ROYCE 5'9

# Royce 5'9"

## "The Allegory"

### Royce 5'9" has balanced substance and style with the best in music.

In addition to an incredible solo career, Royce cofounded Bad Meets Evil (with Eminem), Slaughterhouse (with Joe Budden, Joell Ortiz, and Kxng Crooked), and PRhyme (with DJ Premier). Most known for his confident wordplay, revealing accounts of his life growing up in Detroit, overcoming addiction, and holding Rap peers accountable, Royce sits with Hip-Hop's elite and continues to be one of raps most trusted brands. Through his hard work and dedication to his craft, Royce has built and maintained a cult following and the artistic pedigree of Ryan Montgomery has never been called into question. Instead, through recent releases, including Layers (2016), The Book of Ryan (2018), and Allegory (2020), Royce has been credited as a leader in the culture by making thought-provoking, thematic releases. The once selfproclaimed "best-kept secret" of Rap, this platinum-selling, list-topping MC continues to earn his accolades though his ability to release new music with an unmatched consistency.

# WOLF PARADE THIN MIND

Sub  
Pop

CD / LP / CS / DIGITAL

SP 1333

RELEASE DATE: JANUARY 24TH, 2020

NON-EXPORTABLE  
OUTSIDE OF THE US.

Wolf Parade - Dan Boeckner, Spencer Krug, and Arlen Thompson - will release *Thin Mind*, the group's fifth album for Sub Pop, on January 24th, 2020. The 10-track record was recorded by John Goodmanson at Risque Disque on Vancouver Island, BC, mixed by Goodmanson at Bogroll Studios in Seattle, WA, and mastered by Noah Mintz at Lacquer Channel Mastering in Toronto, ON.

*Thin Mind* has sci-fi, post-apocalyptic and dystopian narratives interwoven throughout. These themes emerged while working at Risque Disque, which Boeckner jokingly describes as a Dutchman's failed utopia, a problematic structure with a post-apocalyptic vibe: the studio is housed in a stone barn hand-built by the Dutchman in the middle of the woods, using local materials and based on his memory of a building he loved growing up in the Netherlands.

*Thin Mind* finds the core members of Wolf Parade working as a trio, as they did on past albums *Apologies to the Queen Mary* and *At Mount Zoomer*, with songwriting duties evenly split between singers Dan Boeckner and Spencer Krug. The album includes the singles "Forest Green," "Julia, Take Your Man Home," and "Against the Day," the latter of which features a rare, co-vocal performance from Boeckner and Krug.

**RETAIL:** Posters and play copies will be available.

**PUBLICITY:** Album serviced to all music & lifestyle media.

**DESCRIPTION**

Another classic Pink Floyd title receives the multichannel reissue treatment and Acoustic Sounds and Analogue Productions is once again proud to handle exclusive distribution of this monumental SACD. How lucky we all are to hear this legendary studio recording realize its full potential. The SACD also of course includes a stunning stereo mix. And as this is a hybrid disc, the album is of course also playable on a standard CD player.

This is Pink Floyd at its collective finest, with everyone contributing. David Gilmour took a huge chunk of the music — writing, laying down the chord progressions on “Breathe,” “Time,” and “Any Colour You Like,” plus the singing on the album’s best songs, Water conceding to David’s far superior voice. Gilmour also pumped out what would later be hailed as some of rock’s most influential lead-guitar riffs on “Money” and “Brain Damage.”

"Dream In Motion"

## He's a man Pitchfork calls "a pioneer"

with a voice recognized by Rolling Stone Magazine as the sound of resilience. Now, Kirk Windstein, wielder of the sludge sledgehammer and unmistakable earthmoving bellow of Crowbar, stomps forward as a solo artist for the very first time. On a Dream In Motion, the inaugural effort from his eponymously monikered incarnation, the Dark Lord of the Southern Riff stretches his creative wings as he introduces new emotional depth and sonic texture that strengthen, rather than tarnish, the metal monolith's career legacy and rightly revered catalog.

# LISA MILLS

## THE TRIANGLE

### LISA MILLS Set To Release New Studio Album *THE TRIANGLE* Via Melody Place/BMG

#### QUOTES

“You should all check her out, she has a wonderful voice.” – **ROBERT PLANT**

“Girl, you keep on doin’ whatcha doin!” – **DR. JOHN**

#### BIO

**LISA MILLS** takes her audiences on a musical, and often humorous, emotional journey with charm and panache that is melodic, raw, unfettered and, most important, searingly honest: expect blues, country, gospel and soul influences...

The confluence of influences that comprise the namesake river of Lisa Mills’ native Mississippi are indeed “mighty.” However, to lump her interpretation of those blues, country, gospel and soul influences under the catch-all “roots music” moniker is both right...and entirely wrong.

Her defiance of description is what makes Lisa Mills a singular talent. She takes the best of each these genres, whether self-penned or carefully chosen covers that speak to her in some way, and utterly transforms them. By taking all those ingredients and adding the occasional dollop of jazz inflection, Mills serves up her own savoury-sweet mix that goes beyond the expected. The result is at least equal to, often surpassing the historic best that each of those genres have to offer. She is one of those rare artists that, once you’ve heard her, cannot possibly be mistaken for anyone else.

Mills now resides in Mobile, Alabama (thank you Hurricane Katrina) and draws from—but is never limited to—those influences, too. (Just listen to the seminal “Way Down South”, which alone conveys a powerful, almost overwhelming sense of time and place.)

True to the river that bears the name, Lisa Mills remains a Mighty Mississippi native with a strength of spirit that resonates through her exceptional guitar mastery and her mighty, breathtaking voice.

Lisa Mills, is mighty good.

#### DESCRIPTION:

Could Copenhagen become the new death doom capital? If so, it's all because of Konvent! Founded in 2015, the four-piece stoically trudges through the blackest mires – following in the footsteps of Candlemass, Paradise Lost, Cult of Luna and Black Breath, who all unleashed the bleakest horror on mankind in the early 90s. Rikke Emilie List's guttural vocals and tenacious riffing combined with menacingly heavy production make the debut by these four Danish women a massive extreme metal highlight of early 2020 – and it wouldn't come as a surprise if Puritan Masochism conjures up a deserved revival for the whole death doom genre.

## THE BOOK OF FIRE

RELEASE DATE:  
01/24/2020

### BLAZING FLAMES, RIGOROUS PERSECUTION UND BLOODY TORTURE – “THE BOOK OF FIRE”

the eleventh studio album by Hamburg's success-rockers MONO INC., will be released on January 24 th, 2020, and takes you to the time of burning stakes, where scholars ran for their lives and many existences, as well as the knowledge of centuries, got erased systematically – the time of the inquisition.

From the very first sounds on you get pulled into an emotional roller-coaster, get carried by epic anthems, shed tears at soulful ballads and celebrate, when heavy guitars and the angelic voice of drummer lady Katha Mia work together in perfect harmony. But the concept for the album was too refined, too good to not make more of it. And thus the band sets new standards by telling the hole story of the young healer Aellin in their first ever earbook. There you can read the whole tragedy of the inquisitional era in 12 captivating chapters. And if that's not enough, you can also listen to the story in the audio-book version, which was read by no other than Katha Mia and Martin Engler, with his soothing, smoky voice, accompanied by the heart-warming melodies of “The Book Of Fire”-songs on piano.

MONO INC., with their heaviest album ever, will take you with them into the somber time of the Inquisition, only lit up by the torchlights of henchman. You can dive in the story of a witch on CD/DVD, Vinyl and for the first time ever on earbook, and witness the whole tragedy of the lost wisdom and humanity from a front-row seat.

### DESCRIPTION:

Few bands embodied the pure excess of the '70s like Freddie Mercury and Queen. Embracing the exaggerated pomp of progressive rock and heavy metal, as well as vaudevillian music hall, the British quartet delved deeply into camp and bombast, creating a huge, mock-operatic sound with layered guitars and overdubbed vocals. Mercury's voice was a bizarre yet highly accessible fusion of the macho and the fey. For years, Queens albums boasted the motto "no synthesizers were used on this record," signaling their allegiance with the legions of post-Led Zeppelin hard rock bands. Tribute to Freddie Mercury is an exclusive album for all collectors.

Time passes, the world changes, but some things remain constant and unassailable. Heavy metal has endured for more than four decades because its spirit is eternal, and few bands embody the intensity, integrity and lofty artistic ambitions of the genre with more dazzling aplomb than Master. Formed in the US in the early-90s by singer/songwriter Paul Speckmann, this most explosive and proficient of extreme metal bands have spent the last 28 years propagating an unerring creed of technical excellence, songwriting genius and thunderous, irresistible live performance, accruing a huge global fan base along the way. And now, in 2019, Master are ready to rise again and climb ever further up the ladder toward pure metal supremacy. The band's core musical philosophy hasn't changed much since they started the band. **K. Michelle has certainly got every reason to be confident.**

The Memphis, TN native's second album, *Anybody WannaBuy a Heart?*, bowed at #1 on Billboard's R&B chart and #6 on the Billboard Top 200, eventually becoming the "best-selling female R&B album of 2014." Rolling Stone placed it among the "Top 20 R&B Albums of the Year," while Complex, Washington Post, and more extolled it. Only a year prior, her major label debut *Rebellious Soul* earned the distinction of becoming the highest Top 200 entry for a female R&B singer's debut since 2001, also coming in at #1 on Billboard's R&B chart and #2 on the Billboard Top 200. Alongside those achievements she received a Soul Train Award for "Best New Artist" and an NAACP Image Award for "Outstanding New Artist." In early 2016, the second season of her VH1 reality show, *K. Michelle: My Life*, opened to an audience of over 3.2 million viewers up 7.5%, and she made history becoming the "first African American to receive an endorsement deal from Jack Daniel's." Everything set the stage for her next album though.

# GARY MOORE

## LIVE FROM LONDON

### GENERAL INFORMATION

**ARTIST:** Gary Moore  
**TITLE:** Live From London  
**HOMETOWN:** Belfast, Northern Ireland  
**GENRE:** Blues/Rock  
**PARENTAL ADVISORY STICKERED:** No

### BIO

Some shows are so momentous that they pass into rock 'n' roll folklore. When Gary Moore stepped onto the stage of London's Islington Academy on December 2nd, 2009, it was a true one-off, showcasing one of blues-rock's biggest names in an intimate club setting. Nobody in the sell-out crowd that night suspected the great Irish bluesman was close to the end. But when Moore passed away fourteen months later the show took on added poignancy, cherished as one of his last stands, kept alive in the memories of those who attended. Now, a decade later, the release of Live From London resurrects the much-missed Irishman, bringing his blazing talents back into the spotlight, capturing the sparks of that night and bottling a performance that stands amongst Moore's very best. "It was a full-on show and an amazing performance," remembers Jon Norman, who organised the event for the Planet Rock radio station. "He even overran the venue's curfew – it just felt like he never wanted to stop playing."

The prolific Irishman barely paused for a breath during four decades of music. In early years, he earned a guitar-hero reputation from the heavy rock of albums like 1978's *Back On The Streets* and 1985's *Run For Cover* (respectively featuring the classic *Parisienne Walkways* and *Out In The Fields*, both co-written by Moore and Lynott). But in 1990, Moore returned to his first love with *Still Got The Blues*, a global hit whose A-list contributors included Albert King, Albert Collins and George Harrison. Moore was never a one-band man, and he tore through the '70s like a train. Whether igniting his own solo career with 1973's *Grinding Stone*, or making on/off appearances in Lynott's *Thin Lizzy*, with whom he recorded classic songs *Still In Love With You*, *Waiting For An Alibi*, and *Do Anything You Want To*. It was testament to the guitarist's versatile talent that during that same decade, he was able to join jazz-fusioners *Colosseum II* – and even collaborate with West End composer Andrew Lloyd Webber.

The *Live From London* concert ups the ante, meanwhile, with a home straight of classics, which include the bittersweet melody of *Still Got The Blues* and the seismic stabs of Jimmy Rogers' *Walking By Myself*, the crowd roaring back the call-and-response vocal. Finally, for the kiss-off, Moore's mastery of mood lets him shift gears to the poignant *Parisienne Walkways*, the UK#8 hit still retaining its love-gone-had magic, three decades later. It was a never-to-be-repeated night, spoken of in a reverential whisper amongst blues-rock aficionados. But now, with *Live From London*, you can be there too, thanks to a live album so immersive that listeners can practically feel the crush of the crowd and the heat from the valve amps. As Norman says: "What more could you ask for from a live show...?"

### HIGHLIGHTS

- A virtuoso guitarist, Moore mastered blues, rock, heavy metal, jazz-fusion, and many other styles over his four and a half decade career.
- Moore shared the stage with blues and rock legends B.B. King, John Mayall, Jack Bruce, Ginger Baker, Albert Collins, George Harrison, and Greg Lake.
- Released 21 albums throughout his career.
- Previous releases appeared on the *Billboard Hot 100*, *Billboard 200*, *Blues Albums*, *Mainstream Rock Songs*, and *Adult Contemporary* charts respectively.

# MARC ALMOND

## CHAOS AND A DANCING STAR

### OVERVIEW

Brand new studio album of new material from Marc Almond.

### BIOGRAPHY

Following 'Trials', Marc\* released a Greatest Hits collection 'Hits And Pieces' once again through Universal in March 2017. With so many career highlights featured within the 2-disc set, it was no surprise to see the album push Marc firmly back into the UK Top 10 and this was further supplemented with a number of high profile TV and radio appearances. Shortly after the album's release came a sold-out UK tour culminating in a triumphant show at London's Roundhouse.

Marc unveiled a brand-new album 'Shadows And Reflections' in September 2017, his first for the BMG label after signing a new 3 year 2 album deal. A labour of love, it was a heavily orchestrated collection of baroque pop nuggets from the 1960s for which Marc is revered for. 'Shadows And Reflections' was followed by a 20 date orchestral UK Tour.

The seminal electronic duo Soft Cell (Marc Almond/Dave Ball) celebrated their 40th year in 2018 with the release of their anthology through UMC on 7th September 2018. Entitled Keychains & Snowstorms: The Soft Cell Story, this ten-disc Box Set featured nine CDs and a DVD, encompassing both phases of their illustrious career from 1978 to 1984, and the 2001-3 reunion. It's the story of 21 million records sold worldwide, 13 UK chart singles, five of them Top 10 hits, two gold and one platinum-selling albums.

Marc Almond and Dave Ball got together for a sell out final ever Soft Cell show at London's O2 Arena in September 2018.

In November 2018 Marc Almond together with Jools Holland released a collaborative album, A Lovely Life to Live, through Warner's.

Marc Almond will release a new album of original songs in February 2020 produced by award winning producer, songwriter and musician, Chris Braide, through BMG.

# HEATHEN

## GENERAL INFORMATION

**ARTIST:** Heaten  
**TITLE:** The Evolution Of Chaos (10th Anniversary Edition)  
**HOMETOWN:** San Francisco, CA  
**GENRE:** Metal  
**PARENTAL ADVISORY STICKERED:** NO

## BIO

The San Francisco Bay Area scene was pivotal to the world of metal in the 1980's. A major player in that scene was Heaten who built a formidable reputation in the US and Europe while touring the world with their contemporaries such as Sepultura and Sacred Reich. Heaten returns with the 10th Anniversary remastered reissue of 'The Evolution of Chaos'. The release will be available on CD/DVD, 2LP and digitally with a previously unreleased bonus track 'Seasons of Purgatory'. The CD/DVD will include a 2-hour 'Making of' documentary on the album, as well as a live performance from 2009's Thrash Domination in Japan.

To mark the 10th anniversary, the album was remastered, and an unreleased bonus track, 'Seasons in Purgatory', was added to the album. Talking about the addition, guitarist Krage Lum explains, "for the reissue there was the chance to add something to it and improve it to give fans something new. We recorded this extra track, which Jon called 'Seasons in Purgatory', and added it to the album. Listening to it, it really sounds like an instrumental track, so that's how we're going present it. We're stoked to have it on the record." Having had space since the album's original release, Altus reflects on his favourite moment on it. "'A Hero's Welcome' is a really special song to me," he explains. "I always wanted to write a song differently and lyrically. We wanted to be a thrash metal band that has no boundaries. Thrash metal when it started was meant to break rules. It's not like we had a meeting and decided here's how thrash metal is going to sound. There were no rules. That's what attracted me to it"

'The Evolution of Chaos (10th Anniversary Edition)' is available January 31st, 2020 through Mascot Records.

## HIGHLIGHTS

- To mark the 10th Anniversary edition, the album was completely remastered.
- The reissue features an unreleased bonus track 'Seasons of Purgatory', which was written and recorded during the original recording sessions, and completed for this reissue.
- The DVD includes a 2 hour 'Making of' documentary, with interviews, behind the scenes footage from the recording sessions, and more. It also features a full live performance from Heaten during 2009's Thrash Domination in Japan.

# Daniel Johnston Chicago 2017

Daniel Johnston – *Chicago 2017* is the final album from the renowned Austin, TX songwriting genius.

In what became his last extended US tour, Daniel performed in several cities with different backing bands. His Chicago performance was with Tweedy, Jeff Tweedy's local combo with his son Spencer, James Elkington, Darin Gray and Liam Kazar. *Chicago 2017* includes new arrangements of 14 Johnston standards (plus one Beatles cover), nine performed live at The Vic Theatre, and five pulled from the previous day's session at Wilco's Chicago studio, The Loft.

Profits from this release will be donated to the Johnston family's "Hi How Are You" Foundation for the study and treatment of mental illness and addiction recovery. It is released in conjunction with the annual "Hi How Are You Day" Festival in Austin, on Jan. 22, 2020.

Daniel Johnston (1961-2019) emerged onto the alternative "lo-fi" music scene in the mid 1980's distributing a series of homemade music cassettes with his own original songs and artwork. Eventually recording full albums, Daniel gained a worldwide cult following – influencing numerous musicians and songwriters along the way. Famously battling mental illness throughout his life, which only added to the unique nature of his artistic output, Daniel populated the music world with his special talents for more than 25 years.

# LOVING

*If I Am Only My Thoughts*

"This year, everyone's talking about Loving."

- Pitchfork

"Mellow, folky indie rock with a twist of psychedelica."

- Brooklyn Vegan

Loving is the collaboration of David Parry and brothers, Lucas and Jesse Henderson. The band came together several years ago as a result of their shared summers working in the capitalist ruins of western Canada's forests. The seven tracks that came to form Loving's eponymous debut EP were written and recorded between Victoria and Toronto in the winter of 2015. The collection of lo-fi psychedelic folk songs found success online and the band amassed an organic fanbase. Thus inspired to continue the project, Jesse and David decamped to Gabriola Island in the spring of 2017 to begin work on new material. There, they set up a recording studio in Jesse and Lucas' late grandmother's seaside home and demoed the songs that would form the backbone of *If I Am Only My Thoughts*.

Due out January 31st, 2020 on Last Gang Records, *If I Am Only My Thoughts* is Loving's first full-length album. With lyrics written by both Jesse and Lucas, the lush, homespun collection of songs was recorded, mixed, and mastered by David in his basement studio in Victoria.

*If I Am Only My Thoughts* offers listeners a space to ruminate on life's uncertainties and acknowledge the often strange journey of being alive. That sentiment is relayed perfectly on the title track: "Adrift like light upon a riverbed, I'm going somewhere I imagine/ At least in my head, in my head, in my head."

"They strive when it comes to making beautiful, indie rock lullabies." - Indie Shuffle

"Reminiscent of a slightly darker Whitney. Nostalgic and lovely" - The Wild Honey Pie

# Squirrel Flower

## *I Was Born Swimming*

Record Label: Polyvinyl Record Co.

### STREET DATE

January 31, 2020

Squirrel Flower is the alias 23-year-old Ella O'Connor Williams adopted for herself when writing songs and poetry as a child. Her music is ethereal and warm, gushing with emotional depth that the listener can step into like a warm bath.

At the heart of *I Was Born Swimming* lives Williams' massive, haunted vibrating voice and melancholic, soulful guitar playing. The sounds expand and contract over diverse moods, cutting loose on the heavier riffs of "Red Shoulder" or "Streetlight Blues," both recorded in her hometown of Boston, and holding back with atmospheric restraint on "Seasonal Affective Disorder" or "Belly Of The City."

"Squirrel Flower makes ragged and raw guitar rock featuring the infectious songwriting of Ella Williams." - **NPR**

"Glorious... vulnerable, relatable, and hauntingly visceral indie rock that is alternately soaring and devastating." - **Gorilla vs. Bear**

# THE BEATOPHONICS

## LET'S DO THIS

### THE BEATOPHONICS – LET'S DO THIS

Known for their unique musical interaction and unofficial titleholders as “Denmark’s best beat orchestra”, The Beatophonics returns in 2020 with a new album, on which the band explores new paths. The album title Let’s Do This refers to the process and the active choices the band has been through while writing the new music.

The dogma of the pure beat style is gone, and the band’s members have exposed their ideas to each other in search of the good, timeless song. The anchoring of the '60s aesthetic is still present, but the band has also opened a window to the sounds and moods of the last 40 years of rock and pop – and you can find references to everything from Elvis Costello, ELO, Powepop and even to The Zombies unique sense of harmonics.
