françoise

françoise hardy en vogue best of 1962-1967

Françoise Hardy's Vogue years have left a mark on the history of French and international music. Even today, the 5 years between 1962–67 remain an exceptional moment in her career, the one when she exploded in the eyes of a generation that was born during or just after the World War II, the generation that would be part of the May 1968 Paris protests.

Hardy exploded not only in France alongside her fellow “Yéyés,” but also internationally, where she became the symbol of French elegance, talent and charm. The United States, Japan, United Kingdom, Germany, Italy, Spain—no one could resist Françoise, who recorded most of her hits in English, Italian, and German.

“Tous les Garçons et les Filles,” “Mon Amie la Rose,” “L’amitié,” “Le Temps de L’amour,” etc. are songs that have crossed generations and can be heard in recent movies (Wes Anderson loves Françoise Hardy and has included her songs several times in his films), international television series (*The Walking Dead*, *Industry*, *Week-End Family*) and advertising spots (Dior 2022 campaign).

All tracks have been fully remastered and are available on CD and as a double LP on opaque red vinyl.

BUY! HERE'S WHY!

- Celebrating Françoise Hardy's indelible mark on the history of modern music.
- The best of her Vogue recordings from 1962 through 1967.

The Rembrandts

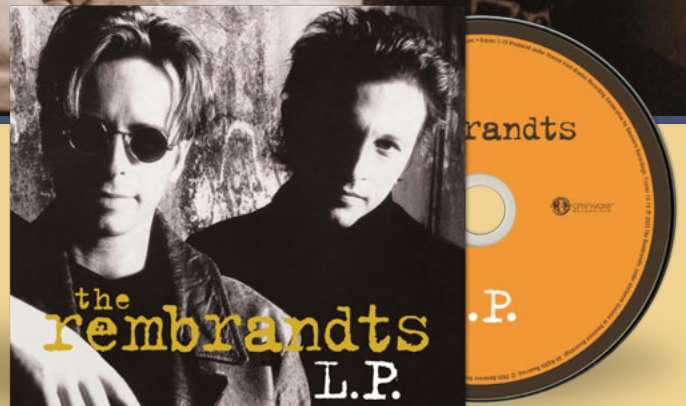

After being a member of Los Angeles power pop/glam sensations The Quick, Danny Wilde met Phil Solem, and Great Buildings were born, recording an album for Columbia in 1981. Wilde and Solem continued writing together and rebranded themselves as The Rembrandts.

Their eponymous 1990 debut featured the Top 15 hit "That's Just The Way It Is, Baby," and their work on *Untitled*, brought them to prominence to co-write and record the theme for a new NBC sitcom called *Friends*. The track topped the US *Billboard* Hot 100 Airplay chart for eight weeks and also hit #1 on the *Billboard* Adult Contemporary and Top 40/Mainstream charts. At the peak of its popularity, the song was not available as a commercial single, therefore becoming the first song to top the Hot 100 Airplay chart without appearing on the Hot 100, but it appeared initially as a bonus track on what would be their third album, *L.P.* On the *Billboard* Hot 100, when it was later released commercially as a double A-side, it reached number 17. In Canada, the song peaked at number one for five consecutive weeks and was the most successful single of 1995.

But, *L.P.* is more than "I'll Be There For You." It's another stellar album in The Rembrandts' catalog, hitting #23 on the *Billboard* Top 200. Now, *L.P.* returns for its 30th anniversary, on CD.

The Rembrandts, *L.P.* — It's there for you!

BUY! HERE'S WHY!

- Contains "I'll Be There For You (Theme From *Friends*)," *Rolling Stone's* #8 Greatest Television Theme Song of All Time.
- 30th anniversary edition with 4 bonus tracks, 3 of which are previously unissued.

- | | |

ANGEL

ANGEL N G

For Fans of, KISS, Starz, Angel, and 70' Classic Rock!

Employing a dazzling mix of glam rock, hard rock, and progressive rock, **Angel's** outrageous, white-satin-heavy image and equally over-the-top stage shows, making them one of the more colorful arena rock bands of the mid-'70s and early '80s. Discovered by **KISS** bass player, **Gene Simmons**, the group issued their eponymous debut album in 1975, which hewed closer to prog rock than the glam pop that would inform future endeavors like ***On Earth as It Is in Heaven*** (1977) and ***Sinful*** (1979). The group released a total of 5 studio albums and 1 live album before going their separate ways in 1981.

Formed in Washington, D.C., the group's self-titled 1975 debut was recorded for the flamboyant **Casablanca Records** label -- home to **KISS** -- with a line-up comprising **Frank DiMino** (vocals), **Punky Meadows** (guitar), **Gregg Giuffria** (keyboards), **Mickie Jones** (bass), and **Barry Brandt** (drums). A heavy slab of heavy pomp rock with lengthy songs swathed in Giuffria's atmospheric keyboards and featuring the longtime stage favorite "**Tower**".

Now to celebrate the **50th Anniversary** this classic has been remastered and is being released on both a 6-panel CD digipak and on 180G vinyl in two amazing Limited-Edition Colors with liner notes by **Rock Candy** journalist **Dave Reynolds**. There are only 300 of the White-Blue Splatter and 700 of the Black-Blue swirl. A must have for any **Angel** fan with classics like "**Tower**" and "**Rock & Rollers**".

Strange Darling

Original Motion Picture Score

By Z Berg

Side A

1. Love Hurts - featuring Keith Carradine
2. Strange Darling
3. Day In, Day Out
4. Sous Les Paves, La Plage
5. Better The Devil
6. Back Into The Blue

Side B

1. No Matter What I Do
2. Ship In A Bottle
3. Into The Night
4. Strange Darling (Reprise)
5. To Forget You (1971) - featuring Ginnie Pallone Mollner

Mutant, in partnership with Warner Records, are proud to present Z Berg's beautiful and haunting original soundtrack to JT Mollner's secret masterpiece Strange Darling.

The less you know about Strange Darling before you see it, the better (forgive us for tip-toeing around context). But you can safely listen to Z Berg's exceptional soundtrack safely without spoilers.

Director JT Mollner and Z initially bonded over vintage single artist soundtracks as a days-gone tradition of filmmaking. But what they have produced together is evocative of New Hollywood, 70's-exploitation, right down to the soundtrack you want to have in your collection.

Z Berg (The Like, Phases) has produced a collection of stunning acoustic ballads all written for the film, that feel slightly haunted - and that is intentional. Given the note was "haunting beauty with a pervasive feeling of overpowering sorrow - think Julee Cruise, Leonard Cohen and Sibylla Baier". After all, expectations are everything with this film, and no matter how many times you listen to these sublime indie-pop originals and covers (including a transcendent version of 'Love Hurts' featuring Keith Carradine) you will always feel like you are waiting for the other shoe to drop

SUMTHING STRANGE

PARALLEL WORLDS

For Fans of, Love and Rockets, Gene Loves Jezebel, Sumthing Strange, and Alternate Electronic Music!

Born out of a need for healing, in a world full of mixed emotions, **Sumthing Strange** has come together to create a modern fusion of musical art. Together, identifying the illusions that we experience which have created fear and has poisoned our universe. We are all human and equal with distinction and our message of love and peace is clear. We will ignite this flame. Through sound and spirit we will live life without fear and help create a world where everyone has hope. This electric feeling of elation we have all known is the spirit within us all. Search your soul and journey with us on our intergalactic ride through this existence.

Hailing from two different worlds **Alex Prusmack (SmackJonez)** and **Johnny Santoro (Still Standing)** have created and developed a sound that is shocking the music industry, and they are **Sumthing Strange**. Their latest release **Parallel Worlds** takes you on quite the intergalactic ride hitting on all senses and feelings from the opener “**Always Here**” to “**We’ll Save Our Love Tonight**”, and “**Wild Side**”.

Vinyl LP

Artist: Heidi Montag
Title: Superficial
Release Date: April 25, 2025
Configurations: CD, Vinyl LP
CD List: \$13.98 / CD UPC: 5021732441539
LP List: \$29.98 / LP UPC: 5021732437679 / Color: Pink Marble

Heidi Montag first came to prominence as a reality television personality on MTV's "The Hills," but the multifaceted entertainer has always credited music as her first love. Her debut album, *Superficial*, on which Montag worked with notable talents including L.P., Cathy Dennis, Stacy Barthe, Steve Morales, and Dave Pensado, has become a cult classic. A remix of "More Is More," produced by Dave Audé, peaked at number 27 on Billboard's dance charts. Montag's one and only public performance of "Body Language" — at the 2009 Miss Universe pageant — was watched by a billion people worldwide.

Hailed as "ahead of its time," *Superficial*'s initial release faltered due to both promotional issues and Montag's status as a reality star. The album has since gained praise for its pure pop sounds, which were influenced by Britney Spears and Janet Jackson, as well as for its message of empowerment. In 2018, *Life&Style* pronounced the album "criminally underrated." In 2023, the *Superficial* track "I'll Do It" became one of the top trending sounds on TikTok, garnering more than a billion streams and poising Montag for a musical comeback. Her most recent re-releases of the tracks "Bad Boy" and "Touch Me" have been celebrated by fans, who all have one question: "What's next?" First time on CD and Vinyl and now in-stores!

JAKOJAKO

Tết 41

Street Date: 4/25/2025

Tết 41 is the latest record by modular synthesist and Berghain resident **JakoJako (Sibel Koçer)**, marking her album debut for **Mute**. This is a release driven by Koçer's desire to connect with her heritage and to document the potentials of analogue and modular synthesis. Available on vinyl in a limited run of just 500 copies worldwide.

Recorded during a trip to Vietnam and bookended by field recordings from Tết Lunar New Year celebrations, the album is illuminated by references to her cultural roots. The melodic palette breaks away from traditional Western scales, drawing instead from the tonal intricacies of the Vietnamese language, inspired by overheard conversations of the locals. The album and track titles, written in Vietnamese, further honour the vibrant Tết festivities, shrines, and landmarks she encountered during her travels.

Hailed by The Berliner as "one of the city's most sought-after electronic artists," the album is rooted in Koçer's deep understanding of machine-based music. **Tết 41** was crafted with a minimalist setup consisting of a Eurorack and Waldorf Iridium Core, and is a mesmerising blend of "quasi-still" ambient soundscapes and otherworldly compositions. As she vividly describes it, the album sounds "a bit like an empty alien stomach." The most remarkable aspect of **Tết 41** is how it continues JakoJako's track record of creating fully realised works, despite still being at the dawn of her artistic evolution as a rising force in electronic music.
