Self Portraits* was highly praised by the press. *USA Today* called the record "a sparkling collection of jazz/Motown/girl group/British Invasion–inspired original tunes." Performances on the Colbert Report, Late Show with David Letterman, and Conan followed, and their live shows became a hot ticket, culminating in two sold-out shows at New York's Terminal 5.

THE COMPLETE FOURTH SEASON OF THE WONDER YEARS

In SEASON 4, Kevin is entering his last year at Kennedy Junior High and should have it all figured out, but things don’t go as smoothly as he had hoped. Winnie is going to school across town, and Becky Slater decks Kevin - again! Kevin also faces a new challenge in French class – the sweet-talking, mousse-making Madeline. There’s also tension at home as Jack gets a new position that takes him on the road, Norma starts work at Kevin’s school, and Wayne and Kevin battle it out for Karen’s room. Winnie and Kevin struggle to maintain their relationship, suffering heartbreak, denial, and even injury in the tearjerker episode, “The Accident.” Life’s a roller coaster ride, but the gang makes it to graduation and kisses Kennedy Junior High goodbye.

ARTIST & INFO

Starring Fred Savage as Kevin Arnold; also with Josh Saviano, Danica McKellar, Dan Lauria, Oliva d’Abo, Alley Mills, Jason Hervey, and Daniel Stern as the voice of Kevin.

In the history of TV, THE WONDER YEARS is one of the most popular and beloved shows. Set in the late 1960s and early 70s the hit comedy/drama focused on the trials and tribulations of young Kevin Arnold and his family: brother Wayne, sister Karen, father Jack, and mother Norma. Capturing the angst of growing up in suburban middle-class America, the storylines focus on Kevin entering junior high and navigating the rocky adventure of teen years with his “sometimes” girlfriend, Winnie Cooper, and his best friend, Paul Pfeiffer, at his side.

This brilliant series debuted on ABC in 1988 and ran for six seasons. Audiences eagerly followed Kevin’s evolution as a typical teenager who remembered every moment of his transition from childhood with excruciating detail and remarkable hindsight.

• Nominated for over 60 awards with 24 wins, including an Emmy for Outstanding Comedy Series in 1988, a Golden Globe for Best Television Series in 1989, and a Peabody Award in 1990.
• The show achieved a spot in the Nielsen Top 30 for four of its six seasons.

ALBUM FACTS

Genre: Rock

Description:
Night Thoughts, which features a full string section, was produced by long-time Suede collaborator Ed Buller. It was recorded at SARM studios in London and ICP in Brussels. 'Night Thoughts' will be available as CD.

On directing the film for Suede, Roger Sargent said: “The record deals with a lot of familial themes — life, death, love, anguish and despair; themes that are expanded upon in its visual companion, providing a study of how those elements affect the human psyche. It resonated with me for many reasons, not least because my mother passed away a few days after I started writing a story for the film. The film starts with a man drowning in the waters of a deserted beach at night, as he fights for life his mind plays out the events that led him to be there.”

Suede kickstarted the Brit-pop revolution of the ’90s, bringing English indie pop/rock music away from the swirling layers of shoegazing and dance-pop fusions of Madchester, and reinstating such conventions of British pop as mystique and the three-minute single. Before the band had even released a single, the U.K. weekly music press was proclaiming them the “Best New Band in Britain;” but Suede managed to survive their heavy hype due to the songwriting team of vocalist Brett Anderson and guitarist Bernard Butler. Equally inspired by the glam crunch of David Bowie and the romantic bed-sit pop of the Smiths, Anderson and Butler developed a sweeping, guitar-heavy sound that was darkly sensual, sexually ambiguous, melodic, and unabashedly ambitious. At the time of the release of their first single, “The Drowners,” in 1992, few of their contemporaries -- whether it was British shoegazers or American grunge rockers -- had any ambitions to be old-fashioned, self-consciously controversial pop stars, and the British press and public fell hard for Suede, making their 1993 debut the fastest-selling first album in U.K. history. Though they had rocketed to the top in the U.K., Suede were plagued with problems, the least of which was an inability to get themselves heard in America. Anderson and Butler's relationship became antagonistic during the recording of their second album, Dog Man Star, and the guitarist left the band before its fall release, which inevitably hurt its sales. Instead of breaking up, the band soldiered on, adding new guitarist Richard Oakes and a keyboardist before returning in 1996 with Coming Up, an album that returned them to the top of the British charts.
