THE KINKS

THE JOURNEY – PT. 1

Release Date: 3/24/23

Overview:

THE KINKS are one of the greatest ever British bands, and one of the most influential rock groups of all time, without whom many of the big rock acts that followed would not have existed. Their multi-award winning, legendary front man Sir Ray Davies is one of the greatest all-time British songwriters.

Celebrating The Kinks 60th anniversary and compiled by The Kinks, this is a new, high-profile, worldwide 'release combining the Pye, RCA and Arista catalogues properly for the first time. It is the first new Kinks 'best of' for many years, especially so on vinyl.

This is a key part of BMG's high-profile, worldwide **Kinks 60th anniversary campaign, 2023-24**, featuring a host of Kinks media events, comprehensive marketing and BMG audio/audio-visual releases.

THE JOURNEY is a collection of tracks chosen by The Kinks' Ray Davies, Dave Davies and Mick Avory that reflect the trials and tribulations of their journey through life together as a band since 1963.

Contains: Hits, key album tracks, singles, band favorites and B-sides. All recordings remastered from original master sources.

Features 8 Top 20 Hits (of which 5 were top 3) including: "Waterloo Sunset," "You Really Got Me," "Celluloid Heroes," "Supersonic Rocket Ship," "Dead End Street," "Death Of A Clown" and "All Day And All Of The Night."

Tracks are taken from all the classic original Kinks albums, including: *Kinda Kinks*, *Face To Face*, *Something Else* and the recently remastered 50th anniversary editions of *Village Green Preservation Society*, *Lola*, *Muswell Hillbillies* and *Everybody's In Show-Biz*.

Compiled by The Kinks.

Booklets include band photos and personal track by track notes from Ray Davies, Dave Davies & Mick Avory.

THE JOURNEY – PART 2 follows on September 29, 2023.

SAXON PROUDLY DISPLAY THEIR FOLLOW UP TO “INSPIRATIONS” WITH NEW CLASSIC COVERS RELEASE, APTLY TITLED: “MORE INSPIRATIONS”

British Heavy Metal legends, **Saxon**, return with a second ‘deep dish’ serving of the inspirations which have fed their immensely successful 40+ year career. Whether unveiling a sensational take on **The Sensational Alex Harvey Band’s** “The Faith Healer” (in the process showing the direct lineage from teenage turntables to international glory), getting feral with **The Animal’s** “We’ve Gotta Get Out Of This Place”, letting loose a high-octane take on **Alice Cooper’s** “From The Inside”, or laying down a ferocious tribute to **KISS’** “Detroit Rock City”, *More Inspirations* is a joyous trip into the sounds which galvanized the Barnsley boys and continue to get spun on home stereos and tour buses.

Produced by vocalist/co-founder **Biff Byford**, with Seb Byford helping record the music alongside mixing engineer Jacky Lehmann, *More Inspirations* also includes enthusiastic takes on **Alice Cooper**, **Rainbow**, **ZZ Top** and **Cream**, as well as a thunderous “Razamanaz” by **Nazareth**, a tasty take on **The Who’s** “Substitute”, and a thick groove take on **Uriah Heep’s** “Gypsy”. Whether this is your first dance with such classic songs, or you’ve come to see where **Saxon** were born, *More Inspirations* delivers the goods and then some.

More Inspirations will be released on CD Digipak, 12” Black Vinyl, Digital Download and Streaming. Available to pre-order from January 16th 2023.

After fronting popular Jamaican vocal trio the Paragons on a succession of best-selling rock steady singles during the late Sixties, John Holt went on to become one of Jamaica's most popular solo performers, scoring a series of reggae hits for many of the island's leading record producers.

His international breakthrough came in 1974 with the hugely popular '1000 Volts of Holt' album, which fused raw reggae rhythms with sophisticated orchestral arrangements.

The highlight of the long-player was a reworking of Kris Kristofferson's country hit, 'Help Me Make It Through The Night', which the following year became a global hit, with the single, peaking at Number 6 in the UK charts. Over the years that followed, Holt remained a giant of the reggae scene with further best sellers and numerous sell-out shows around the world.

The very best of his solo work has been brought together on this 'Essential Artist' compilation, the latest release in Trojan Records' newly launched range that showcases the work of Jamaica's best-loved 'foundation' artists.

Available as a 28-track double vinyl LP and a comprehensive 2CD compilation, the collection superbly illustrates the talent that made John Holt one of the reggae music's most popular and enduring singers.

Arguably the most gifted Jamaican performer of his generation, Ken Boothe is today widely regarded as a living legend, having recorded innumerable ska, rock steady and reggae classics over a period spanning some 60 years.

After making his recording debut in 1962, Ken enjoyed a hugely successful career in Jamaica before achieving international stardom in 1974 with his chart-topping interpretation of 'Everything I Own' and the top 10 follow-up, 'Crying Over You'.

Both of these hugely popular tracks feature on this collection, which forms part of Trojan Record's new 'Essential Artist' series, which showcases the best-loved recordings of some of Jamaica's greatest musical talents.

Available as a 28-track double vinyl LP and a comprehensive 2CD compilation, both releases demonstrate the exceptional vocal talents of one of the finest and most soulful performers to have made their mark on modern popular music scene since the Sixties.

PUSCIFER

EXISTENTIAL RECKONING - RE-WIRED

BIOGRAPHY

Born somewhere in the Arizona desert, Puscifer is an electro-rock band, multimedia experience, traveling circus, and alien abduction survivors. The group's catalog consists of three full-length studio albums—"V" is for Vagina [2007], Conditions of My Parole [2011], and Money \$hot [2015]—in addition to a series of EPs and remixes. Beyond the core trio of Maynard James Keenan [vocals], Mat Mitchell [guitar, production], and Carina Round [vocals, songwriting], the group's ever-evolving ecosystem encompasses Greg Edwards (bass, guitar, keys), Gunnar Olsen (drums), as well as a cast of characters such as Billy D and his wife Hildy Berger, Major Douche, Special Agent Dick Merkin, and many more. Renowned for an immersive live show, the group's performances blur the lines between concert and theater, traversing the dusty American Southwest with Billy D and Hildy or the sweaty squared circle with Luchadores. They've brought this to life everywhere from Coachella to Bonnaroo.

Existential Reckoning: Re-Wired offers a track-for-track re-imagining of the 12 songs from Existential Reckoning. Puscifer band members Mitchell and Round, along with current touring musicians Greg Edwards (Failure, Autolux) and Gunnar Olsen reinterpret tracks from the prophetic, electro-laced record. The Academy Award-winning team of Trent Reznor and Atticus Ross tackle "Apocalyptic" (Reznor has a co-writing credit with Maynard James Keenan and Mitchell on Puscifer's 2009 song, "Potions"), Phantogram revamp "Postulous," Drummer Sarah Jones and Bring Me The Horizon's Jordan Fish tackle "'Theorem,'" Queens of The Stone Age (and sometimes A Perfect Circle/Failure) guitar player Troy Van Leeuwen partners with his Gone is Gone bandmate, Tony Hajjar for "Grey Area," while Tool's Justin Chancellor and The Crystal Method's Scott Kirkland join forces for "UPGrade." Additional contributors include Juliette Commagere, who first appeared on Puscifer's 2011 album Conditions of My Parole, keyboard player Alessandro Cortini (Nine Inch Nails), and BBC 1's Daniel P. Carter.

HIGHLIGHTS

- Featuring Maynard James Keenan of Tool and A Perfect Circle
- Re-imagined versions of 2021 album 'Existential Reckoning' featuring remixes by Trent Reznor (Nine Inch Nails), Jordan Fish (Bring Me The Horizon), Troy Van Leeuwen (Queens Of The Stone Age), Tony Hajjar (At The Drive In), Phantogram, Sarah Jones (Hot Chip), & more
- Over 55M global streams on 'Existential Reckoning' studio album to date
- Over 850K total consumption albums sold across catalog in the US
- May 2023 US tour around festivals including Welcome To Rockville and Sonic Temple

PRESS QUOTES

- "...the airily hypnotic electronic rock album works brilliantly..." - **Variety**
- "...infectious enough to make you want to dance the blight away and ponderous enough to make your mind work up a sweat while doing so." - **SPIN**
- "Mat Mitchell's instrumentation provides a new wave-inspired soundtrack." - **Consequence**
- "...darkly playful..." - **Stereogum**
- "You're highly unlikely to find another album that explores the fear and loathing of our uncertain times in as chill a fashion as the latest from Maynard James Keenan's art-rock outfit Puscifer. - **Revolver**

THE KINGDOM VINYL

Release Date: 3/31/23

QUOTES

"This organic and fluid collaboration between the group is exactly how **BUSH**'s latest single **'Flowers On A Grave'** grew into a powerhouse hit" —**AMERICAN SONGWRITER**

"The heavy hitter bottoms out with groovy and bulky bass lines, projected by intense, grungy and heavy guitar riffs, that spiral into perfect chaos through ascending and climatic solos" —**AMERICAN SONGWRITER**

"There's some messages of hope throughout the new **BUSH** album, even showcased in the title, **THE KINGDOM**, a place Rossdale imagines to be free of judgment and self-righteous people; a place where people can be free to express themselves." —**HUFFPOST**

"It's as if all roads traveled over the last few years have gotten us to this point. We look forward to this cycle — old fans, new fans, likeminded people who are searching for their kingdom." —**Gavin Rossdale**

The pensive and pummeling "Flowers On A Grave" is the dynamic follow-up to **BUSH**'s cinematic "Bullet Holes," heard by audiences all over the world atop the end credits to the international blockbuster "John Wick: Chapter 3 - Parabellum." Produced by **Tyler Bates**, "Bullet Holes" will also be featured on **THE KINGDOM**. —**BLABBERMOUTH.COM**

"This organic and fluid collaboration between the group is exactly how **BUSH**'s latest single "Flowers On A Grave" grew into a powerhouse hit and presented fans with a peak of what's to come..." —**AMERICAN SONGWRITER**

BIO

THE KINGDOM features some of the most potent songwriting of Rossdale's career, highlighted by the pummeling "Flowers On A Grave," as well as the noise hurricane "Quicksand" which finds him showcasing a vulnerability like rarely before. "It encompasses my present inability to find a lasting significant other," the singer openly admits of the track's inspiration. "I like the idea of until you find that perfect love that people are in quicksand in the attempt to find love. How love is impulsive because people are so weird these days. That's a very poignant song for me." And then there's "Undone," a heart-wrenching ballad written in a burst of inspiration that he describes as "very pure" and untainted. "I'm really proud of that song," Rossdale says. "It has none of the pressure of outside forces and white noise. I stayed true to it."

In many ways, with **BUSH**'s new album, Rossdale is creating the type of music—and the world—he hopes to see. As he explains, **THE KINGDOM** is a utopic ideal—a reaction to a world full of "judgement and self-righteousness and mob mentality and where everyone knows better than everyone else." "The Kingdom was this place that I imagined where likeminded people could go and be free and artists and musicians and painters and people could think for themselves and don't hold any judgement over anyone else," Rossdale offers.

Title: ObZen

Pre-sale: January 27th, 2023

Release Date: March 31st, 2023

Label: ATOMIC FIRE

File Under: METAL

Description:

Formed in 1987 in Umeå, Sweden, **Meshuggah** have gone on to be called “one of the ten most important hard and heavy bands” by **Rolling Stone** and have earned the respect and admiration from fans and musicians alike.

It is impossible to talk about experimental or avantgarde metal without mentioning this truly groundbreaking act: MESHUGGAH mix ultra-complicated rhythmic patterns with massive riffs and aggressive growls, combining Death Metal, Mathcore, Thrash and Progressive Metal to create their unique style.

The year 2023 now marks the 15th anniversary of the band’s milestone: "ObZen".

Yet another masterpiece of diversity and surprises as a whole, the album contains the band’s absolute massive hit, “Bleed” – the song that tore through the industry like a shockwave and had fans and musician peers alike completely speechless. You could say that "ObZen" is some sort of a best of album of the band’s early works combined with fresh, new songs at that moment in time – but that’s only half the truth. Compared to some of the gloomy lava realm of subconscious terror of previous releases, "ObZen" is a big butt kick. Some parts are still slo mo-groove infernos, but others, like the opener "Combustion", are high speed-massacres like the band never did before. Pure technical ass-kicking mayhem!

The band only released classic albums since their debut in 1991, but it’s not wrong to say that "ObZen" was their most mature accomplishment up to the date of its original release in 2008.

Now get your headphones, take some time off and listen to newly remastered, 15th anniversary edition of "ObZen" over and over again.

The re-release of this masterpiece comes in hi-def audio on all streaming platforms, as well as a beautifully enhanced digipak and stunning new vinyl colors, (limited worldwide to under 1500 of each color), to complete every collector’s dream.

NICKELBACK

Get Rollin'

When the pandemic hit, everyone was knocked into isolation. **Chad Kroeger's** home studio in Vancouver, usually always buzzing with activity, was suddenly quiet. While this was tough and scary—we all remember those endless, dark months, right? —**Nickelback** took this an opportunity to work on new material with fewer distractions.

“The lockdown actually helped,” says **Chad Kroeger**. “Creativity doesn’t love dead-lines and because the uncertainty that came with the pandemic, we had none. That meant there was an ease to recording the album because we were free to take our time. We made the record because we wanted to, not because we had to.

“This one is loaded with rock, the way **Nickelback** was intended to be.”

Officially arriving on November 18, 2022, **Get Rollin'** is the band's tenth studio album and first since *Feed the Machine* in 2017. And make no mistake: **This is a rock album.**

Nickelback is now more than a quarter-century deep into a career that has seen them go from small-town Alberta, Canada, to a globally renowned, multi-platinum rock band. They are one of the most commercially viable and successful acts of the 2000s, selling more than 50 million records. Next to The Beatles, they're the second best-selling foreign act in the U.S.

“**How You Remind Me**” was **Billboard's** Top Rock Song of the 00's while the **All The Right Reasons** album sold in **Diamond** amounts (more than 10 million copies sold) in America. Sales of that album are now somewhere north of 13 million in the U.S. and 19 million globally.

Heading into **Get Rollin'**, **Nickelback** has had 23 chart-topping singles and 12 consecutive sold-out world tours performed in front of nearly 10 million diehard fans around the planet.

Nickelback is **Chad Kroeger** (Lead Vocals, Guitars), **Ryan Peake** (Guitars, Backing Vocals), **Mike Kroeger** (Bass) and **Daniel Adair** (Drums, Backing Vocals).

A Certain Ratio

1982

Street Date: 3/31/2023

Mute is excited to announce the release of A Certain Ratio's *1982*, out March 31st on limited edition smokey marbled vinyl, orange vinyl, and CD. The limited edition smokey marbled vinyl is packaged in a metallic ink printed sleeve. Each physical format features a unique front sleeve cover.

A Certain Ratio's greatest strength has always been their unpredictability. They've always moved with gleeful disregard for the boundaries of style and genre, their eye fixed firmly on constant progression. It's an ethos that's open-minded over all else, and that's seen them take everything from experimental electronica to vintage funk, filtered through their own Mancunian lens.

Their latest studio album *1982* is no different in its unpredictable multidimensional nature. It shoots off in every direction, whether via searing Afrobeat, mind-melting jazz breakdowns or moody electronic experiments all with pop hooks and irresistible dance rhythms. It might be called *1982*, but it's no nostalgia trip, fearlessly facing up to the future and running at it with full speed.

The album follows *ACR Loco* and *EP:ACR* in what is turning out to be the band's most creative period, unmistakably ACR and unmistakably like nothing else.

ADRIANA CALCANHOTTO

ERRANTE

RELEASE: 3/31

For 30 years now, Adriana Calcanhotto has been at the forefront of a new generation of female Brazilian singer-songwriters who are equally accomplished as composers, instrumentalists, and poets. Two years ago, the Corona lockdown in Brazil forced Adriana to record her latest album "Só" ("Alone") under unusual circumstances. That is to say, in a virtual collaboration with other musicians who, just like herself, had been confined in domestic quarantine. The album, of course, underlined the loneliness experienced during this time. Now, the two-time Latin Grammy winner (in 2006 and 2010) returns with a much more outgoing effort aptly titled ERRANTE.

SUNROAD

SUNESTHESIA

For Fans of Rainbow, Whitesnake, Michael Schenker and Classic Hard Rock!

There is no doubt about saying that the band from **Goiás, Sunroad**, is one of the most relevant names in the melodic Hard Rock/Heavy Metal scene in all of South America. After all, they have a 20 year career, eight albums released, concerts in various regions of Brazil and other countries in **South America**, alongside great artists such as **Joe Lynn Turner, Petra, Stryper, L.A. Guns, Whitecross, Narnia**, etc.

Sunroad returned to the studio in 2021 and released their eighth studio album: **“Walking The Hemispheres”**. That album was nominated for the **Dynamite Independent Music Award** as one of the **“Best Rock Albums of 2021”**, now they are set to finally release Worldwide their newest album **“Sunesthesia”**.

“Sunesthesia” has a very fine and sophisticated melodic hard rock sound, such as **UFO, Whitesnake, Michael Schenker Group** to name a few. Artwork was created by **Tristan Greatrex (UFO, MSG, Vinnie Moore, Lionheart, etc...)**, and features guests such as **Ronnie Romero (MSG, Rainbow), Carl Dixon (Coney Hatch, The Guess Who, April Wine), Michael T. Ross (Hardline, Lita Ford)**.

GHOSTS OF SUNSET BREATHE

For Fans of Motley Crue, Quiet Riot, and Classic 80's Rock!

After drawing attention to themselves in 2020, with their debut Ep, '**Headed West**,' and 2022 followup LP '**No Saints in the City**' the duo of singer-songwriters **John Merchant** (former **Dutch Henry** frontman) and multi-instrumentalist **Todd Long** (previously with **The Verve Pipe**) aka GHOSTS OF SUNSET have returned with their next shot of melodic hard rock – '**Breathe**'.

With Merchant and Long living in Michigan and Florida respectively, both the writing and recording process for '**Breathe**' were a bit unconventional and at the same time, par for the course with 21st Century technology. "We did all our recording via File Sharing," says Long. "First, one of us will have an idea and then we just start sending mp3s back and forth while building the track up. After a basic track was completed we'd then seek out who we feel might be right to put a guitar solo on it. If they like the track then we proceed. If they don't then that's fine too. We just hoped they feel connected enough to the track to want to contribute."

"**Ghosts of Sunset**" not only pays homage to the 1980s "Hair Metal" scene they grew up on (**Quiet Riot, Ratt, Motley Crue, Warrant, Faster Pussycat, GnR, etc.**) but for music fans whose tastes run pretty deep, '**Breathe**' touches upon post punk aggression, melodic rock choruses and a quicky **Cheap Trick** spin on it all.
