ALBUM FACTS
Genre: Rock

Description: Deeply personal and emotionally wrenching, THIS COULD BE HEARTBREAK is The Amity Affliction’s most transformative and revealing record yet. Recorded by producer and longtime collaborator Will Putney at Melbourne’s Holes and Corners with additional drum tracking done at Sing Sing Studios, the album finds The Amity Affliction evolving their signature powerful and cathartic song craft. Both ambitious and grand, album standouts “This Could Be Heartbreak” and “All Fucked Up” are equal parts heavy and hopeful, fueled by frontman Joel Birch’s desperation which achieves extraordinary transcendence through radical honesty and absolute power. THIS COULD BE HEARTBREAK follows The Amity Affliction’s ARIA platinum-certified #1 album, LET THE OCEAN TAKE ME, which proved an to be an international breakthrough for the group.

Band Members: Joel Birch [Vocals], Ahren Stringer [Bass, Vocals], Ryan Burt [Drums] and Dan Brown [Guitar]

For more than a decade, The Amity Affliction has used music to entertain while simultaneously confronting the very darkest edges of man’s existence. “SEVERED TIES,” 2008’s full-length debut, and 2010’s follow-up “YOUNGBLOODS” instantly established the band’s twisted take, all revved-up rhythms, soaring melodies, and full-bore vocals coming together to fashion something provocative and distinct. “LET THE OCEAN TAKE ME” follows 2012’s “CHASING GHOSTS” which debuted at #1 on the Australian ARIA Chart — the rare rock record to achieve that major milestone — and has since been certified gold.

ALBUM FACTS

Description: The highly anticipated new album GOOD TIMES! by The Monkees is the band's first new album in 20 years and tied to their 50th anniversary and extensive North American Tour. GOOD TIMES! finds all three surviving band members (Micky Dolenz, Michael Nesmith, and Peter Tork) taking turns on lead vocals, playing a wide range of instruments, and sharing new compositions. The unmistakable voice of the late Davy Jones is also included with a vintage vocal on the Neil Diamond-penned "Love To Love."

To produce the new album, the band found the perfect musical co-conspirator in Grammy® and Emmy®-winning songwriter Adam Schlesinger (Fountains Of Wayne, Ivy). Schlesinger also wrote "Our Own World" and co-wrote the album's finale with Dolenz, aptly titled "I Was There (And I'm Told I Had A Good Time)," Much like The Monkees' early albums, GOOD TIMES! features tracks written specifically for the band by some of the music world's most gifted songwriters, including Rivers Cuomo of Weezer ("She Makes Me Laugh"), Ben Gibbard of Death Cab For Cutie ("Me & Magdalena"), Andy Partridge of XTC ("You Bring The Summer"), as well as a song co-written by Noel Gallagher and Paul Weller ("Birth Of An Accidental Hipster).

GOOD TIMES! will be released on 180 gram black vinyl.

Radio Formats: "My Girl" impacting country radio on 7/11/16

Description: As one of the most successful developing artists stories of the year, Dylan Scott rides a wave of momentum leading into his debut, self-titled album due out August 12th. Having been named one of Spotify’s Spotlight on 2016 Country Artists, fans have already consumed millions of plays on new music through his engagement across social media and streaming. Following the success of his debut single, “Makin’ This Boy Go Crazy”, "Crazy Over Me" debuted at #14 on the Billboard Sales Chart and ‘My Girl’ subsequently repeated as the highest charted country single its week of release at #30. Also under his belt this year is a completed tour with superstar Lee Brice, a national TV appearance and his debut on the legendary Grand Ole Opry stage.

Scott’s vocal on the brand new single "My Girl" spans a vast range of expressions, from the intensity of the choruses to the spoken-word interlude, and plays out a true story that Dylan remarks was “ten years in the making”. The song, written about Dylan’s girlfriend at the time, and now wife, has already garnered the attraction of legions of female fans. Millions of them, in fact. The song has been cycling amongst fans for quite awhile which led to the clever revealing of Dylan’s new single, album and impending marriage through the video playlist, “Based on a True Story” on his Facebook page. Dylan’s success in the digital space has created unusually large crowds at his live performances with fans singing practically every word to every one of his songs all across the US and Canada.

ARTIST & INFO
Hometown: Bastrop, Louisiana

An old soul with a young spirit … a dreamer who imagined himself following his father’s path to Nashville … a man's man with a lifelong love for hunting and country music … and a heartthrob whose wide smile and deep-voiced Louisiana drawl have already turned many a woman's head.

Even in the tide of hopeful young singers rising daily in Music City, Dylan Scott stands out. It takes just a few seconds to hear why; after Scott’s vocal begins on “Crazy Over Me,” intimate, even conversational, and then soars on a rush of buoyant emotion, you know something special is underway.

Not just this song, mind you -- we’re talking about a career. Dylan Scott's respect for traditional country, embrace of multiple modern genres, unique voice and welcoming personality guarantee his success in country music for years to come.

Young The Giant have released two previous albums: their eponymous debut in 2010 and Mind Over Matter in 2014. The latter album made a Top 10 debut on the Soundscan/Billboard 200 chart and received a raft of critical acclaim from Rolling Stone, Entertainment Weekly, and USA Today among others. The New York Times, in particular, wrote a glowing critique, raving how "...the group gobbles up bits of several segments of rock history - prog-rock, boogie metal, Southern rock, soft rock, new wave, dance-rock, and more - and claims ownership of them" before going on to declare frontman Sameer Gadhia as "one of the great contemporary rock voices." The album spawned the Top 5 Alternative Radio hit "It's About Time." The 2010 self-titled debut album featured the RIAA-gold certified smash hits, "My Body" and "Cough Syrup."

ALBUM FACTS
Genre: Christian
Description: Ben-Hur is a major Paramount Pictures/MGM motion picture hitting theaters nationwide on August 19, 2016. Bursting with action - including a new chariot race for the ages - and elevated by Christian themes of justice, liberty & radical forgiveness, it tells the classic story of Judah Ben-Hur (Jack Huston), a prince falsely accused of treason by his adopted brother Messala (Toby Kebbell), an officer in the Roman army. Stripped of his title and separated from his family and the woman he loves (Nazanin Boniadi), Judah is forced into slavery and despair. After years at sea, a breathtaking turn of events sends Judah on an epic journey back to his homeland to seek revenge, where a chance encounter with Jesus of Nazareth (Rodrigo Santoro) transforms his life and leads him to discover grace, mercy and ultimately, redemption. Based on Lew Wallace’s timeless novel, Ben-Hur: A Tale of the Christ. Also starring Morgan Freeman in an unforgettable performance. Word Entertainment has partnered with Lightworkers Media to bring you BEN HUR: SONGS THAT CELEBRATE THE EPIC FILM, a collection of songs featuring some of the biggest names in Christian music singing songs about hope and forgiveness. Featuring songs by for KING & COUNTRY, Big Daddy Weave, Sidewalk Prophets and many more, this collection makes the perfect complement to the powerful film!

ALBUM FACTS

Genre: Rock

Description: The official soundtrack curated by the film's director Richard Linklater, featuring classic songs from Van Halen, The Cars, The Knack, and many more.

Quote from Linklater: "The Everybody Wants Some soundtrack tries to capture the amazing diversity of what was on the table musically at that time. So many artists were at the top of their game, and it seemed like a lot of popular genres were viable. Metal and R&B were as big as ever, disco was still hanging in there (although it would be 'dead' within a year or so), and, thanks to the movie Urban Cowboy, country was suddenly cool in places it hadn't been before. Even more exciting was the immediacy of punk and new wave, and the first examples of this thing you'd eventually know as hip-hop. Over the years some of this has been parodied and made to look ridiculous, but this movie is asking you to experience it as if for the first time - from those opening drum beats of 'My Sharona' to the utter newness of 'Rapper's Delight.'"

### ALBUM FACTS

**Genre:** R&B

### ARTIST & INFO

**Hometown:** Minneapolis, Minnesota

Few artists have created a body of work as rich and varied as Prince. During the '80s, he emerged as one of the most singular talents of the rock & roll era, capable of seamlessly tying together pop, funk, folk, and rock. Not only did he release a series of groundbreaking albums; he toured frequently, produced albums and wrote songs for many other artists, and recorded hundreds of songs that still lie unreleased in his vaults. With each album he released, Prince has shown remarkable stylistic growth and musical diversity, constantly experimenting with different sounds, textures, and genres. Occasionally, his music can be maddeningly inconsistent because of this eclecticism, but his experiments frequently succeed; no other contemporary artist can blend so many diverse styles into a cohesive whole.

ALBUM FACTS

**Genre:** Jazz

**Description:** The session is a relaxed yet spirited one, with Louis Armstrong and Duke Ellington alternating between each other's best-known songs. One of the best things about this configuration is the sound of the Duke's piano—an underrated pianist, he seldom recorded in such an intimate context. This will be released on 180 gram vinyl.

ARTIST & INFO

**Hometown:** Louis Armstrong - New Orleans, LA. Duke Ellington - Washington, DC. **Band Members:** Louis Armstrong, Duke Ellington.

Louis Armstrong and Duke Ellington were (and are) two of the main stems of jazz. Any way you look at it, just about everything that's ever happened in this music leads directly -- or indirectly -- back to them. Both men were born on the cusp of the 19th and 20th centuries, and each became established as a leader during the middle ’20s. Although their paths had crossed from time to time over the years, nobody in the entertainment industry had ever managed to get Armstrong and Ellington into a recording studio to make an album together. ALBUM FACTS  
Genre: Rock  
Description: From the bombastic opening riff of “Feel Invincible” to the memorable closing of the album finale “The Resistance,” it is clear the band has created an album that lets their music speak loudest, while still delivering some of their most personal and heartfelt collections of songs to date. “I wanted to make an album that could make people feel the music,” said Skillet’s John Cooper. “I always aim to write songs to which people can relate, but this time I wanted to see not only how the songs would connect lyrically, but also how they’d connect musically.” Songs like “Back From The Dead,” “Stars” and “Out Of Hell” showcase the musicianship and songwriting that has garnered the band a rabid worldwide fan base, a platinum selling album and multiple Grammy nominations. Comprised of husband and wife John (lead vocals, bass) and Korey Cooper (rhythm guitar, keyboards, programming, backing vocals), Seth Morrison (lead guitar) and Jen Ledger (drums, vocals), the band collaborated with Brian Howes, (Daughtry, Halestorm, Nickelback), as well as, Kevin Churko (Ozzy Osbourne, Disturbed, Five Finger Death Punch), Neal Avron (Twenty One Pilots, Walk The Moon, Fall Out Boy, Linkin Park) and Seth Mosley (Newsboys, TobyMac) to create Unleashed.

ARTIST & INFO  
Hometown: Memphis, TN  
Since Skillet last hit the studio for 2006’s breakthrough project Comatose, the group’s toured with the likes of Breaking Benjamin, Three Days Grace, Seether and Fyfeleaf, followed by a solo headlining ranking within Pollstar’s Concert Pulse Top 50 Tours for 2008. Aside from the commercial accolades, the Grammy-nominated modern rockers are rapidly approaching gold sales status, backed by both public adoration and critical praise, making the brand new Awake the band’s most anticipated album to date. The foursome’s overwhelmingly satisfied with the entire sonic and thematic palette throughout Awake, which is loaded with plenty of anthems in the making destined to be smash singles and concert sing-a-longs. Skillet’s massive fan base (who affectionately refer to themselves as “Panheads”) are sure to agree, though they’ll likely be even more impressed with the lyrical outpouring, which remains a top priority for the players.

**ARTIST & INFO**

From director David Ayer (Fury, End of Watch) comes SUICIDE SQUAD, starring Oscar-nominee Will Smith (Ali, The Pursuit of Happyness), Oscar-winner Jared Leto (Dallas Buyers Club), Margot Robbie (The Wolf of Wall Street, Focus), Joel Kinnaman (Netflix's House of Cards) and Oscar nominee Viola Davis (The Help, Doubt). It feels good to be bad... Assemble a team of the world's most dangerous, incarcerated Super Villains, provide them with the most powerful arsenal at the government's disposal, and send them off on a mission to defeat an enigmatic, insuperable entity. U.S. intelligence officer Amanda Waller has determined only a secretly convened group of disparate, despicable individuals with next to nothing to lose will do. However, once they realize they weren't picked to succeed but chosen for their patent culpability when they inevitably fail, will the Suicide Squad resolve to die trying, or decide it's every man for himself?

Written and directed by Ayer based on the characters from DC Comics, SUICIDE SQUAD also stars Jai Courtney (Insurgent), Jay Hernandez (Takers), Adewale Akinnuoye-Agbaje (Thor: The Dark World), Ike Barinholtz (Neighbors), Scott Eastwood (Fury), Cara Delevingne (Paper Towns), Adam Beach (Cowboys & Aliens), and Karen Fukuhara in her feature film debut. SUICIDE SQUAD is produced by Charles Roven and Richard Suckle, with Zack Snyder, Deborah Snyder, Colin Wilson and Geoff Johns serving as executive producers.

Ayer's behind-the-scenes creative team includes director of photography Roman Vasyanov (Fury, End of Watch), production designer Oliver Scholl (Edge of Tomorrow), editor John Gilroy (Pacific Rim), costume designer Kate Hawley (The Hobbit Trilogy) and Oscar-nominated visual effects supervisor Jerome Chen (Stuart Little, Fury, The Amazing Spider-Man films). The music is by Oscar-winning composer Steven Price (Gravity).
