Peter Gabriel

REALWORLD

Peter Gabriel's first album of new material since 2002's UP. Release: 1 December 2023

During 2023, Peter has been releasing a new song from the album every full moon. Being revealed roughly every four weeks, each track has been allowed to find its own time and space. "It's a little like getting a Lego piece each month," Peter explains. Now it's time to stand back and admire the final, completed creation.

12 tracks of grace, gravity and great beauty that provide welcome confirmation of not only Peter's ongoing ability to write stop-you-in-your-tracks songs but also of that thrilling voice, still perfectly, delightfully intact. Throughout the album the intelligent and thoughtful – often thought-provoking – songs tackle life and the universe. Our connection to the world around us – 'I'm just a part of everything' Peter sings on title track *i/o* – is a recurring motif, but so too the passing of time, mortality and grief, alongside such themes as injustice, surveillance and the roots of terrorism. While reflective, the mood is never despondent; *i/o* is musically adventurous, often joyous and ultimately full of hope.

All 12 tracks are subject to two stereo mixes: the *Bright-Side Mix*, handled by Mark 'Spike' Stent, and the *Dark-Side Mix*, as reshaped by Tchad Blake. "We have two of the greatest mixers in the world in Tchad and Spike. They bring different characters to the songs. Tchad is very much a sculptor; Spike is more of a painter." Both versions are included on the double-CD package, and are also available separately as double vinyl albums.

A third version – the *In-Side Mix*, in Dolby Atmos, comes courtesy of Hans-Martin Buff "doing a wonderful job generating these much more three-dimensional mixes" and is included in three-disc set, including Blu-ray.

The album features contributions from guitarist David Rhodes, bassist Tony Levin and drummer Manu Katché as well as Brian Eno, Richard Russell, pianist Tom Cawley, trumpeters Josh Shpak and Paolo Fresu, cellist Linnea Olsson and keyboard player Don E. Peter's daughter Melanie contributes warm backing vocals, as does Ríoghnach Connolly of *The Breath*. Soweto Gospel Choir and Swedish all-male choir Oprhei Drängar lend harmonies and the New Blood Orchestra, led by John Metcalfe, both soothe and soar.

Visual artists Ai Weiwei, Nick Cave, Olafur Eliasson, Henry Hudson, Annette Messenger, Antony Micallef, David Moreno, Cornelia Parker, Megan Rooney, Tim Shaw, David Spriggs and Barthélémy Toguo, each contribute a piece of art for each track.

SOULFLY

Release Date: December 1, 2023

- ★ Soulfly's 3rd & 4th albums on 180G vinyl
- ★ Limited Edition - 1,000 units for North America

Driven by **Max Cavalera's** unrelenting energy, unmistakable growl, and instantly recognizable riffage, the earthy tones and motivational rhythmic bounce of **SOULFLY** maintain a gritty spiritual heart while pushing the boundaries of what's possible in metal. Nowhere is that more apparent than on the four triumphant, redemptive, and crucial eclectic offerings presented in this brand new box set, celebrating the first six years of the band career. **SOULFLY** (1998) was a riotously heavy escalation of the innovation established on Max's final album with Sepultura, launching a

brand-new era. **PRIMITIVE** (2000) and **3** (2002) stomp with tribal groove; **PROPHECY** (2004) is as unsettling but evocative as the tombs of the martyrs across Europe. Max introduced metalheads to the berimbau. His music is brutal yet unapologetically transcendent punk-infused extremity. To commune with the burning muse of metal's shamanistic tribal leader is to envelop oneself inside a post-modern sonic sweat lodge. Brutal riffs, trippy esoteric ritual, unrelenting percussion, primal screams; no matter what Cavalera hammers out on his four-string guitar, it always sets souls free.

THE MIGHTY CLOUDS OF JOY 'KICKIN'

From in the late 1950s, The Mighty Clouds Of Joy released their initial records on the Peacock label, alongside Gospel legends The Dixie Hummingbirds, The Five Blind Boys Of Alabama, The Sensational Nightingales, and more.

In 1974, they moved to ABC Records, and along with producer Dave Crawford (Wilson Pickett, The J. Geils Band, B. B. King), released their acclaimed crossover release, *It's Time*. The following year, *Kickin'* exploded onto the charts, landing a #1 single on *Billboard's* Disco Action Chart with its lead track, "Mighty High." The album contained other high-energy originals, as well as covers of Stevie Wonder, Billy Preston, and Kiki Dee. Gospel music had branched into universal music, and songs that spoke to listeners of all genres. Despite the criticism they received from the Gospel community, their move into the world of Gospel-based R&B would prove popular, they would become three-time Grammy® winners.

This reissue of *Kickin'* contains the original 1975 album, plus the rare, single versions of the #1 hit "Mighty High" and the ever present "You Are So Beautiful" (which was less than a year old at the time of this cover).

Packaging contains a new essay from Tim Dillinger-Curenton, a music historian with a focus on the worlds of gospel, soul, contemporary Christian, and women's music. *Kickin'* is a look back at music evolution in the mid '70s and demonstrates how music transcends genres.

VAN DUREN & GOOD QUESTION CARTWHEELING: LIVE IN MEMPHIS

"It was such a memorable, electric night. And when the room emptied and we dispersed into the cold Memphis night, no one dreamed it would be 30+ years later before that performance would finally be available to hear."

—Van Duren

From his early days playing with Big Star's Chris Bell and Jody Stephens, his discovery by Andrew Loog Oldham (The Rolling Stones), to a storied solo career—which inspired the acclaimed documentary *Waiting: The Van Duren Story*—Van Duren has earned his spot as a Memphis music legend.

Van also fronted Good Question, a band whose only release in 1986 was only marred by the classic problem of falling through the cracks. In 1991, the band began work on a follow-up, and invited a group of Memphis friends to a performance to showcase the new album material. The set simultaneously acted as a retrospective of Van's career as a solo act, featuring material from his albums *Are You Serious?* and *Idiot Optimism*, plus a last-minute addition of a Beatles cover, worked up during rehearsals. The second album never materialized, and this performance has sat patiently in the vaults—waiting to be heard.

Cartwheeling: Live In Memphis is that show, presenting that 1992 set from Van, James Lott, Ray Sanders, Joel Williams, with special guest Rick Steff (Lucero). Newly restored and mastered by Grammy® winner Michael Graves, Van contributes new liners outlining the show and its significance.

BUY! HERE'S WHY!

- Previously unissued live 1992 set from the Memphis power-pop legend.

SUMMARY

Soulful R&B hooks, neo nü-metal bounce, prog-rock smarts, and active rock might swirl together in passionate ceremony, bridging the gap between the theatrical shimmer of The 1975 and the heavy syncopation of Meshuggah with energetic ease. Hints of classic funk, jazz-fusion, and modern pop-rock swagger weave between pulsating rhythmic punch and guitar driven riff rock, without a moment of incoherence. ISSUES have mastered the art of the mash-up, a genre unto themselves.

Sweden's prog masters deliver a remixed and remastered "Connoisseur Edition" of their hit album "In Cauda Venenum"

Artist: OPETH

Title: In Cauda Venenum (Connoisseur Edition) – English Version

Label: ATOMIC FIRE

File Under: METAL

"How do you transfer a state of the art Pro-Tools recording, with a zillion different tracks, on to a piece of plastic and generate sonic greatness?" With lockdown, OPETH's mastermind Mikael Åkerfeldt finally found the time to unite 'a team of musical nerds', as he describes it, to ponder over the question, how they could produce a master of 'In Cauda Venenum' that sounds as supreme as Åkerfeldt's favourite records from the past? After heated discussions and trying out many different methods that never seemed to fully please the Swedish master's ear, they transferred the album to magnetic tape and then cut the vinyl lacquers from the tape itself, to create a warm, powerful and yet dynamic master that is now available in form of their In Cauda Venenum's "Connoisseur Edition".

There are few bands that can or will match Sweden's OPETH. Since forming in the tiny Stockholm suburb of Bandhagen in 1990, the Swedes have eclipsed convention, defiantly crushed the odds, and, most importantly, crafted 13 stunningly beautiful, intrinsically intense albums to become one of the biggest progressive rock/metal bands on the planet; whether that be live or on record. Ask any OPETH fan. Enquire with any band that's shared the proverbial pine with the Swedes. Or, get a label representative to talk OPETH. They'll all tell you the same thing: OPETH are peerless. And they're only getting better, even after selling more than two million records and even hitting the #1 in the German album charts with their album "Sorceress" in 2016.

GODMODE

IN THIS MOMENT

The eighth studio album from the GRAMMY®-nominated band
Featuring lead single "THE PURGE"

RELEASE DATE: DECEMBER 8, 2023

OVERVIEW

With a GRAMMY® nomination (*The In-Between*, 2021), Platinum and Gold record sales, multiple Top 25 entries on the *Billboard* Top 200 (*Black Widow* and *Ritual*), hits including "Whore," "Blood," and "Adrenalize," and career streams of more than 1.3 billion, you'd think **IN THIS MOMENT** might rest on their laurels. Instead, they've created **GODMODE**, 10 dynamic songs that mark a new high for the quintet, further cementing their legacy in the heavy music world. Proof positive is in **GODMODE**'s first single, the industrial-heavy yet ultra-melodic "THE PURGE," and its darkly cinematic video directed by Jensen Noen (Bring Me The Horizon, Demi Lovato). From the portentous start of the '90s-tinged "GODMODE" with Maria Brink's powerful primal scream to the pitch-perfect cover of Bjork's 1995 "ARMY OF ME" to the impassioned pain to partnership in "EVERYTHING STARTS AND ENDS WITH YOU," **GODMODE** is a cut above.

The L.A.-based band's eighth album finds vocalist Maria Brink and guitarist Chris Howorth writing the most powerful songs of their career. "We're always striving for reinvention and growth. It's been 10 years since our *Blood* album, and there's been a lot of transitions happening, this year particularly, but it all felt so meant to be," explains Brink.

Top talent aided and abetted **IN THIS MOMENT**; Spencer Charnas from Ice Nine Kills guests on the pointed and pained "DAMAGED," and several songs were co-written with Tyler Bates, the award-winning producer and composer of numerous film, television, and video game scores. In fact, the initial collaboration with Bates, the moody, haunting mid-tempo winner "I WOULD DIE FOR YOU" ended up both on the *John Wick: Chapter 4* soundtrack and as the last cut on **GODMODE**.

Recorded at Hideout Recording Studio in Las Vegas, Nevada, the 10-track opus was produced by Kane Churko (Ozzy Osbourne, Papa Roach, Five Finger Death Punch)

CAREER HISTORY

- ★ Since coming to life in 2005, **IN THIS MOMENT** have presided over a diehard fan base under the watch of "mother" figure and frontwoman Maria Brink—joined by co-founder and lead guitarist Chris Howorth, bassist Travis Johnson, guitarist Randy Weitzel, and Kent Diimmel.
- ★ In addition to the Gold-selling album, *Blood* [2012], the quintet have garnered six Gold and Platinum singles, followed by a trifecta of Top 25 entries on the *Billboard* Top 200 with *Black Widow* [2014] and *Ritual* [2017].
- ★ Over 2.2M album equivalents sold in the US, with over 700K of that being physical sales.

- ★ Incendiary video for "THE PURGE" directed by Jensen Noen (Ice Nine Kills, Falling In Reverse, Hollywood Undead, Demi Lovato), marking the first time that a band already renowned for their visuals has worked with an outside video director.
- ★ **IN THIS MOMENT** recently wrapped a summer co-headline tour with Motionless in White.

MARK LANEGAN BAND PHANTOM RADIO

FIRST TIME IN PRINT SINCE 2014!

“Phantom Radio,” the eighth studio album by Mark Lanegan Band, is a haunting masterpiece that blends elements of alternative rock, blues, and electronic music into a mesmerizing sonic journey. Released in 2014, this album showcases Lanegan’s distinctive gravelly voice, which has matured like fine wine over the years, delivering lyrics with a raw, emotive intensity. The album’s opening track, “Harvest Home,” sets the tone with its brooding atmosphere, as Lanegan’s vocals weave a tale of introspection and darkness. “Floor of the Ocean” combines swirling synths with driving rhythms, creating an eerie and hypnotic soundscape.

Lanegan’s songwriting on “Phantom Radio” delves into themes of solitude, addiction, and existential reflection. “The Killing Season” resonates with its melancholic melodies and thought-provoking lyrics. “I Am the Wolf” and “Waltzing in Blue” exemplify Lanegan’s ability to capture the essence of longing and despair.

The electronic elements on the album, courtesy of musician Alain Johannes, add a modern touch to Lanegan’s signature sound, elevating it to new heights. “Phantom Radio” stands as a testament to Mark Lanegan’s artistic evolution, a mesmerizing fusion of old and new that envelops the listener in a sonic dreamscape, a deeply introspective and enigmatic journey into the soul of a remarkable artist.

FRANK IERO AND THE CELLABRATION. STOMACHACHES.

FIRST TIME IN PRINT SINCE 2014!

FRANK IERO, A NAME SYNONYMOUS WITH PUNK-ROCK REBELLION, EMBARKED ON A RIVETING SOLO VENTURE WITH HIS DEBUT ALBUM, "STOMACHACHES," RELEASED IN 2014 UNDER THE MONIKER FRANK IERO AND THE CELLABRATION. THIS ALBUM SERVED AS AN ARTISTIC CATHARSIS, VEERING AWAY FROM HIS ROLE AS THE GUITARIST IN MY CHEMICAL ROMANCE AND DELVING INTO A MORE RAW AND PERSONAL SONIC REALM.

"STOMACHACHES" IS A 12-TRACK INTROSPECTIVE JOURNEY THAT SHOWCASES IERO'S EMOTIVE SONGWRITING AND DISTINCTIVE GUITAR WORK. THE ALBUM IS A VISCERAL EXPLORATION OF HIS STRUGGLES WITH ANXIETY AND THE PHYSICAL TOLL IT TAKES ON THE BODY, WHICH INSPIRED THE ALBUM'S TITLE. THE LYRICS ARE A WINDOW INTO IERO'S INNER DEMONS, CONFRONTING VULNERABILITY AND SELF-DOUBT HEAD-ON.

MUSICALLY, THE ALBUM BLENDS ELEMENTS OF PUNK, POST-PUNK, AND ALTERNATIVE ROCK, CREATING A SONIC LANDSCAPE THAT'S BOTH GRITTY AND MELODIC. IERO'S VOCALS ARE HAUNTINGLY SINCERE, CONVEYING THE EMOTIONAL TURMOIL THAT UNDERPINS THE SONGS.

STANDOUT TRACKS LIKE "WEIGHTED" AND "JOYRIDING" OFFER AN ADRENALINE-FUELED LISTENING EXPERIENCE, WHILE "SHE'S THE PRETTIEST GIRL AT THE PARTY AND SHE CAN PROVE IT WITH A SOLID RIGHT HOOK" DISPLAYS THE ALBUM'S ABILITY TO BALANCE FRENETIC ENERGY WITH DELICATE INTROSPECTION.

"STOMACHACHES" STANDS AS A TESTAMENT TO FRANK IERO'S ABILITY TO EVOLVE AS A MUSICIAN WHILE MAINTAINING THE RAW, UNAPOLOGETIC AUTHENTICITY THAT HAS ENDEARED HIM TO LEGIONS OF FANS. IT'S AN ALBUM THAT BARES THE ARTIST'S SOUL AND RESONATES WITH ANYONE WHO'S GRAPPLED WITH THEIR OWN INNER DEMONS.

THE MIGHTY CLOUDS OF JOY 'KICKIN'

From in the late 1950s, The Mighty Clouds Of Joy released their initial records on the Peacock label, alongside Gospel legends The Dixie Hummingbirds, The Five Blind Boys Of Alabama, The Sensational Nightingales, and more.

In 1974, they moved to ABC Records, and along with producer Dave Crawford (Wilson Pickett, The J. Geils Band, B. B. King), released their acclaimed crossover release, *It's Time*. The following year, *Kickin'* exploded onto the charts, landing a #1 single on *Billboard's* Disco Action Chart with its lead track, "Mighty High." The album contained other high-energy originals, as well as covers of Stevie Wonder, Billy Preston, and Kiki Dee. Gospel music had branched into universal music, and songs that spoke to listeners of all genres. Despite the criticism they received from the Gospel community, their move into the world of Gospel-based R&B would prove popular, they would become three-time Grammy® winners.

This reissue of *Kickin'* contains the original 1975 album, plus the rare, single versions of the #1 hit "Mighty High" and the ever present "You Are So Beautiful" (which was less than a year old at the time of this cover).

Packaging contains a new essay from Tim Dillinger-Curenton, a music historian with a focus on the worlds of gospel, soul, contemporary Christian, and women's music. *Kickin'* is a look back at music evolution in the mid '70s and demonstrates how music transcends genres.

BUY! HERE'S WHY!

- Reissue of the R&B/Gospel classic from 1975 with two bonus tracks.

YESTERDAY'S CHILDREN YESTERDAY'S CHILDREN

**For fans of Vanilla Fudge, MC5, and
Psychedelic Proto-Heavy Metal!**

Yesterday's Children were an American psychedelic rock band formed in Cheshire-Prospect, Connecticut, outside of New Haven, in 1966. The group's earliest release was the psychedelic rock-influenced single "**To Be or Not to Be**". Though, at first, Yesterday's Children were a standard garage band, they transitioned into a psychedelic proto-heavy metal outfit that released one cult classic album before disbanding in 1970.

The band took an aggressive garage rock musical stance, while incorporating aspects of psychedelic nuance into their compositions. The group released their debut single, "**To Be or Not to Be**", on the **London Records** subsidiary label, **Parrot Records**, and became a regional success. It is also one of the rarest and sought after releases by avid record collectors. Over the following three years, **Yesterday's Children** released two additional singles. In 1970, the band recorded their only album, Yesterday's Children, which was released on **Map City Records**.

Now this cult classic record has been **Re-Mastered** and **Re-Packaged** and being delivered on 180g vinyl in a **Special Limited Edition (250 copies)** multi-colored vinyl.
