M.A.G.S. is the solo moniker for Buffalo-bred, Los Angeles-based artist Elliott Douglas. His style seamlessly glides between genres – from funky garage to minty alt-pop – and hooks you in almost immediately. His universal appeal feeds his success, and it's never at the expense of his art. Elsewhere in his blossoming catalog, songs like "Mvp" and "Hi Tops" zig-zag from visceral, gnarly heavy metal to lo-fi folk-rock, respectively; his musicianship is a marvel to witness, each entry building on the last with refreshing acrobatics.

M.A.G.S. released his first solo record in 2015, an EP titled Cellophane, and his self-titled LP arrived two years later - securing a seat amongst the most prominent indie/alt-rock artists. With his new batch of music, Douglas displayed marked growth in vocal prowess, overall musicality and lyrical bite through the release of 2020's Lost Tapes EP.

JOHN ELEFANTE

THE AMAZING GRACE

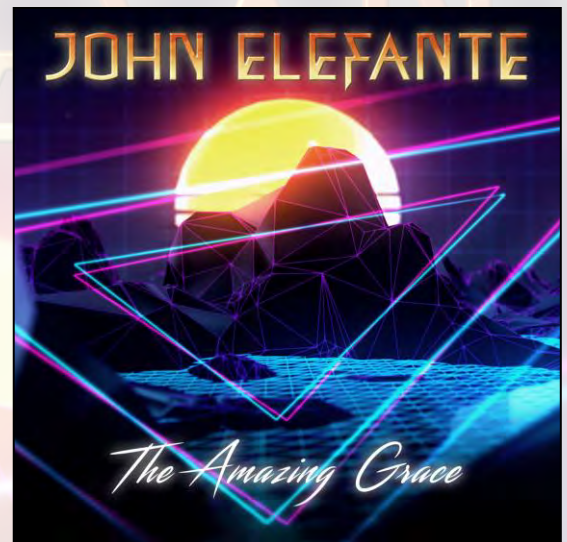

For fans of Kansas, Mastedon, and Classic and Christian Rock!

John Elefante sang lead vocals and performed keyboards on the Kansas albums 'Vinyl Confessions' and 'Drastic Measures'. On 1982's *Vinyl Confessions*, he sang the No. 4 Billboard Mainstream Rock hit, "Play the Game Tonight". He also wrote the acoustic-based classic "Chasing Shadows", along with the Top 40 single, "Right Away". The next year, on the following album, 'Drastic Measures', he wrote "Fight Fire with Fire", which remains the band's highest charting single at No. 3 (Mainstream Rock). Elefante was also responsible for "Everybody's My Friend", which was released as the second single from the album and reached No. 34 on the Billboard Mainstream Rock chart.

He would then go on to be a much sought after record producer helping dominate the Christian charts with bands like Petra. Producing the Grammy nominated, breakthrough album 'Back to the Street', and the Grammy award winning album, 'Double Take'. As well as his own chart topping band Mastedon, which also featured former Kansas alumni Kerry Livgren on the album "3".

The road to Absolution—out May 6th via T3H—began with a fine-tuned comb through Riverby’s influences, everything from the Dragon Age series of role-playing games to a brush with the Pixies and Talking Heads. August initially approached the follow-up as a concept record tied to specific tarot cards, but the final narrative rested around the unlikeliest of inspirations: religion in the face of the end. “It’s about ending fear with mortality and finally coming to solutions with your shit, closing the door on things that have been festering: your history and yourself, and making peace with God. i don’t even believe in God, but on the off chance He’s fucking real, I’d like us to be cool.”

Riverby entered the studio with Jim Wirt (Jack’s Mannequin, Fiona Apple) in July, a process that could be summed up as gleeful surrender. “Jim wanted us to record guitars chord by chord. It was hell, but he said it would work out. We let him do whatever he asked, and it did work out,” August recalls. Wirt’s advice extended to song-shaping touches, like the scattershot cowbell/shaker rhythm on “Off With Yr Head” and the swells of Rhodes exhaling through “Heavy to Hold.” The band was also augmented by Camille Faulkner’s string arrangements, adding dramatic heft and shocking urgency into songs that were already, for the most part, bursting at the seams with activity. (A key exception to this is “Chapel,” a spare acoustic ballad that had August resisting every impulse to cart in the full band.)

Absolution builds on debut Smart Mouth’s imperfections by baking them into the formula. “Making a perfect record is so dumb,” August admits with a slight laugh. “When you see me live, it’s not perfect, so I wanted to capture that.”

Sweden's prog masters deliver an extended edition of their hit album "In Cauda Venenum" featuring 3 previously unreleased songs in English and Swedish!

Artist: OPETH
Title: In Cauda Venenum (Extended Edition)
Pre-sale: 03/25/2022
Release Date: 05/13/2022
Label: ATOMIC FIRE
File Under: METAL

This digipak contains the Swedish and English versions of OPETH's legendary latest album "In Cauda Venenum" with new illustrations by internationally renowned Travis Smith in the booklet. In addition, there is also a third CD including 3 previously unreleased bonus tracks, both in English and Swedish: "Pöbeln" / "The Mob", "Cirkelns Riktning" / "Width of a Circle" as well as "Frihet & Tyranni" / "Freedom & Tyranny".

There are few bands that can or will match Sweden's OPETH. Since forming in the tiny Stockholm suburb of Bandhagen in 1990, the Swedes have eclipsed convention, defiantly crushed the odds, and, most importantly, crafted 12 stunningly beautiful, intrinsically intense albums to become one of the biggest progressive rock/metal bands on the planet; whether that be live or on record. Ask any OPETH fan. Enquire with any band that's shared the proverbial pine with the Swedes. Or, get a label representative to talk OPETH. They'll all tell you the same thing: OPETH are peerless. And they're only getting better, even after selling more than two million records and even hitting the #1 in the German album charts with their album "Sorceress" in 2016. Now back on US tour with Mastodon in spring 2022, the Swedes are gearing up for a new chapter, and »In Cauda Venenum« shows OPETH at their finest hour.

Sweden's prog masters deliver an exclusive remixed and remastered "Connoisseur Edition" of their hit album "In Cauda Venenum"

"How do you transfer a state of the art Pro-Tools recording, with a zillion different tracks, on to a piece of plastic and generate sonic greatness?" With lockdown, OPETH's mastermind Mikael Åkerfeldt finally found the time to unite 'a team of musical nerds', as he describes it, to ponder over the question, how they could produce a master of 'In Cauda Venenum' that sounds as supreme as Åkerfeldt's favourite records from the past? After heated discussions and trying out many different methods that never seemed to fully please the Swedish master's ear, they transferred the album to magnetic tape and then cut the vinyl lacquers from the tape itself, to create a warm, powerful and yet dynamic master that will now see the light of day in form of their "Connoisseur Edition"

This boxset contains the 180g gatefold 2LP of the Swedish and English versions of OPETH's legendary latest album "In Cauda Venenum" with new illustrations by internationally renowned Travis Smith in the booklet, and an artprint certificate. In addition, there is also a third vinyl EP in a sleeve, including 3 previously unreleased bonus tracks, both in English and Swedish: "Pöbeln" / "The Mob", "Cirkelns Riktning" / "Width of a Circle" as well as "Frihet & Tyranni" / "Freedom & Tyranny".

THE BRIDGE
Thomas Leer & Robert Rental

THOMAS LEER & ROBERT RENTAL

The Bridge

Street Date: 5/13/22

Mute is excited to announce the upcoming reissue of Thomas Leer and Robert Rental's *The Bridge*, out May 13th on limited edition white vinyl and CD. This seminal electronic album will now be available on vinyl for the first time since its original release in 1979 and on CD for the first time since 1992. With Robert unfortunately passing away in 2000, this record, Leer and Rental's one and only album together, stands alone in capturing the duo's pioneering capabilities.

The Bridge was originally released on Throbbing Gristle's Industrial Records label in 1979 and is considered to be an early electronic avant-garde synth-pop masterpiece, seeing the likes of John Foxx, Propaganda, and Art of Noise citing the pair as key influences. Rental also collaborated with Mute Records founder Daniel Miller on the The Normal's second release *Live at West Runton Pavilion in 1980*.

PRAISE FOR THE BRIDGE:

"Thomas Leer and Robert Rental accidentally made one of the most compelling and influential albums of the 1970s." - *Coldwar Nightlife*

"...heralding the future shift of punk and pop further towards the realms of electronic based forms of music." - *Sputnik Music*

"The impact of these works remains undiminished by time... the music's capacity for surprise constantly renews itself because it is music without beginning or end." - *Biba Kopf*

BIO

Frequently highlighting themes surrounding vulnerability and healing, American composer and performer Holland Andrews arranges music for voice, clarinet, and electronics. As a vocalist, their influences stem from a dynamic range including contemporary opera, theater, and jazz, while cultivating their own unique vocal style, integrating these influences with language disintegration and vocal distortion.

Andrews' *Wordless* EP was first released in February 2021, then remastered and reissued by LEITER later that year. The four-track EP offers deeply-layered catharsis through an array of arpeggiated and glitched-out electronics, vocal and clarinet-driven compositions. It is the soundtrack to closing your eyes and imagining all of your favorite colors in a sunset while unable to leave your home for weeks.

On May 13, Holland Andrews shares the second in a row of four EPs: *Forgettings* is an instinctive follow-up to *Wordless* which shares many of its predecessor's characteristics while remaining admirably difficult to define. As likely to draw upon electronic as organic sources – like their remarkably adaptable voice and their training as a clarinetist – it opens with the blissful, ecstatic 'Transform Forever', wreathing layers of harmonies around crystalline synth patterns, while the title track scavenges one of 'Transform Forever's' vocal refrains upon which it patiently builds a celestial, ultimately cathartic soundscape. 'Green's' profoundly meditative use of field recordings, sublime drones, muffled voices and soothing synths is meanwhile almost spiritual, and the quasi-ambient 'Far Place', on which Andrews worked with Son Lux's Ryan Lott leaves piano notes orbiting space.

Alongside the digital release of *Forgettings* both EPs will be available in physical format for the first time: *Wordless / Forgettings* will be out on vinyl via LEITER on May 13.

Girl K Is For The People

Track List:

1. You
2. Best For You
3. Girl K Is For The People
4. Real Mad
5. Hah
6. Departures

Hell is other people, so what happens when you imagine a future without them? That's the loose question floating through *Girl K is for the People*, the Chicago band's first EP for Take This to Heart Records. The quartet—vocalist/keyboardist Kathy Patino, guitarist Kevin Sheppard, bassist Alex Pieczynski, and drummer Ajay Raghuraman—has spent the past few years zeroing in on their core values: minimizing harm while dialed in to charm. By taking inspiration from 1980s sonic templates, *Girl K is for the People* finds a young band at their most refreshed and focused, empowered by the colorful and danceable as modern neuroses darken the corners.

Finished pre-pandemic, the EP captures a band on the edge of a new breakthrough but still unsure of how to wield its exciting power. Enveloped by 1980s saving graces like track fadeouts, sparkling keyboards, and wide-open production, anxious journal entries are tucked behind neon-lit signage. New wave opener "You" starts abruptly and stays urgent, concerned with remaining a good person while everyone seems to debate your merits. The tight piano-rock "Best for You" drags its feet through the early stages of a courtship, and "Real Mad" runs away from catcalling strangers with high-spirited vocal runs and guitar trills. It might be easy to label *Girl K* as a band stuck between eras, but they're just finding their footing. Remember: they're for the people, and they're here figuring it out—just like you.

Marigold welcomes you to A Better Place.

It's a brilliant reminder of what awaits on the other side of disaster. As a multimedia artist, vocalist/guitarist Benjamin Lieber collects not only himself, but moments lit up by a sky's color scheme. Formed after the slowdown of Head North, Lieber found new artistic parallels in his visual art career. As his visual portfolio grew, Marigold released two albums and an EP. Lieber's hunger for songcraft returned after a pause, and a full band crystallized with bassist Matt Herman and drummer Joe Enright. Kris Khunachak would join the fray as second guitarist and close visual collaborator.

A Better Place, due May 13, is summarized by a simple tagline: falling in love as the world falls apart. Lieber entered a new relationship during the pandemic. Faced with a choice to go it together or alone, the pair's dedication to each other allowed escapes from the outside world. This sunny disposition is littered with love notes to rock giants of the Seventies, with "Waiting on Me," pulling the curtains back on this time capsule. This blends into modern pop-rock, resulting in pleasant starburst "Alpenglow" or the frazzled "Waiting Around," with New York's unemployment line as guest star. When the band leans into nostalgia, treats like "Mountainside" curl with natural splendor and folksy trappings before unleashing a full-band introduction, linking together Lieber's solo beginnings with a collaborative future.
