## THE ART OF SURVIVAL

Release Date: 10/7/22

### BIO

After three decades, well over 20 million records sold, a GRAMMY® Award nomination, 1 billion streams, and a procession of #1 hits, **BUSH** stand tall as rock outliers whose imprint only widens as the years pass. Turn on rock radio, and it won't be long before you hear "Glycerine" or "Machinehead." On the big screen, their music courses through blockbuster franchises such as *John Wick*. On the road, they regularly pack amphitheaters and ignite festival stages. In 1994, the group delivered their seminal debut, *Sixteen Stone*. It notably achieved a six-times platinum certification, remaining a pillar of modern rock. *Rolling Stone* cited it among "1994: The 40 Best Records From Mainstream Alternative's Greatest Year," while *Stereogum* exclaimed, "It feels like music untethered from time, separate from its history." The triple-platinum follow-up, *Razorblade Suitcase*, bowed at #1 on the Billboard Top 200 and boasted "Swallowed," which garnered a GRAMMY® Award nomination in the category of "Best Hard Rock Performance." Their catalog spans the platinum *The Science of Things* [1999] through *Black and White Rainbows* [2017]. Most recently, 2020's *The Kingdom* arrived to acclaim highlighted by "Flowers On A Grave" and "Bullet Holes." Thus far, they have notched 23 straight Top 40 hits on the Modern Rock and Mainstream Rock charts, earning six #1 entries. As indefatigable as ever, they're still here too, which brings us to their ninth full-length offering, *THE ART OF SURVIVAL* [BMG]. These twelve tracks aren't just the sound of a band surviving though; they're the sound of a band bucking trends, breaking ground, and besting even their most celebrated canon.

**ADA Announcement:** 12-Aug-22

**Release Date:** 7-Oct-22

**Press Announcement:** 16-Aug-22

**Album Art:**

**Overview:**

Kinda Kinks is the second album by English rock band the Kinks, released in 1965. Recorded and released within two weeks after returning from a tour in Asia.

The album is a huge step forward in songwriting capabilities for Ray Davies and the band. They secured themselves a number one spot on the UK singles chart with "Tired of Waiting for You", the full album charted at #3.

Originally released by Pye in the UK on 5 March 1965 and reissue now by BMG on heavy weight black vinyl in 2022. The US release had a rearranged track listing and repackaged cover. Several tracks were removed, and the single "Set Me Free", released two months after the UK issue of Kinda Kinks, was unique to the album's US release. In the UK, the album was only released in mono; no stereo mix was made.

**Format:** Black Heavy Weight 1LP

**Cat No.** BMGCAT742LP

**Barcode:** 4050538813050

**Dealer Price:** \$19.25 (List: \$29.98) No discount

The album also includes cult favourite tracks 'Look For Me Baby', 'Come On Now', 'Something Better Beginning' as well as "Nothin' in This World Can Stop Me Worryin' 'Bout That Girl" which put them right in the front of the British Invasion pack for seriousness and complexity, out in front of where the Beatles or almost any of the competition were in early 1965, but it didn't stop them from switching gears to the bluesy "Naggin' Woman."

**Release Date:** 7-Oct-22

**Overview:**

The Kinks came into their own as album artists on The Kink Kontroversy. Ray Davies fully matured as a songwriter on this title, which bridges their raw early British Invasion sound with more sophisticated lyrics and thoughtful production.

Full of powerful ravers like the hit "Til the End of the Day" (utilizing yet another "You Really Got Me"-type riff) and the abrasive, Dave Davies-sung cover of "Milk Cow Blues," but tracks like the calypso pastiche "I'm on an Island," where Ray sings of isolation with a forlorn yet merry bite, were far more indicative of their future direction.

Other great songs on this underrated album include the uneasy nostalgia of "Where Have All the Good Times Gone?," the plaintive, almost fatalistic ballads "Ring the Bells" and "The World Keeps Going Round," and the Dave Davies-sung declaration of independence "I Am Free."

**Title:** FACE TO FACE

**ADA Announcement:** 12-Aug-22

**Release Date:** 7-Oct-22

**Press Announcement:** 16-Aug-22

**Album Art:**

**Overview:**

*Face to Face* is one of the finest collections of pop songs released during the '60s. Conceived as a loose concept album, *Face to Face* sees Ray Davies' fascination with English class and social structures flourish, as he creates a number of vivid character portraits.

Davies' growth as a lyricist coincided with the Kinks' musical growth. *Face to Face* is filled with wonderful moments, whether it's the mocking Hawaiian guitars of the rocker "Holiday in Waikiki," the droning Eastern touches of "Fancy," the music hall shuffle of "Dandy," or the lazily rolling "Sunny Afternoon."

These examples only scratches the surface of the riches of *Face to Face*, which offers other classics like "Rosy Won't You Please Come Home," "Party Line," "Too Much on My Mind," "Rainy Day in June," and "Most Exclusive Residence for Sale," making the record one of the most distinctive and accomplished albums of its time.

**Release Date:** 7-Oct-22

**Overview:**

Something Else, expands The Kinks accomplishments, offering 13 classic British pop songs. These offerings focus on more nostalgic and sentimental themes, retreating from the psychedelic and mod posturings that had dominated the rock world. Something Else sounds like nothing else from 1967.

The Kinks change gear on this album, preferring acoustic ballads, music hall numbers, and tempered R&B to full-out guitar attacks. Part of the album's power lies in its calm music, since it provides an elegant support for Davies' character portraits and vignettes. From the martial stomp of "David Watts" to the lovely, shimmering "Waterloo Sunset," there's not a weak song on the record.

And just as impressive is the emergence of Dave Davies as a songwriter. His Dylanesque "Death of a Clown" and bluesy rocker "Love Me Till the Sun Shines" hold their own against Ray's masterpieces, and help make Something Else the endlessly fascinating album that it is.

## Unsound Methods

Street Date: 10/7/2022

Mute is excited to announce the reissue of Recoil's *Unsound Methods* on limited edition double color vinyl (disc 1: green, disc 2: clear) and CD, out October 7th. The vinyl is packaged in a wide spine jacket with printed inner sleeves and a high definition download code.

Recoil is the musical project of former Depeche Mode member, Alan Wilder. Originally a solo venture for Alan's more experimental work outside of Depeche, Recoil became his primary music project once he announced his departure from the band in 1995.

Recorded at Alan Wilder's home studio, *Unsound Methods* is Recoil's fourth studio album. The record included a number of collaborators, with four separate solo vocalists: Douglas McCarthy of Nitzer Ebb, Siobhan Lynch, New York spoken word artist and poet Maggie Estep, and Hildia Cambell, who Wilder worked with on his final Depeche Mode album. Although all collaborators were allowed free range, *Unsound Methods* still reverberates as the epitome of Recoil's dark and atmospheric sound.

## Liquid

Street Date: 10/7/2022

Mute is excited to announce the reissue of Recoil's *Liquid* on limited edition double silver vinyl and CD, out October 7th. The vinyl is packaged in a wide spine jacket with printed inner sleeves and a high definition download code.

Recoil is the musical project of former Depeche Mode member, Alan Wilder. Originally a solo venture for Alan's more experimental work outside of Depeche, Recoil became his primary music project once he announced his departure from the band in 1995.

The Golden Gate Jubilee Quartet, Rosa Torras, Diamanda Galás, Nicole Blackman, Samantha Coerbell, and others power Alan Wilder's passionate yet unsettling Recoil album, *Liquid*. Released in 2000, *Liquid* possesses a hypnotic and deeply charged allure drawn from its intense tapestry of desire, fury and violence. An exceptional piece of work for self-reflection in the company of the darker side of yourself, the record is intended to drill holes into your psyche in a genuinely unhinged way.

### PRAISE FOR LIQUID:

*"Liquid is a concept album that serves as a look into the mind of a warped and jaded man who's life is flashing in front of his eyes."* - AllMusic

*"Meticulous musical sculpting and a filmic sense of creepiness combine to form an intensely dramatic album"* - Sputnik Music

## Subhuman

Street Date: 10/7/2022

Mute is excited to announce the reissue of Recoil's *subHuman* on limited edition double curacao vinyl and CD, out October 7th. The vinyl is packaged in a gatefold sleeve and includes a high definition download code.

Recoil is the musical project of former Depeche Mode member, Alan Wilder. Originally a solo venture for Alan's more experimental work outside of Depeche, Recoil became his primary music project once he announced his departure from the band in 1995.

After a 6-year break from recording, Alan Wilder returned with Recoil's fifth studio album, *subHuman*. This dark electronic album, which sets the listener a challenge to analyze what makes us human and *subHuman*, is a collaboration with bluesman Koe Richardson, who Wilder came across via a Google search. Richardson provided guitar, harmonica and eerie vocals dealing with themes of murder, death, and religion. Singer Carla Trevaskis lent her ethereal vocals on 'Allelujah.'

# DEAR CHAOS

Nearly 10 years into his career, Irish singer-songwriter Eoin French, better known as Talos, has come a long way since his 2013 debut album, *Wild Alee*, which was nominated for a the *Choice Music Prize* at the time and found numerous screen placements on programs such as *Prodigal Son* and *Degrassi: Next Class*. Meanwhile, his 2019 follow-up LP *Far Out Dust* earned attention from *CBS Saturday* and even got a co-sign from K-pop kings BTS.

Now, Talos is preparing to release his most stunning album to date, *Dear Chaos*. A portrait of destruction, loss, and renewal, the gorgeously atmospheric *Dear Chaos* features guest vocals from Lisa Hannigan and was partially inspired by Talos' time in Eau Claire, Wisconsin, where he met co-producer Brian Joseph (Bon Iver). It was also written and recorded in Castletownshend, Cork, Ireland over a period of two and a half years. Along with Joseph, longtime collaborator Ross Dowling, and Icelandic composer Atli Örvarsson, Talos wrote a "lived-in," highly visual project that invites the listener to look inward and beyond the scope of what they think they know.

# COMO ASESINAR A FELIPES

Como Asesinar a Felipes (CAF) from Santiago, Chile, is a quintet that displays its rhythmic existential poetry over a grounding produced by organic instruments. On the same platform elements of jazz, hip-hop, rock, classical and electronic music meet, creating a mix that has stood out for its originality, atmosphere and a lot of energy during its live performances interpreted through a signature that is uniquely their own: saturated, technicolor hues of sound painted on a dark psychedelic canvas.

UPC: 4250795605416

Release: October, 7<sup>th</sup> 2022

Genre: Latin Hip Hop

List Price: US\$ 24.98

## Como Asesinar a Felipes

## Luz, Figura y Sombra

How much longer can we survive in dualism?

This is the fundamental question that arises when listening to Luz, Figura y Sombra as Como Asesinar a Felipes puts an artistic as well as existential need in the spotlight: The diversification of analysis, the meaningfulness of opinions and the creation of a critical thinking.

The quintet from Santiago de Chile is capable of finding a balance within the work according to their chameleon-like vita, following an imaginary trigonal pyramid that represents the respective elements of the sound. These include orchestral, electronic and organic - in simplified terms, the elements describe the pursuit of alternative ways to ultimately analyze the same basic idea. A tripartite division that allows us to recognize a desire without fixed boundaries and at the same time expresses contempt for the cultural supremacy of the two-party system and, moreover, describes a resistance to polarization.

## REALMS

**For fans of Rush, Evanescence and Progressive Metal!**

The synergistic sound and seemingly-telepathic energy behind **Dianthus** can be traced to their beginnings in the heart of Riverside, California. Inspired by the well-known perennial flower, twin sisters (**Jackie and Jessica Parry**) bring forth delicate, yet dominant voices to the metal scene.

An early upbringing in classical piano led them to begin creating music together at a young age. Not long after, they were captivated by the heavier genres in metal. The two enhanced their musical palettes with the addition of drums and electric guitar. Since forming, **Dianthus** has gained the likes of well-respected musicians such as **Matt Sorum (Guns 'N Roses / Velvet Revolver / Hollywood Vampires / The Cult)** and **Jeremy 'Jinxx' Ferguson (Black Veil Brides)** who produced their debut CD.

The twin metal duo are now ready to release their brand new album "**Realms**" which was produced by **Steve Evetts (The Dillinger Escape Plan, Symphony X, Butcher Babies, etc.)**. They had previewed the tracks "**Realms**" and "**Creeping In**" during the height of the pandemic in 2020 and now have finally been able to get in the studio and finish up their much anticipated sophomore release.

*"Dianthus just released their new single "Realms" and it's probably going to get stuck in your head. The duo employ soaring guitar melodies, perfectly grounded drums, and excellent vocal hooks through the track for an overall killer experience."*

# CAN LIVE IN CUXHAVEN 1976

# CAN LIVE IN CUXHAVEN 1976

Street Date: 10/14/2022

Mute is excited to announce the release of Can's *Live in Cuxhaven 1976*, the third in a series of Can live concerts available in full for the first time on limited edition curacao blue vinyl, CD and digital formats. Both physical formats include booklets with extensive sleeve notes by journalist/author Pascal Bussy.

Originally recorded on tape, this carefully restored live album comprises the 1976 show in the format of a story with a beginning, middle and end, bringing Can's performance to life. The series was overseen by founding member Irmin Schmidt and producer/engineer René Tinner, who delicately worked on restoring the archival recordings to the best quality for current modern technology. These albums have been released alongside a succession of interviews discussing the band's live shows. The YouTube series comprise interviews with Pascal Bussy, Mute's Daniel Miller, music critic Nick Kent, Primal Scream's Bobby Gillespie, and Andy Hall and René Tinner who were both involved with recording Can's live shows.

Can's powerful influence has never diminished, and their indelible mark is apparent in the bands who freely acknowledge their importance - from Portishead, James Murphy, Sonic Youth, New Order, Factory Floor, Public Image Ltd, Mogwai, Madlib and Radiohead - as well as across other disciplines such as visual art and literature.

# LIGHTNING SEEDS SEE YOU IN THE STARS

Lightning Seeds make a most welcome return this October on BMG with *See You In The Stars*, their first new album in over ten years. This intoxicating 10 track collection will kick start a soundtrack to summer starting next month with the feel good warmth of 'Sunshine'. Most of the songs are written by Ian Broudie. One of the album highlights, 'Emily Smiles', was co-written with Terry Hall while 'Great to Be Alive' is a co-write with James Skelly (the Coral).

Ian Broudie says of 'Sunshine': "The song is about the sun being the source of life. I've had many dreams worrying about the future of an uncertain world but then when the sun shines everything feels more positive and hopeful. It's about being optimistic and seeing the best in things and I hope that it will warm everyone's heart."

**Artist:** PHILIPPE SARDE

**Title:** Anthologie de Musiques de Films: 50 ans de cinéma

**ADA Announcement Date:** 26-Aug-22

**Release Date:** 14-Oct-22

**Press Announcement Date:** 7-Sep-22

ANTHOLOGIE DE MUSIQUES DE FILMS  
50 ANS DE CINÉMA

**Format:** Boxset

**Cat No.:** 538823210

**Barcode:** 4050538823219

**Dealer Price:** \$ 49,98

**OVERVIEW:**

Philippe Sarde is one of the greatest composers of film music ever. Even if his work has been mainly concentrated on French and European films, his reputation has spread around the world. With more than 350 soundtracks in 50 years, no one could escape his compositions.

He has collaborated with the greatest French and European directors: Claude Sautet, Roger Vadim, Costa-Gavras, Marco Ferreri, Roman Polanski, Jean-Jacques Annaud, the list is endless.

And to dress his music, he systematically surrounded himself with the greatest. In the course of the titles, we meet the London Symphony Orchestra, the Orchestra of Paris, violinists Stéphane Grappelli or Ivry Gitlis, clarinetist and arranger Hubert Rostaing, saxophone virtuosos Stan Getz or Wayne Shorter and other jazz legends such as Chet Baker, Herbie Hancock, Ron Carter, Billy Cobham, Kenny Clarke...

The music selection has been supervised by PHILIPPE SARDE himself. The boxset includes a 36-page booklet with an original portrait (in French and English) written by the world specialist of Film Soundtracks STÉPHANE LEROUGE, and rare or unpublished photos, and a dedication by the star of the Big Screen ALAIN DELON.

"Philippe Sarde, even before composition, is first of all Imagination." Declared Georges Lautner. A point of view confirmed by this imposing anthology, indispensable, which draws the contours of a contemporary but already classic work.

For the first time in their skyrocketing career, ELEINE unplugs their gear to create a whole new musical experience and deliver a dark acoustic album

Artist: ELEINE

Title: Acoustic In Hell

Release Date: 10/14/2022

Label: ATOMIC FIRE RECORDS

File Under: METAL

A good song is a good song. It has to work in whatever environment it is staged – be it full-blown oversized stadium rock or intimate acoustic setting. Swedish dark symphonic metal high-flyers ELEINE have internalized this little piece of wisdom and have rooted it deep within their artistic integrity. There's no other way to explain their effortless shift between their bombastic side and the deeply spellbinding acoustic guise they present on their brand-new "Acoustic in Hell".

For the first time in their skyrocketing career, ELEINE unplugs their gear to create a whole new musical experience – right in time for their anticipated acoustic tour with metal veterans Sonata Arctica. "We had never done acoustic versions of our music before, so approaching this challenge was something new to us," says Madeleine. "The main thing we had in mind for these versions was to keep the essence of our metal, to keep it authentic and raw. There is weight to our music, and it's important not to make it overproduced and cute when you get this opportunity", Rikard adds.

Recorded within a week in January 2022 in their dear friend Thomas "Plec" Johansson's The Panic Room Studio in Skara, "Acoustic in Hell" gets elevated by a stellar performance courtesy of Madeleine Liljestam who recorded all her vocals in just under three hours. ELEINE may have shed their distorted guitars, symphonic splendor and thundering drums on this one. Even more astonishing, however, is that they have managed to create an altogether new acoustic soundscape while still honoring their unique brand of dark symphonic metal thousands more will fall in love within the course of the next few years. This star has only just begun to rise.
