NICKELBACK

Get Rollin'

When the pandemic hit, everyone was knocked into isolation. **Chad Kroeger's** home studio in Vancouver, usually always buzzing with activity, was suddenly quiet. While this was tough and scary—we all remember those endless, dark months, right? —**Nickelback** took this an opportunity to work on new material with fewer distractions.

“The lockdown actually helped,” says **Chad Kroeger**. “Creativity doesn’t love dead-lines and because the uncertainty that came with the pandemic, we had none. That meant there was an ease to recording the album because we were free to take our time. We made the record because we wanted to, not because we had to.

“This one is loaded with rock, the way **Nickelback** was intended to be.”

Officially arriving on November 18, 2022, **Get Rollin'** is the band's tenth studio album and first since *Feed the Machine* in 2017. And make no mistake: **This is a rock album.**

Nickelback is now more than a quarter-century deep into a career that has seen them go from small-town Alberta, Canada, to a globally renowned, multi-platinum rock band. They are one of the most commercially viable and successful acts of the 2000s, selling more than 50 million records. Next to The Beatles, they're the second best-selling foreign act in the U.S.

“**How You Remind Me**” was **Billboard's** Top Rock Song of the 00's while the **All The Right Reasons** album sold in **Diamond** amounts (more than 10 million copies sold) in America. Sales of that album are now somewhere north of 13 million in the U.S. and 19 million globally.

Heading into **Get Rollin'**, **Nickelback** has had 23 chart-topping singles and 12 consecutive sold-out world tours performed in front of nearly 10 million diehard fans around the planet.

Nickelback is **Chad Kroeger** (Lead Vocals, Guitars), **Ryan Peake** (Guitars, Backing Vocals), **Mike Kroeger** (Bass) and **Daniel Adair** (Drums, Backing Vocals).

With **Monster Truck's** fourth full-length album **Warriors**, the band (bassist and lead singer Jon Harvey, guitarist Jeremy Widerman, keyboardist Brandon Bliss, and former drummer Steve Kiely), take their signature, riff-driven brand of rock to new heights and bombastic lows. With blazing shared riffs, massive gang vocals, and an 'all for one, and one for all' spirit, 'Warriors' reads like a mission statement, one that telegraphs the tireless work ethic Monster Truck has displayed since starting out in 2009, as well as where they're at and where they're heading, sonically, in the future.

Dealer Price: \$17.40 (List: \$26.98)

Release Date: 14-Oct-22

Overview:

Tearing by at a breakneck speed, *I Should Coco* is the spectacularly eclectic debut by Supergrass at the time, the band were barely out of their teens.

The unbridled energy of the album illustrates an eclectic knowledge of their genre and pays respect to their predecessors. Supergrass treat the Buzzcocks, the Beatles, Elton John, David Bowie, Blur, and Madness as if they were all the same thing -- they don't make any distinction between what is cool and what isn't, they just throw everything together.

This 1LP resissue includes, the jittery "Caught by the Fuzz" which slams next to the music hall rave-up "Mansize Rooster," the trippy psychedelia of "Sofa (Of My Lethargy)," the heavy stomp of "Lenny," and the bona fide teen anthem "Alright."

I Should Coco is the sound of adolescence, but performed with a surprising musical versatility that makes the record's exuberant energy all the more infectious.

FOREVER FIFTEEN

ABOUT

Growing up in Oklahoma, MOTHICA found openly talking about mental health struggles to be taboo and looked to the internet for a sense of community. Though MOTHICA has been writing music since she was a kid, she did not pursue music until she was 18, producing and releasing her songs independently online. Embarking on a journey of self-expression and exploration through music, MOTHICA has since released a handful of EPs, countless singles, and her 2020 debut record *Blue Hour*.

Making catchy alt-pop about her difficult subject matter, MOTHICA has racked up 200 million global streams and has collaborated with artists like nothing.nowhere., Royal & the Serpent, and Kailee Morgue. She has built a passionate fanbase that connects with her openness on past traumas, battle with depression, and sobriety. MOTHICA seeks to challenge stigmas surrounding mental health with her inspiring message, using music as an outlet to depict a shared experience that anyone could relate to.

On November 18th 2022, the engaging, enchanting, cutting, yet beautiful Swedish metal supergroup **Soen** will release a very special concert film, **ATLANTIS**, featuring 13 of the groups most popular compositions reinterpreted with live orchestral accompaniment.

The perfect way for **Soen** to celebrate a decade together, **ATLANTIS** was created within the mystic and magical confines of **Atlantis Grammofon Studio** in Stockholm, Sweden, which has seen a wide range of international artists record, from **Quincy Jones** to **Lenny Kravitz** to **Green Day**. Formerly a movie house in 1941, it went on to become **Metronome Studio** (during which time **ABBA** was born) before becoming **Atlantis Grammofon** in 1983.

Filmed and recorded on December 10th 2021, Martin Lopez (drums & percussion), Joel Ekelöf (lead vocals), Lars Eno Åhlund (guitars & piano), Cody Lee Ford (lead guitar) and Oleksii "Zlatoyar" Kobel (bass) worked together with an 8-piece orchestra to reinterpret and rediscover fresh energy and elements in classic **Soen** songs, such as "**Antagonist**", "**Monarch**", "**Jinn**" and "**Lucidity**", as well as introducing the brand new piece "**Trials**" and a stunning interpretation of **Slipknot**'s deeply dark meditation on darkness rejecting love, "**Snuff**". The end result of this 80 minutes performance is some remarkable new aural refractions of **Soen**'s greatest material for fans to absorb and enjoy. As has always been the way with **Soen**, the deepest dives yield the greatest treasures.

ATLANTIS was recorded by David Castillo and Iñaki Marconi, mixed by Castillo, and mastered by Tony Lindgren. The performance was filmed and directed by George Laycock from the bespoke British production house Blacktide Phonic/Visual.

ATLANTIS will be available as a DVD-CD with bonus footage, a Double 12" Limited Edition Vinyl, Long Form Video, Digital Download and Streaming. Available to pre-order from August 30th 2022.

LIARS

Drum's Not Dead

(Limited Edition Recycled Color Vinyl)

Street Date: 11/18/2022

Drum's Not Dead is the new installment from the Liars' reissue series, where every two months an album from the back catalog is released on limited edition recycled color vinyl. Packaged in a gatefold sleeve and includes a 16 page booklet and audio download code.

Originally released in 2006, **Drum's Not Dead** is Liars' third album, following up 2004's *They Were Wrong, So We Drowned*. Once again the album shattered all past reference points and preconceptions of Liars. Partly inspired by a relocation from New York to Berlin, the album finds Angus Andrew, Aaron Hemphill and Julian Gross taking another seismic step forward, switching continents and seizing new musical territory.

The album includes "The Other Side of Mt. Heart Attack," Liars' most streamed song to date. It was featured in the soundtracks for *The Nines*, *Deadgirl*, *50/50* and *Pop Skull* and also listed in *The Pitchfork 500* as one of the best songs made from 1977-2006.

PRAISE FOR DRUM'S NOT DEAD:

*"Liars have had the last laugh: Drum's Not Dead is a majestic victory lap, and on all levels, a total f**king triumph."* - Pitchfork

"Liars have achieved a captivating level of sonic brilliance that deserves to be listened as an entity and not in scant sessions of personal musical ambivalence." - Treble

"...Liars have delivered just what you need...even if you don't realize it yet." - Tiny Mix Tapes

Artist Madness

Title: The Get Up (CD/DVD)

Overview: In May 2021, Madness streamed (globally) a unique evening of vaudevillian entertainment recorded at the London Palladium. Scripted by Charlie Higson and featuring the band, plus special guests Paul Weller and Roland Gift, the show finds Madness watching the story of how they got together and became the institution that they are today. Narrated by a ghostly Higson and attended by her Majesty Queen Elizabeth II (aka Mike Barson), the film captures early rehearsals, classic Madness banter and a greatest hits set, including 3 previously unreleased tracks.

Marketing: PR via Pete Flatt (PPR Publicity), targeting online & print, including Long Live Vinyl & Classic Pop. Access to Madness socials (Facebook: 780k / Twitter: 61k / Instagram: 66.5k) for targeted posts and ads. Targeting MIS fan site (Madness Information Service) on announcement.

POLE

Tempus

Street Date: 11/18/2022

Mute is excited to announce the release of Pole's new album *Tempus*, out November 18th on limited edition double pink vinyl (1k copies worldwide), double black vinyl, CD and digital formats. The vinyl and CD jackets feature a matte-finish with a spot gloss.

Pole is Düsseldorf-native musician, producer and mastering engineer Stefan Betke, and is known for his unique musical language oscillating between melody and avant-garde in electronic music, with audible influences from Dub and Jazz music. While the subject of his critically acclaimed 2020 *Fading* focussed on coping with dementia and the loss of memory over time, *Tempus* focuses on the connection between the past, the present and the future. Translating to tense in English, *Tempus* investigates whether music that was created in the past, can still be audible and influential for the present, and how much can this music shine into the future.

THE DISTANT THUNDER

The Distant Thunder

For fans of Bob Dylan, The Band, Americana, and Folk.

The most famous anonymous singer in America **Joe Cerisano** (*TSO/Silver Condor*) and hit songwriter **Marc Blatte** (*The Four Tops, Celine Dion, Kenny Rogers*) have teamed up for **The Distant Thunder**. This duo is not only responsible for "**Hand Across America**" but the most iconic commercials (GE, Army, Navy, Sprite, Miller) you have ever heard. Now they have come together and created an amazing slice of Americana with stand out tracks like "**Healing Hands**" and "**I'd Rather Be Dancing**".

Joe started his career on **Columbia Records** with **Silver Condor** alongside **David Bowie/John Lennon** guitarist **Earl Slick**. He went on to do duets with **Gloria Estefan** and **Placido Domingo** as well as guest vocalist with **Blue Oyster Cult, Korn** and fronted **Trans Siberian Orchestra**. Marc has penned the **Top 40** song "**When She Was My Girl**" by **The Four Tops** as well as songs by **Celine Dion** and **Kenny Rogers**.

The Distant Thunder strips it all down for a real rootsy American album filled with emotion and heart wrenching lyrics.

I'm blown away by what these two have cooked up. -Dave Fields (Big City Rhythm & Blues magazine) New York Hall of Fame guitarist-songwriter.

Great songs - melodic, hooky, and with a lot of heart. Joe's vocals are soulful and evocative.-Robbie Kondor Multiple credits including composer/arranger/instrumentalist for Eric Clapton, James Taylor, Carol King

TURKISH DELIGHT

For Fans of Kansas, Boston, Styx, and Classic Melodic Rock

'Turkish Delights Volume One' celebrates the absolute joy that **Escape Music** co-owner Khalil Turk has for the kind of music he loves so much and has spent the last thirty and then some years championing.

So here we are, over twenty five years since that first **Escape Music** album appeared hot off the presses (Heartland's 'III' album in November 1995, if you're asking) and this collection of songs, personally chosen by Khalil, reiterates that pure joy he still possesses for the music he is utterly immersed by.

With material from the pens of **Steve Overland** (FM), **Chris Ousey** (Heartland), **Steve Morris** (Export/Ian Gillan/Heartland), **Mick Devine** (Seven), **Steve Newman** (Newman/Compass) and **Tommy Denander** (Radioactive) there's also a list of musicians culled from Khalil's contact book that, quite frankly, is VERY impressive. Just a few names appearing on 'Turkish Delights' to throw at you include **Ronnie Platt** (Kansas), **Billy Greer** (Streets/Kansas), **Billy Sheehan** (Talas/David Lee Roth/Mr Big), Gary Pihl (Sammy Hagar/Boston/Alliance), Gene Black (Device), Jeff Pilson (Dokken), Jeff Scott Soto, Chris Childs (Thunder), **Mike Slamer** (City Boy/Streets/Seventh Keys/Steelhouse Lane) **Joel Hoekstra** (Whitesnake/Joel Hoekstra's 13), **Mark Mangold** (American Tears/Touch/ Drive, She Said), **Mark Stanway** (Magnum), **Mat Sinner** (Sinner), **Marco Mendoza** (Thin Lizzy/Whitesnake/Journey), **Ricky Phillips** (The Babys/Bad English/Styx), **Robin Beck**, **Robin Mc Auley** (Grand Prix/MSG), **James Christian** (House Of Lords) **Steve Overland** (FM), **Jerome Mazza** (Pinnacle Point/solo), **Terry Brock**(Strangeways) and **Vince DiCola** ('Transformers'/Thread/Storming Heaven). This is a cast of thousands. Well, it appears that way!

OVERVIEW

Two-time Rock & Roll Hall of Famer and co-founder of the Byrds and Crosby, Stills & Nash, **DAVID CROSBY**, for the first time ever will release a solo live album and DVD set.

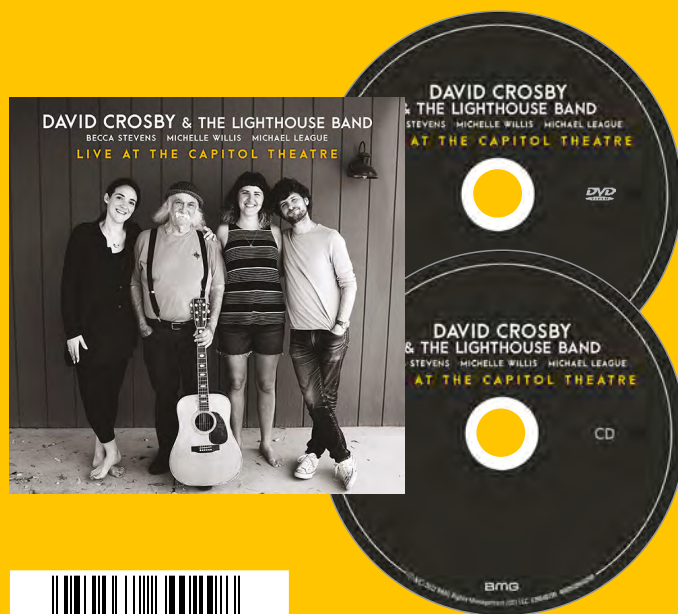

Arriving November 25, 2022 via BMG, the folk-rock legend and cultural force for over fifty years, continues his late period renaissance with the release of *Live At The Capitol Theatre*.

Continuing to forge new paths in his eighth decade, Crosby again joins forces with Becca Stevens, Michelle Willis and Michael League, the three musicians known as The Lighthouse Band, who he's been working with since 2016's *Lighthouse* album. Far from just a solo live album/DVD, working with his first new band since CSNY, Crosby and The Lighthouse Band quickly discovered the chemistry took a collaborative leap during their 2018 tour together in support of Crosby's sixth solo album *Sky Trails* (2017, BMG) culminating in this live recorded set on the last night of the run.

Description:

Rolling Stone 4**** 'Atmospheric sonic experimentations'

Metro 4**** 'quintessentially Sigur Rós, these avant-garde hymns demand, and reward, time and attention'

Pitchfork 'Sigur Rós' music has all the depth, resonance and humanity of a Brueghel landscape, and is best appreciated at loud volumes in open spaces, as a soundtrack for scenery, real or imagined.'

() - Sigur Rós's celebrated third album, and for many the most quintessentially "Sigur Rós" record hits its 20th anniversary on October 28th 2022. The album has been remastered by legendary mastering engineer Ted Jenson at Sterling Sound.

() is the only album where Jónsi sings entirely in the wordless lyrics of Hopelandic. A desire to elide meaning and allow the listener to bring their own interpretation to the music extends to each of the album's eight songs, all of which are nameless. The record is broadly divided into two halves, divided by a critical 36 seconds of silence. The first half of the album is light and optimistic, the second half bleak and melancholic, culminating in the thundering climax of Untitled #8 – the closing song of every Sigur Rós show since it was written in 2000.

() was recorded at the band's own studio Sundlaugin, in Mosfellsbær outside Reykjavik, in 2002, co-produced by the band with Ken Thomas, who also helmed their breakthrough second album, Agætis Byrjun.

You Don't Mess Around With Jim (50th Anniversary)

Gold Vinyl, CD and Gold Cassette

Release Date: 11/25/2022

★ Limited Editions Celebrating the Album's 50th Anniversary

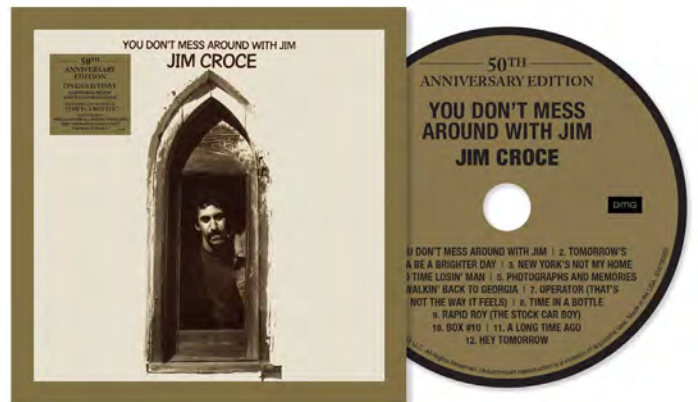

2022 marks 50 years since JIM CROCE released his breakout album, YOU DON'T MESS AROUND WITH JIM. BMG celebrates the timeless album's anniversary with 3 limited edition pressings on vinyl, CD, and cassette, complete with matching alternate gold-bordered cover artwork. Produced by Terry Cashman and Tommy West, and featuring the brilliant guitar interplay of Maury Muehleisen, YOU DON'T MESS AROUND WITH JIM catapulted the seasoned songwriter into the public consciousness and spent 93 weeks on the charts. Over the last 50 years, the tracks "You Don't Mess Around With Jim," "Operator (That's Not the Way It Feels)," "Time In a Bottle," and "Photographs and Memories" have become staples of the contemporary folk canon. The album posthumously went to Number 1 on the Billboard 200 in 1974 and has been certified Gold. The release leads into further celebrations in 2023, as BMG and the Croce estate commemorate 50 years since his untimely passing along with what would have been his 80th birthday.

Overview:

It almost seems churlish to regard Celtic Frost as one of the great extreme metal bands, because they were so much more than that. It's better to hail them as among the finest extreme and experimental bands of the 1980s. Refusing ever to do what was expected or demanded, the band constantly changed musical direction, always brought in surprising influences, and kept people guessing as to where they might venture next. Their catalogue of albums is formidable and unmatched. Each is not only unique, but part of an entire tapestry that only now can be appreciated for being a remarkable part of music history. Despite, or maybe because of, constant turmoil on so many fronts, Celtic Frost achieved an artistic level few others would even have dared to dream of aspiring towards. They climbed high because they were never afraid to fall. Which is why the band are now rightly regarded as icons, and iconoclasts.

Title: PERCY

ADA Announcement: 07-Oct-22

Release Date: 25-Nov-22

Press Announcement: 19-Oct-22

Album Art:

Overview:

Percy is a 1971 film soundtrack for the British comedy film *Percy* performed by the English rock group the Kinks with additional orchestral arrangements conducted by Stanley Myers. It was released as the band's ninth official studio album.

Davies wrote some hauntingly beautiful ballads and some solid blues and country as well for the forward thinking cult film. Although virtually unseen in the United States, it was still popular enough to yield a sequel (*Percy's Progress*), but its real impact came from its soundtrack.

'God's Children' and 'Animals in the Zoo' have turned up on some career anthologies, but there's a lot more to *Percy* than those two tracks. 'Completely' is as fine a slow blues as the band ever recorded, with a sizzling performance by Dave Davies, and "Dreams" is a solid rocker, even up alongside "Animals in the Zoo."

SALSOUL RECORDS

Established in 1974 by the Cayre Brothers, Salsoul Records quickly earned a reputation for releasing & producing everlasting dance classics. Names such as Joe Bataan, First Choice, and Instant Funk gave the label it's signature sound—a vibrant combination of salsa, soul & disco music engineered for the dancefloor.

Salsoul had many hits in the 1970s but is historically best-known for releasing the first commercially available 12" (Giant) Single: Double Exposure's 'Ten Percent'. Revered by DJs & remixers alike, Salsoul's catalog became the soundtrack of an emerging—and diverse—scene that embraced technical creativity.

Many of these records have resurfaced in modern samples & remixes: proof of Salsoul's enduring legacy and it's crucial role in shaping the sound of dance music.

GRANDMASTER FLASH: SALSOUL JAM 2000

Originally released in 1997—*Salsoul Jam 2000* was Grandmaster Flash's first album in nine years. A testament to his power as a DJ, the record was produced & segued together as one continuous mix in front of a live audience.

This is the first re-release of the album in two decades and it's first repressing on vinyl since the original '97 release.

Salsoul Jam 2000 is a perfect introduction to the deep bench of talent on the Salsoul Records roster—featuring hits like "Let No Man Put Asunder", "Love Sensation" & "Ten Percent"—while continuing to connect dots on the family tree from disco to hip-hop.

Swedish extreme tech-metal pioneers MESHUGGAH return with their ninth studio manifest "Immutable", out on April 1st, 2022

Artist: MESHUGGAH
Title: IMMUTABLE
Original Release: April 1st, 2022
Pre-sale: September 16th, 2022
Release Date: November 25th, 2022
Label: ATOMIC FIRE
File Under: METAL

Mavericks. Pioneers. Unique. *Immutable*.

Destined to be one of 2022's most hailed and talked-about releases, "Immutable" once again showcases MESHUGGAH's collective brilliance, including some of the most jaw-dropping ensemble performances they have ever executed.

Since forming in 1987, the Swedish sound architects known as Meshuggah developed into one of the most technically complex and virtuosic group of players the metal realm has ever encountered, their distinctly unique brand of progressive groove-infused death metal inadvertently launching an entirely new subgenre. Recorded in Sweden's „Sweetspot Studios“, their ninth full-length album „Immutable“ is the follow-up to their highly acclaimed and **Grammy nominated album**, „The Violent Sleep Of Reason“. The new album and 2022 tour will see the return of Fredrik Thordendal.

Key Sales & Marketing Points:

- New and ninth studio album of the tech-metal pioneers from Sweden
- 3 animated video clips associated with single tracks
- Mastered by multiple **Grammy award winner Vlado Meller** (Metallica, Rage Against The Machine, Red Hot Chili Peppers, System Of A Down),
- European and US Headline Tour in 2022

Press Quotes:

- *"Thirty years on the throne and counting, Meshuggah can still ignite surprise after devastating surprise from within this beast of a genre. Between its brutally minimal grooves, bright cinematic vistas, slippery rhythmic sideswipes, disgusting bass bludgeoning, classic Thordendal solos and overall darker sonic presentation, "Immutable" pioneers new territory for the band as much as it lays claim to everything that made them great for the past nine records."* -- Decibel, Dan Lake
- *"On IMMUTABLE, Meshuggah's mission remains unchanged: to tunnel into the future,*

EMERSON, LAKE & PALMER

Black Moon

(140g Vinyl Picture Disc)
LIMITED EDITION

Release Date: 11/25/22

Overview:

In celebration of legendary prog-rock band **EMERSON, LAKE & PALMER'S** 50th anniversary, BMG are releasing **BLACK MOON** as a limited edition Picture Disc vinyl.

Formed in 1970, EMERSON, LAKE & PALMER were torchbearers of the progressive rock sound and one of rock's first super-groups. The world-conquering, stadium-filling prog giants helped to broaden the audience for the genre from hundreds of thousands into tens of millions and were one the most commercially successful rock bands of the 1970s.

Their first 7 album releases all made the U.K. albums chart top 10 and U.S. top 20. *Black Moon* is ELP's eighth studio album. It was released in 1992 when the band re-formed after 14 years, having split-up after their previous album, *Love Beach* in 1978, and represents a real return to form.

The music is a stripped-down, amped-up, more mainstream rock format, though in many places retaining the feel of their 70s prog epics. Expertly re-mastered in 2017 by celebrated rock studio engineer Andy Pearce.

INDUCTION return with 12 progressive symphonic metal anthems and catchy earworms

Artist: Induction
Title: Born From Fire
Pre-sale: 09/09/2022
Release Date: 11/25/2022
Label: ATOMIC FIRE RECORDS
File Under: METAL

Welcome to the new era of INDUCTION!

Join us in experiencing mystical prophecies, heartfelt stories, outraged rebellion and the lust for life on the band's sophomore full length album "Born From Fire", that will see the light of day on November 25th via Atomic Fire Records.

Originally founded in 2014, international symphonic progressive metallers INDUCTION left their first mark with the single 'The Outwitted Consecration' (2016) before completely entering the metal world by releasing their self-titled debut album in 2019. Its enormously positive reception even paved them the way to touring across Europe alongside Brazilian power metallers ARMORED DAWN in November of the same year. It was a notable career start for the quintet that was abruptly halted by the still ongoing pandemic, but the highfliers used the time at home to regain their strength and record this sophomore chef d'oeuvre.

After signing to Atomic Fire Records in early 2022 and releasing the first two stand-alone singles to get the hype going, the combo now unleashes "Born From Fire", filled with 12 progressive symphonic metal anthems and catchy earworms, once again mixed and mastered by none less than Jacob Hansen. As the world is scorched by flame and consumed in chaos, hope is born, forging the new path to mankind's everlasting paradise. Stories of distant worlds welcome you to rethink how we live today.

"We tried to deliver a good mix of big hits, great melodies, emotions, brutal anger, intricate riffs and arrangements as well as a ton of fun while listening. We are sure this album will convince old and new fans alike of what INDUCTION means and we sincerely hope that everyone finds themselves in some of the songs...", describes guitarist and mastermind Tim Kanoa Hansen.

Graced by a cover artwork from Peter Sallai (Sabaton, Jinjer, Powerwolf), "Born From Fire" shows the band with its strong new line-up and ready to finally hit the road and take their hymns to the stage again. Only one day before the release, INDUCTION will therefore join Serious Black on a 16-dates strong tour through Europe, to present their new tracks live for the very first time.

DEXY'S

One Day I'm Going To Soar

Release Date: 11/25/22

ONE DAY I'M GOING TO SOAR is the 2012 album by **DEXYS**, formerly known as **DEXYS MIDNIGHT RUNNERS**.

It was the band's fourth studio album, but its first in 27 years. The album features, alongside Dexys' lead singer (and leader) Kevin Rowland, 1980s Dexys members Big "Jim" Paterson, Pete Williams and Mick Talbot, as well as new recruits Neil Hubbard, Tim Cansfield and Lucy Morgan, and guest vocalist Madeleine Hyland, who duets with Rowland on several songs.

The album struts from different themes and genre's, including '70s string-soaked disco ("I'm Always Going to Love You"), lounge bar jazz-soul ("Me"), and seductive Al Green-esque funk ("She Got a Wiggle").

Previously described as an 'idiosyncratic & brave record' this fan favorite is being reissued on coloured vinyl for the first time since its initial release in 2012.

Tiffany

SHADOWS

Legendary pop star and 80's icon, **Tiffany**, is best known for the #1 **Billboard** hit, "***I Think We're Alone Now***", which recently garnered a whopping 100 million streams on **Spotify**. At the start of her career, Tiffany earned two U.S. #1 hit singles with the aforementioned "***I Think We're Alone Now***", as well as the ballad, "***Could've Been***," and also set a record as the youngest female artist to top the **Billboard** charts with her debut album "***Tiffany***". Over the course of her three-decade career, Tiffany has sold over 15 million records.

Now comes her latest and most personal album '***Shadows***'. The most fascinating artists have both darkness and light. No one understands that duality better than **Tiffany**. She's the former teen icon with the scars of a lifer. A multi-million-selling phenomenon whose outward success story belies bad romances and bum deals. A genre-blind singer/songwriter who writes starkly personal lyrics that make entire stadiums sing along.

As such, when it came to naming her new studio album, one title called out. "***Shadows*** is about the light and dark of my life," says Tiffany. "The heartbreak that nobody knows about, when you're trying to be fabulous onstage. My life has never been perfect. But maybe all those things are meant to be. And what helps me more than anything is writing songs."

The **Shadows** tour has already kicked off in 2022 and will continue through 2023.
