**"The most promising crossover metal band returns with their third impact "SHOWDOWN"!"**

**Artist:** RISE OF THE NORTHSTAR

**Title:** Showdown

**Pre-sale:** January 20, 2023

**Release Date:** April 7, 2023

**Label:** ATOMIC FIRE

**File Under:** METAL

#### Description:

The most promising crossover metal band returns with their third impact, "Showdown", out on April 7<sup>th</sup>, 2023. After a three-year absence, the band is back more determined than ever with their devastating new attack, " Showdown," which is about to become the must-have album of 2023. This full-length clearly exceeds anything ROTN has been able to offer so far in terms of musical and artistic creation. Integrating to perfection all the elements that make the success of the formation: Insane grooves mixed with powerful riffs dressed by the now well-known flow of **Vithia**, sublimated by **Eva-B**'s epic solos all wrapped up in their unique Japanese shonen manga universe. Mixed by **Johann Meyer (Gojira)** and mastered by acclaimed **Ted Jensen (Sterling Sound Studio)**, " Showdown" also offers phenomenal production. It should not be otherwise, given the richness of the songs that make up this album: you will want to jump to the groove, you will headbang to the heaviness, mosh to the hardcore breakdowns, break your neck to the thrash riffing, sing along to the choruses and feel goosebumps to the beautifully written solos. If there was to be a band that stands out for its originality, universe, and music, it is undoubtedly these stage monsters that are **Rise Of The Northstar**. With +20 million Spotify streams for the single **'Here Comes The Boom'** taken from their previous album **"The Legacy Of Shi"** and over 30 Million YouTube cumulated plays, it's clear these guys are heavy hitters. Having toured the world many times in support of their two previous efforts, they will perform with an explosive new show that will devastate stages in all major European cities and Festivals during 2023.

HUS debuted in 2004 with the self-produced EP “Short Cake” under the name ‘HUMMING URBAN STEREO’.

At the time, when the title song ‘Banana Shake’ went viral and took first place on the indie chart, it served as an opportunity to inspire popularity in the electronic genre scene, which was relatively non-mainstream in the Korean market.

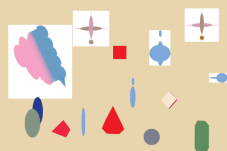

Recently, sync has been added to NewJeans’s choreography, making headlines again as a TikTok challenge. Another hit track of his, “Hawaiian Couple,” became byword for couple songs as it was used as the theme song for the Korean movie “My Love”(2017).

After that, HUS has been active in various commercials and film music fields, and has also produced several singers.

HUS, which founded the label Waltzsofa Records, has tried a variety of music by recruiting and producing new artists.

In 2022, he created the alter ego “Gros Colin” and released a full-length album with the eponymous title. The LoFi and stylish music samples songs in English, French, Hindi, and Spanish to add an exotic atmosphere, and the videos for each track are equally unique, exploring a spectrum of video styles. It is a well-made album that brings to the fore the tracks that were occasionally introduced in albums different from the existing featuring work.

In the case of the first LP, it became an issue as it was sold out at the same time as the reservation sale.

## *I'll Never Forget*

After returning unexpectedly from a 20-year retirement with successful comeback album *Resurgence* in 2019, the voice of The Hollies – Allan Clarke – is back with a stunning new record. *I'll Never Forget* reunites Allan with his old Hollies bandmate, Graham Nash of Crosby, Stills And Nash fame. The two old friends from Manchester began writing together during the pandemic after over 40 years, resulting in the effortlessly catchy *Buddy's Back*, a tribute to the rock & roll great The Hollies were named after. Graham's beautiful trademark harmonies are present throughout the album, but this is very much Allan's record, tackling spirituality and redemption as well as romance in "The Presence Of You;" the first love song Allan has written for his wife Jennifer (the "Jennifer" in The Hollies' classic "Jennifer Eccles") after 59 years of marriage. As Allan says: "This album takes me back to the times when I started in music. I never thought I'd sing again. But I think these songs are good enough for me to try again, and I've enjoyed making them. I hope listeners can connect with the album and enjoy the same feelings I've experienced."

## On the Romance of Being

Street Date: 4/7/2023

Mute is excited to announce the release of Desire Marea's transformative second album, *On the Romance of Being*, out April 7th on double black vinyl, CD and digital formats. The vinyl includes an 8 page booklet and features an etching on side D.

Immersed in the communal, ceremonial and healing qualities of music, this record is the next epoch from the South Africa-based multidisciplinary artist and follows his acclaimed solo eponymous debut. Recorded live with an ensemble of thirteen musicians, *On the Romance of Being* consists of eight movements that sonically sprawl across post-gospel, spiritual jazz, black classical and the ancient music of the Nguni and Ndau peoples and elicits a sincere conversation between the erotic and spiritual.

The album cover art is by contemporary painter Athi-Patra Ruga whose work has been presented at the 55th Venice Biennale, Louis Vuitton Foundation, MoMA & more.

2017's *Intoxicated Women* is the final part of Mick Harvey's series translating Serge Gainsbourg's songs into English, which started in 1995 with *Intoxicated Man*. *Intoxicated Women* contains many duets and songs written by Gainsbourg, mostly during the 60s, in a period where he was focusing his songwriting on singers such as France Galle, Juliette Greco and most famously, Brigitte Bardot. Here Harvey has called upon guest singers Channthy Kak (Cambodian Space Project), Australian singers Xanthe Waite (Terry, Primo!), Sophia Brous, Lyndelle-Jayne Spruyt and Jess Ribeiro and the German chanteuse Andrea Schroeder plus a special appearance by Harvey's son, Solomon.

## Delirium Tremens

(Limited Edition Yellow Vinyl)

Street Date: 4/7/2023

Mute is excited to announce the reissue of Mick Harvey's *Delirium Tremens*, the third volume of his Serge Gainsbourg translation project, repressed on limited edition transparent yellow vinyl. Out on April 7th, limited to 1,000 copies worldwide.

Originally released on 24th June 2026, *Delirium Tremens* was Mick Harvey's resumption of his series translating Serge Gainsbourg's songs into English after a 20 year hiatus. Both volume one (*Intoxicated Man*) and two (*Pink Elephants*) are cherished classics and introduced English speakers to one of the most legendary songwriters of the 20th century. The album covers a wide cross-section of Gainsbourg material, from 1976's 'The Man With The Cabbage Head' (L'homme à Tête De Chou) to 'Deadly Tedium' (Ce Mortel Ennui) and 'Coffee Colour' (Couleur Cafe) from the late 50s and early 60s.

"Many of the songs I have recorded are ones I had hoped to translate the first time I approached this material but I just thought they would be ones that were too hard to translate. But once I sunk my teeth into the task I found they were no more problematic than most of the songs from the first two albums." - Mick Harvey

### PRAISE FOR DELIRIUM TREMENS:

"Harvey's intimate understanding of Serge's rich catalogue allows him to smother markedly different compositions with a menacing Bad seeds swagger that unites *Delirium Tremens*." - *Uncut*

"...there is an energy that comes from the confidence of experience... Harvey makes each song here his own." - *The Quietus*

# Sarah & the Safe Word

## *THE BOOK OF BROKEN GLASS*

This album tells a story. On your journey, you're going to meet a family with a secret, a few spirits that are willing to do whatever it takes to make sure it stays one, and a few allies in the trees that are offering a way out. Our tale begins here, in an unsuspecting college professor's office – with an old book.

Sarah and the Safe Word's fourth LP entitled "The Book Of Broken Glass" is an existential journey of 13 songs that weave in and out of their signature cabaret-punk mixed with rock arrangements, folky undertones and sometimes even a late 90's early 2000's nu-metal vibe! This album merges all these styles into one cohesive unit that feels somehow familiar yet wholly unique.

Songs like "Ruby Off The Rails" and "Old Lace" are non-stop driving songs that keep toes tapping and mouths singing along. While "Sky On Fire" and "Broken Crowns, Forgotten Pageants" keep things deathly and darkly serious in true Sarah And The Safe Word fashion. Album closer "X", is a tear jerking piano ballad that is poised to make the sturdiest knees shake a bit.

# SHADOW'S SYMPHONY

## THRESHOLD OF FORGOTTEN SOULS

**For Fans of Horror, Halloween, and Haunted Attractions!**

**Shadow's Symphony** creator **Grant Smoker** has loved everything to do with **Halloween** since he was a kid and always wanted to be able to contribute or be a part of **Halloween** in some way. Hearing music at **Haunted Attractions** inspired him to start writing and recording. He writes this instrumental music with haunted attractions, films, and gaming in mind. Since 2014 **Shadow's Symphony** has been played in haunts around the world. Each album that he writes has a different theme, which means different instrumentation as well as style that pertain to the theme of the album. There's a bit of everything from melancholy piano to full blown dark orchestral strings and creepy ambient synth over the course of an album.

For this release, **Threshold of Forgotten Souls** was written to take you to an old, haunted church. **Grant Smoker** wanted a somber yet haunting feel and used a lot of strings and organ to take you to that old forgotten church.

It was his first album written in 2011 and is still a popular choice for haunted attractions. This is a fist in a multi part series from **Shadow's Symphony**.

**Title:** Invisible Queen  
**Pre-sale:** February 3rd 2023  
**Release:** April 14th, 2023  
**Label:** Fireflash Records  
**Category:** Metal

2023 will mark the final chapter in the long history of Germany's legendary Thrash Metal act HOLY MOSES, celebrated with the bands upcoming new studio album "Invisible Queen" and a last run of live shows. "I joined Holy Moses in December 1981 and that profoundly changed the path I was meant to take in life. Our first album in 1986 was called "Queen Of Siam" and now to round things off, my final album with Holy Moses in 2023 will carry the title "Invisible Queen", reveals vocalist Sabina Classen and adds: "After 42 eventful years and after so many awesome albums, fantastic shows and incredible experiences, the time to write the last chapter of Holy Moses has arrived. And we are pleased to see this happen via Fireflash Records with the release of our 12th studio album "Invisible Queen"."

HOLY MOSES are a household name within the international metal scene. Their multi-faceted thrash metal, front-woman Sabina Classen's charismatic voice and their unique mix of traditional attitude and experimental evolution have been instrumental in establishing the band as a well-known and reliable entity since the beginning of their career in the early 1980's. With classics like „Finished With The Dogs“ (1987), „The New Machine Of Liechtenstein“ (1989), „World Chaos“ (1990) or „Terminal Terror“ (1991), HOLY MOSES wrote metal history.

"Throughout the year 2023 we will be busy promoting "Invisible Queen" and playing a last run of shows with full intensity. We look forward to seeing you join the ride", comments Sabina Classen, who just finished the recordings of their upcoming and final studio record. "Invisible Queen" is set to be released on April, 14th 2023 via Fireflash Records and distributed worldwide by Warner/ADA. "Holy Moses have never released standard thrash songs, and we never will," Sabina Classen explains with some pride. "We write songs which we like ourselves and don't compromise in terms of trends and concessions to wrong expectations. We don't have to please everybody, we're our own brand, we have our own sound, which includes the occasional odd beat, technically demanding passages and unusual chord structures as well as interesting lyrics which deal with the dark side of people and their minds."

"2022 saw the unholy return of the German extrem metal band MYSTIC CIRCLE, releasing their self-titled new studio-album and marking a furious return, which even made them enter the official German album charts on a sensational #78. The inspiration kept flowing and the two main members Beelzebub and A. Blackwar created nine new tracks for their ninth studio album, which will be called ""Erzdämon"" (in English: archdemon) and see the light of day in March 2023 on their new label Fireflash Records.

„This new album is a logical continuation and further development of the previous album, more detailed and leading more into the world of horror. The satanic, demonic themes got combined with mystical legends of old stories that will make your blood run cold. Musically this is evoked with new and darker sounds and samples as well as classic heavy metal parts“, comments the band and describes their new journey as a mixture of their classics ""Drachenblut"" and ""Infernal Satanic Verses"" as well as their latest ""Mystic Circle"". „We gave the album a German title, because we want to close a circle and go back to our early days. ""Erzdämon"" sounds powerful and sublime and represents the album 100%.“
