# LIARS

## Liars

(Limited Edition Recycled Color Vinyl)

Street Date: 2/10/2023

*Liars* is the new installment from the Liars' reissue series, where every two months an album from the back catalog is released on limited edition recycled color vinyl. Includes a printed inner sleeve and audio download code.

Originally released in 2007 and recorded on the heels of 2006's *Drum's Not Dead* somewhere between LA and Berlin, the album marked another bold transition for the band. They took a more practical approach for this album, one based on traditional song structures and instrument usage, with Angus explaining at the time of release that "I'd never felt like a songwriter 'til this album."

### PRAISE FOR *LIARS*:

*"These wildly unpredictable art-rockers infuse the murky experimentation of their last two albums with the raw two- and three-chord rigor of punk, 1960s garage, and early 70s hard rock."* – Pitchfork (8.5)

*"The most frightening, evolutionary band on the planet"* – NME

# MAPS

## Counter Melodies

Street Date: 2/10/2023

Mercury-nominated artist Maps, aka James Chapman, presents his fifth studio album, *Counter Melodies*. Out February 10th on limited edition white vinyl and CD. The vinyl includes an A4 art print signed and individually numbered by Maps.

Maps' music has always embraced melancholia, but with *Counter Melodies* Chapman was keen to produce something that was upbeat and uplifting, allowing him to journey far away from the dystopian news flow. The album is a new adventure through the familiar emotional terrain of the Maps sound, while also transporting you to more resolutely optimistic and hopeful places.

### **OVERVIEW**

It is simply impossible to label Teri Gender Bender within a specific genre. This doesn't come as a surprise looking at her musical accomplishments so far: Primarily known for her exceptional performances as frontwoman and multi-instrumentalist of Mexican garage punk band Le Butcherettes, she has also contributed vocals on numerous records for Omar Rodríguez-López, as well as collaborating with musical luminaries such as Melvins and Iggy Pop.

Born the daughter of Mexican immigrants, Teresa Suárez Cosío is singer, guitarist, and keyboard player who founded the band the Le Butcherettes, a garage punk band in Guadalajara. Le Butcherettes won 'Best New Artist' and 'Best Punk Record' in the Indie-O awards and have supported bands like Jack White's The Dead Weather and the Yeah Yeah Yeahs on past tours.

The double EP, consisting of 'SATURN SEX' and 'STATE OF FEAR', follows the release of the COMPLEXIFY EP collection.

Tianna Esperanza is a singer, songwriter and storyteller who embodies a depth of talent and heart well beyond her 22 years. With a sultry voice and flair for fashion, Esperanza creates compelling music inspired by legendary artists such as Nina Simone, Public Enemy and Gil Scott-Heron. Esperanza also happens to be the granddaughter of punk legend Paloma ("Palmolive") McLardy, who founded the London-based 1970s all-girl punk band The Slits and later played with The Raincoats.

Growing up in Cape Cod, Massachusetts, Tianna was hardly surrounded by diversity. As a multiracial child in an affluent predominantly white beach town, she navigated as best as she could, knowing she was wired differently for a myriad of reasons.

Tianna sought to forge her own path, though her life's journey wasn't smooth. Experiencing othering and colorism was felt on both a micro and macro level for Tianna as she grew up, but she also suffered the loss of her younger brother, while later surviving sexual assault. Her survivors's instinct and therapeutic creativity fuel her debut album *Terror*, a project that is not only a composite of all she has endured, but also as a means to find herself within the music.

As the rising star unveils her debut masterpiece, *Terror*, set for release on February 17, 2023 and produced by Chin Injeti (P!nk, Eminem, Aloe Blacc), Tianna is geared to create a movement powered by honest and authentic music that will stand the test of time.

# BILLY HOWERDEL WHAT NORMAL WAS

## SUMMARY

After all of these years, Billy Howerdel is ready to introduce himself. The vocalist, multi-instrumentalist, producer, composer, A Perfect Circle co-founder and guitarist projects facets of his personality onto a reflective ethereal canvas of living and breathing soundscapes. On his proper full-length solo debut, *What Normal Was* [Alchemy Recordings/Rise Records/BMG], he inhabits a space that's reverent of his past, present, and future simultaneously.

"This is me stepping back into my early teen self and making the record I would have made if I had the means and the knowledge when I first picked up a guitar—just in 2022," he explains. "It's that moment as a kid when you hear a record, close your eyes, and go somewhere else. During the making of this album, a global pandemic's chaos had a silver lining. It gave me time to tighten the songs into the place I'd hoped they could be. When I look back, I don't think I'd change anything about it."

Ultimately, this album is the best way to get to know Billy.

## SELLING POINTS

- Billy Howerdel, better known as founding member and guitarist of A Perfect Circle, is back with his first solo single in 14 years. Now under his own name instead of the previously titled Ashes Divide project.

- Mixed by Matty Green (Dua Lipa, U2, Weezer)
- Live band members include Josh Freese (A Perfect Circle, Devo, and more), Danny Lohner (Nine Inch Nails), Kaela Sinclair (M83), and Kevin Maher (Fake Shark)
- Alt radio specialty campaign for "Free and Weightless"

## PRESS QUOTES

"Record's great! If you're a huge fan of A Perfect Circle, you're gonna love it hands down. Has shades of A Perfect Circle in there but also a lot of his early influences really coming through like The Cure, Depeche Mode, Echo & the Bunnymen. Solid!" - Dan Carter, BBC Radio 1

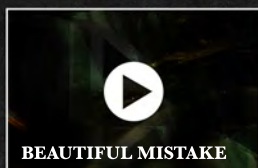

"Howerdel paints a haunting visual with a dark palette." - Loudwire

"...an ethereal, brooding and intensely stark creeper with gothic vocals and oodles of atmospheric textures." - Revolver

Bloodywood from India are the hottest new band in the Metal-genre. Millions of followers online and a growing fanbase!  
The self-released debut “Rakshak” finally released as a proper vinyl edition!

## Bloodywood

Formed in 2016 as a fun band, Bloodywood from New Delhi, India are the hottest metal band right now! They bring everything you need in 2022: aggression, global ideas, visionary views, politically correct behavior and standing up for minorities from all walks of life. The band around the three heads Jayant Bhadula, Karan Katijar and Raoul Kerr managed to break into the international charts on their own and gathered an incomparable fan following. What started out six years ago with Bollywood and Linkin Park-covers has grown to a size that's expanding by the day. Bloodywood fans can now be found all over the world, millions of people have heard their songs and watched their videos, the wave can no longer be stopped. Now the debut “Rakshak”, which the band self-released in early 2022, is finally out on vinyl! In the summer of 2022 they will storm the European festivals, make their point in the USA in September and return to play their long-awaited clubtour through Europe, which was postponed due to the pandemic, at the beginning of 2023. Tickets are already running low. In a year at the latest everyone will know who Bloodywood is. Tom Morello (Rage Against The Machine) already knows it and has drawn his fans' attention to the Indian metallers with a tweet: "Rocking!" he calls the Indian sensation. Among other things, the musicians are involved in animal welfare and social projects and use traditional Indian instruments such as the tabla, dhol or bamboo flute. They mix it with rough thrash metal, urban rap vocals (English/Hindi/Punjabi) and rock-hard grooves. That creates a lot of uproar, at times sounds like open street fighting and, despite the regional references, has an absolutely international level. Especially since moderate sounds also find their place on “Rakshak” (Hindi for “protector”), as can be heard from the tracks 'Zanjeero Se' and 'Jee Veerey'. Bloodywood definitely deliver Linkin Park-standards here and even open themselves up to target groups that are less metal-savvy. The majority of this album rages like an unleashed tropical storm ('Dana-Dan', 'Chakh Le') is decked out with an impressively rabid force and hardly allows the listener any breaks. This mix is what makes it so successful: the album entered the Billboard charts, making them the first Indian metal band to do so. “Rakshak” was also successful on Bandcamp, where it topped the platform's album sales upon release and was ranked as the 22nd best-selling new release of all time (as of March 2022) and the 3rd best-selling metal release. Rock for a rebellion that will be unstoppable!

## Swedish extreme tech-metal pioneers MESHUGGAH return with their ninth studio manifest "Immutable", out on April 1st, 2022

Artist: MESHUGGAH  
Title: IMMUTABLE  
Original Release: April 1<sup>st</sup>, 2022  
Release Date: February 17<sup>th</sup>, 2023  
Label: ATOMIC FIRE  
File Under: METAL

### Mavericks. Pioneers. Unique. *Immutable*.

Destined to be one of 2022's most hailed and talked-about releases, "Immutable" once again showcases MESHUGGAH's collective brilliance, including some of the most jaw-dropping ensemble performances they have ever executed.

Since forming in 1987, the Swedish sound architects known as Meshuggah developed into one of the most technically complex and virtuosic group of players the metal realm has ever encountered, their distinctly unique brand of progressive groove-infused death metal inadvertently launching an entirely new subgenre. Recorded in Sweden's „Sweetspot Studios“, their ninth full-length album „Immutable“ is the follow-up to their highly acclaimed and **Grammy nominated album**, „The Violent Sleep Of Reason“. The new album and 2022 tour will see the return of Fredrik Thordendal.

### Key Sales & Marketing Points:

- New and ninth studio album of the tech-metal pioneers from Sweden
- 3 animated video clips associated with single tracks
- Mastered by multiple **Grammy award winner Vlado Meller** (Metallica, Rage Against The Machine, Red Hot Chili Peppers, System Of A Down),
- European and US Headline Tour in 2022

### Press Quotes:

- *"Thirty years on the throne and counting, Meshuggah can still ignite surprise after devastating surprise from within this beast of a genre. Between its brutally minimal grooves, bright cinematic vistas, slippery rhythmic sideswipes, disgusting bass bludgeoning, classic Thordendal solos and overall darker sonic presentation, "Immutable" pioneers new territory for the band as much as it lays claim to everything that made them great for the past nine records."* -- Decibel, Dan Lake
- *"On IMMUTABLE, Meshuggah's mission remains unchanged: to tunnel into the future,*
