# SONATA ARCTICA return to their power metal roots on "Clear Cold Beyond"

**Artist:** SONATA ARCTICA  
**Title:** Clear Cold Beyond  
**Pre-sale:** 12/08/2023  
**Release Date:** 03/08/2024  
**Label:** ATOMIC FIRE  
**File Under:** METAL

Sonata Arctica have been many things in their storied career. Finnish power metal messiahs, relentlessly touring powerhouses, champions of sublime melody. First and foremost, however, they have been stalwarts in showcasing the magic and the enchantment flowing through heavy metal. They have been embodying the majesty and serenity of Nordic nature since their foundation in 1995 and have been spellbinding their world with ten records, EPs and countless tours.

"Clear Cold Beyond" easily is the most relentless Sonata Arctica record to date, a spectacular resurgence of their trademark, lightning fast power metal forged far, far north. "We've felt for a while now that we'd need to get heavier again after some unintentionally softer albums," Tony says. With production duties handled by your truly Mikko Karmila, key figure of their early days, "Clear Cold Beyond" sounds massive, heavy and hungry and takes a bow to their early work when everything was shrouded in a profound sense of magic and mystery. This magic is back now – only with a band that's 25 years down the road and nothing less than an experienced beast urging to go mental like they never did before.

## LOVE IS BACK IN STYLE

Philadelphia legends, The Stylistics were a preeminent vocal group throughout the 1970s notching hit after R&B hit with their trademark ballads. Their chart-topping prowess was only amplified when, 25 years after The Stylistics' original hit, "Betcha By Golly Wow" was covered by Prince on his *Emancipation* album, introducing the classic song to a new generation of listeners.

After two decades of success, The Stylistics took a break from the studio to focus on their live show presentation and touring, but by the mid-'90s, they were ready to record again. Producer and songwriter Preston Glass had developed a relationship with Thom Bell, which after success with other artists (Stacy Lattisaw, Kenny G, Earth, Wind & Fire), led him directly to The Stylistics.

### From the liner notes:

"First released on producer Preston Glass' Marathon Records in 1996, *Love Is Back In Style* brought the legendary soul masters well into that decade with an album that is the perfect marriage between the then-modern sounds of the 1990s and their classic '70s hits. *Love Is Back In Style* carried a similar quality found in the great works The Stylistics gave fans in the 1970s, while under the tutelage of the iconic producer/composer/arranger/conductor Grammy®-winner Thom Bell. The album is also poignant, given that it was the last album recorded with three original Stylistics—Airrion Love, Herb Murrell, and longtime lead singer, Russell Thompkins Jr."

Featuring remastering by multiple Grammy®-winning engineer, Michael Graves and updated artwork containing informative liners from Kevin L. Goins, *Love Is Back In Style* rightfully takes its place in the canon of one of Philly soul's greatest groups.

## BUY! HERE'S WHY!

- 1996 release containing the final recordings from the three original, hit-making members of The Stylistics.
- Features original material from Preston Glass (Earth, Wind & Fire, Kenny G, Lenny Williams) and bonus track including a rap by Biggy Smallz.
- Updated artwork features new liner notes from producer and journalist Kevin L. Goins.

### PROJECT OVERVIEW

*"I know firsthand what it means to be broken and desperate. However, I have also experienced the beauty and wonder of God redeeming and breathing life into situations that seemed utterly hopeless. I want my music to speak truth and shine a light for those going through dark times."*—Katy Nichole

Centricity Music's Billboard Chartbreaker and 2023's Gospel Music Association New Artist of the Year Katy Nichole released her full-length debut album, *Jesus Changed My Life*, Feb. 24, 2023. This 11-track odyssey features three back-to-back No. 1 songs, including her RIAA Certified Platinum®, BMI Christian and K-LOVE Fan Award-winning single "In Jesus Name (God of Possible)." The song became the biggest hit this decade on Billboard's Hot Christian Songs chart, holding 20-weeks at No. 1 while its companion video has been viewed more than 37 million times on YouTube alone.

On March 15, 2024, Nichole releases her *Jesus Changed My Life Deluxe* album with seven additional tracks, including four never-before-released originals.

### ABOUT KATY NICHOLE

With her relationship to both music and God inextricably intertwined along her path through anxiety and depression to health and wholeness, Nichole continues to release songs filled with the unabashed honesty and impeccable artistry that have made the 23-year-old one of Christian music's fastest-rising talents. Realizing her second and third-straight No. 1 songs with "God Is In This Story" and "Hold On," nominated for an American Music Award and performing twice on the Grand Ole Opry, Nichole hits the road in January with Winter Jam '24, Christian music's biggest arena tour.

# Doris Troy

## Another Look

### BUY! HERE'S WHY!

- Rare and unissued material from Mama Soul.
- Many tracks making their CD/Digital debut, plus one previously unissued track.
- Artwork contains new liner notes from set co-Producer, Doris Troy collaborator, and British Ambassador of Soul David Nathan.

Doris Troy took the music world by storm with her 1963 smash "Just One Look." The Hollies, Anne Murray, and Linda Ronstadt would bring it back to the charts, and countless artists including Bryan Ferry, Count Basie, Klaus Nomi, and Harry Nilsson would later put their spin on it as well. In 1969, The Beatles signed her to their label, Apple Records, and an eponymous, star-studded album appeared later that year.

In 1976 & 1977, after albums for the Polydor and People labels, she released two singles on the Midland International label. The first contained the notation "from the forthcoming album *Another Look*," complete with an assigned catalog number. However, an album never appeared. Near the end of that decade, she collaborated with British Ambassador of Soul David Nathan to record tracks, which finally made their way into the public ear in 2018—some on vinyl, some only available digitally.

*Another Look* collects these rare and hard to find tracks from the mid to late '70s, and places them together to offer a definitive view of this period of Troy's career. Containing both 7" and 12" versions of the Midland International material (most available again for the first time since their original release), this set collects another track only previously available on a UK compilation plus her material recorded with Nathan including one previously unissued recording.

With packaging containing informative liners from set co-Producer David Nathan, this collection proves just one look at Doris Troy is never enough. It is time for *Another Look*.

# FOR THE FALLEN DREAMS

## HEAVY HEARTS

### SUMMARY

FOR THE FALLEN DREAMS, from the blue collar town of Saginaw Michigan. Their humble upbringing shows in the music they play. FTFD plays some of the most brutal yet melodic music. Honest and angry. Definitely one of the heaviest records for 2008! Produced by upstart studio guru Joey Sturgis (The Devil Wears Prada, My Children My Bride, At The Throne of Judgment). FTFD showcases some of the best guitar work in their genre. Pantera would be proud. For fans of ACACIA STRAIN, BURY YOUR DEAD, MISERY SIGNALS and EMMURE.

## SUMMARY

Soulful R&B hooks, neo nü-metal bounce, prog-rock smarts, and active rock might swirl together in passionate ceremony, bridging the gap between the theatrical shimmer of The 1975 and the heavy syncopation of Meshuggah with energetic ease. Hints of classic funk, jazz-fusion, and modern pop-rock swagger weave between pulsating rhythmic punch and guitar driven riff rock, without a moment of incoherence. ISSUES have mastered the art of the mash-up, a genre unto themselves.

# LEVIATHAN PROJECT

MCMLXXXII

**For fans of Judas Priest, Black Sabbath, Dio, and Heavy Metal!**

Leviathan Project is a powerful Metal ensemble, featuring: **Tim “Ripper” Owens (KK’s Priest)**, **Vinny Appice (Black Sabbath)**, **Bobby Koelble (Death)**, **Matt Nardo (Producer)**, and **Tom Kay (Britny Fox)**. Collectively, they tap into the late 70’s and early 80’s sound that defined a generation. The result is an aggressive and captivating group that combines traditional Metal with soaring melodies, haunting vocals and other worldly guitars.

**Leviathan Project** originally released a Limited Edition cassette in 2021, throwing it back to the early days of Metal when you would discover the latest new band through tape trading, and followed it up with the full release **“Sounds of Galaxies”** which also featured the powerhouse vocals of former **Judas Priest** vocalist **Tim “Ripper” Owens**.

Now with the addition of legendary drummer **Vinny Appice (Black Sabbath, Dio)** they are set to release **MCMLXXXII**. The album features 10 tracks including the first single and video **“Starlight”** which is already being embraced by the Metal community.
