THE KINKS

THE JOURNEY – PART 2

Release Date: 11/17/23

Overview:

THE KINKS are one of the greatest ever British bands, and one of the most influential rock groups of all time, without whom many of the big rock acts that followed would not have existed. Their multi-award winning, legendary frontman Sir Ray Davies is one of the greatest all-time British songwriters.

Celebrating the **Kinks 60th anniversary** and compiled by The Kinks, this is a new, high-profile, worldwide release combining the Pye and RCA catalogues. It is the first new Kinks 'best of' for many years, especially so on vinyl.

This is a key part of BMG's high-profile, worldwide Kinks 60th anniversary campaign, 2023-2024, featuring a host of Kinks media events, comprehensive marketing and BMG audio / audio-visual releases.

THE JOURNEY is a collection of tracks chosen by The Kinks' Ray Davies, Dave Davies and Mick Avory that reflect the trials and tribulations of their journey through life together as a band since 1963. The albums are split into themed sections created by The Kinks.

Contains: Hits, key album tracks, singles, band favorites and B-sides. Features six new Ray Davies track mixes, including three previously unreleased 1975 live versions.

All recordings remastered from original sources.

Hits featured are: "Lola," "Sunny Afternoon," "20th Century Man," "Dedicated Follower Of Fashion," "Till The End Of The Day," "A Well Respected Man," "See My Friends," "Everybody's A Star (Starmaker)."

Tracks are taken from all the classic original Kinks albums, including: *Kinda Kinks*, *Face To Face*, *Something Else* and the recently remastered 50th anniversary editions of *Village Green Preservation Society*, *Lola*, *Muswell Hillbillies* and *Everybody's In Show-Biz*.

Booklets include band photos and personal track by track notes from Ray Davies, Dave Davies & Mick Avory.

The releases will be extensively marketed and promoted globally, physically and digitally, with full band support.

After a disparate couple of years which saw the band at their most polarised and fragmented, Madness reunited in an industrial unit in Cricklewood at the beginning of the year, where Suggs, Mark, Chrissy-Boy, Mike, Lee and Woody realised that what united them was always bigger than what divided them. Emerging re-energised and reinvigorated with a fresh bounce in their nutty step, the result was their most harmonious recording experience to date. For the first time ever, a brand new album came into the world that they were all completely agreed on. Theatre Of The Absurd Presents C'est La Vie is the band's inaugural foray into self producing, working alongside engineer and mixer Matt Galsbey (Ed Sheeran, Maisie Peters, Rag'N'Bone Man).

The governing principle behind C'est La Vie, is: "let Madness be Madness". The result is an album of typically timeless brilliance that also reflects the wonky years of its creation, these 14 songs representing the cream of the bumper crop of tunes the group cooked up, whittled down this punchy, focused set. There are moments of ineffably catchy pop excellence (drummer Daniel 'Woody' Woodgate's beguiling, bittersweet carousel 'Round We Go', Chrissy-Boy's anarchic anthem to perhaps-justified paranoia, 'Run For Your Life'), while the album is bookended by two of Suggs' finest compositions. A very special prologue running through the album is supplied by Emmy and BAFTA Awards-winning Martin Freeman.

PROJECT OVERVIEW

Jason Gray has long been a welcoming voice in Christian music. Since his 2007 nationwide label debut, *All the Lovely Losers*, Gray has established himself as a true songwriter's songwriter. The beloved Centricity Music recording artist has garnered multiple ASCAP Performance Awards for songs like "Remind Me Who I Am," & "Sparrows," and summited the radio charts with hits like his first No. 1 AC standard, "With Every Act of Love," and chart-topping Inspo single "Nothing Is Wasted."

In addition to headlining tours of his own throughout his celebrated tenure, Gray has shared the stage with genre leaders like Michael W. Smith, Steven Curtis Chapman, Third Day, TobyMac, Lauren Daigle and others. Moreover, he's the host of the popular Acoustic Storytime, a monthly writers-round radio show recorded at The Well Coffeehouse in Brentwood, Tenn., for SiriusXM The Message that highlights stories and songs from both well-known Christian acts and newcomers alike.

On his latest offering, *Land of the Living*, Gray is less of a host and more of a participant in the stories he's telling. Rather than leading listeners on a journey revolving around a central theme like he did with 2020's *Order Disorder Reorder*, this album serves up a batch of pop-friendly, radio-ready contenders primed for conversation. This cherry-on-top addition to his catalog is full of meaningful songs marked by Gray's remarkable ability to plumb the depths of the human experience – all within the confines of a three-minute pop song.

Vince Clarke

Songs of Silence

Street Date: 11/17/2023

Vince Clarke, the primary composer and musician in Erasure, and previous songwriter and member of Yazoo, Depeche Mode, and The Assembly, presents (unbelievably) his first ever solo album, *Songs of Silence*. Available November 17th on heavy weight vinyl and CD.

As the album title suggests, *Songs of Silence* is a lyricless, instrumental album, and is hugely evocative for that. Unlike anything you've previously heard from Vince Clarke as an artisan of dynamic electropop, *Songs of Silence* has about it a more sober ambient electronic beauty, its unique characteristics put it in a category of its own.

For the creation of the record Vince set himself two rules – first that the sounds he himself generated for the album would come solely from Eurorack (a modular synthesizer format introduced in the mid-90s) and secondly that each track would be based around one note, maintaining a single key throughout. The resultant pieces, with the Eurorack sound clay then manipulated on Logic Pro, amount to wordless narratives, in which a sense of synth-generated, cosmic remoteness is often jolted by stark interventions, reminders of the human hand at work amid this machinery.

This album sees Vince Clarke not content to rest on his considerable pop legacy, and instead open up for himself, and for the rest of us, exciting new electronic vistas in which the permutations and possibilities are limitless.

BLACK • DIAMONDS

SUMMARY

Soulful R&B hooks, neo nü-metal bounce, prog-rock smarts, and active rock might swirl together in passionate ceremony, bridging the gap between the theatrical shimmer of The 1975 and the heavy syncopation of Meshuggah with energetic ease. Hints of classic funk, jazz-fusion, and modern pop-rock swagger weave between pulsating rhythmic punch and guitar driven riff rock, without a moment of incoherence. ISSUES have mastered the art of the mash-up, a genre unto themselves.

KYLIE – 35th Anniversary Edition

US Release Date: 11/24/2023

3000 UNITS N. AMERICA

★ LP features remastered audio on Neon Pink vinyl in gatefold sleeve

Kylie Minogue's classic pop debut *Kylie* was originally released on 4 July 1988 and is the first of four albums she recorded with the British production powerhouse, Stock Aitken & Waterman. Released on the PWL and Mushroom labels, the album spawned six singles including 'Got To Be Certain', 'The Loco-Motion' and the global smash hit 'I Should Be So Lucky'. A huge commercial success, the record peaked at Number 1 in the UK for six weeks and became the fifth highest-selling album of the decade. It has sold over five million copies worldwide.

This newly remastered LP reissue celebrates the debut album's 35th Anniversary and is pressed on Neon Pink vinyl in a gatefold sleeve.

POLE

Tempus Remixes

Street Date: 11/24/2023

Pole, aka innovative German electronic artist Stefan Betke, presents a limited edition 12" single with new exciting remixes of tracks from his latest album, *Tempus*. Out November 24th, limited to 1,000 copies worldwide.

This 12" sees the track "Stechmück" reworked by UK's electro-punk duo Sleaford Mods, remixed by Californian interdisciplinary artist Rose, and edited by Pole. The original song embraces the sound of Betke's dying Minimoog, which you can hear manipulated in different ways across the different versions. Completing the record is the remix of the title track "Tempus" by long-time Nine Inch Nails contributor, label mate and "synth connoisseur" Alessandro Cortini.

Düsseldorf-native musician, producer and mastering engineer Pole is known for his unique musical language oscillating between melody and avant-garde in electronic music, with audible influences from Dub and Jazz music. *Tempus* contributed to his ongoing musical evolution, while retaining a relationship to previous work, with Pitchfork stating "It's the sound of an artist drawing from his repertoire while demonstrating that he is still looking to the future."

THIS IS THE KIT

Wriggle Out The Restless

“...successful artists have morphed into the only useful A&R forces, and if I could, I'd personally thank the Dessners [from The National] for unearthing Stables.”- **Stereogum**

This Is The Kit is the project of Kate Stables, born in England and based in Paris. They first gained notice due to heavy radio play on BBC 6—and have twice had LPs named to 6 Music's Album of the Year lists. Later they gained more notice as a hand-picked opening act for The National, Iron & Wine, Jose Gonzalez, Sharon Van Etten and Alexi Murdoch—musicians who share a similar independent streak and warm-hearted approach to creating modern yet timeless music. In North America, they are regulars on US Triple A radio stations like KEXP, indie folk festival line-ups, and tastemaking platforms such as NPR's Tiny Desk Concert.

In the years since *Wriggle Out the Restless* was released in 2010, This Is The Kit have continued to gain momentum. Their 2015 follow-up album, *Bashed Out* was made with The National's Aaron Dessner (producer for Taylor Swift, Ed Sheeran, Mumford & Sons). Stables then sang on The National's 2019 album/film *I Am Easy To Find* and became a touring member on subsequent live dates. Finally, in 2020, *Bashed Out*'s title track became a streaming hit after an impactful needle drop in a key episode of Netflix's *Sex Education* series.

Currently signed to the iconic Rough Trade label, they've found success on both sides of the Atlantic. New album *Careful Of Your Keepers* was released in June 2023 and is being supported by tours in the UK, Europe and North America.

RIYL: Bonnie “Prince” Billy, Beth Orton, Sharon van Etten, Bon Iver, Father John Misty, Joni Mitchell, Sam Amidon, and Anais Mitchell

Bashed Out

“Bashed Out...will also likely be her breakout... get ready to hear a lot more from her.”
- *Stereogum*

This Is The Kit (TITK) is the much beloved musical project of Kate Stables, born in England and based in Paris. *Bashed Out* was produced Aaron Dessner, a member of The National known for both minting indie icons (Sharon Van Etten, Local Natives) and, more recently, becoming a producer to stars like Taylor Swift and Ed Sheeran. The backing band gathered for *Bashed Out* combines the talents of TITK’s touring members alongside session players drawn from the Brooklyn music scene: Bryce Dessner, Thomas Bartlett (Doveman, The Gloaming), Matt Barrick (The Walkmen) and Ben Lanz (Beirut, The National) made key contributions.

Since this LP’s initial release Kate made significant contributions to The National’s 2019 album/film *I Am Easy To Find* and became a touring member on subsequent live dates. In 2020, *Bashed Out*’s title track became a streaming hit after an impactful needle drop in a key episode of Netflix’s *Sex Education* series.

This music is honest, human and humane—a folky-lovely slow-rumble. It’s rock but of the groovy, hangover-friendly, stoner variety. Stables’s voice hearkens back to the singer-songwriter era—her distinctive, cutting vocals up front in the mix. *The Line of Best Fit* has the band an “essential fixture of British folk music for the past 10 years...one of a handful of truly innovate songwriters working with the British folk template today.”
