# THE KINKS

## PRESERVATION ACT 1

(Black Heavyweight 1LP)

Release Date: 7/14/2023

### Overview:

*PRESERVATION ACT 1* is a concept album and the 12th studio LP by THE KINKS, originally released on RCA on 16 November 1973.

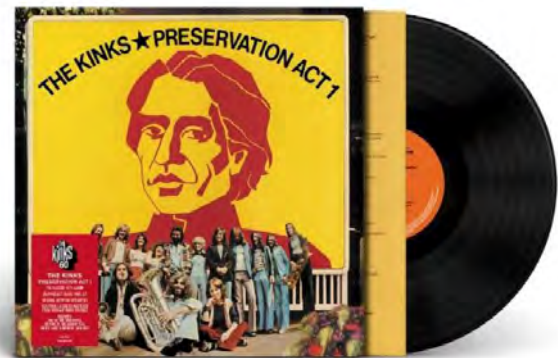

*Preservation* is the bands most ambitious project – a rock opera that uses the charming, small-town nostalgia of Village Green as a template to draw the entirety of society and how it works.

Epic opener “Morning Song” sets the scene and mood for the record, followed by a classic sounding Dave Davies’ riff, “Daylight,” which echoes themes and sounds tones of one their most recognisable and highly acclaimed albums, *The Village Green Preservation Society*.

Standout tracks are the endearingly lazy “Sitting in the Midday Sun” and the beautiful “Sweet Lady Genevieve” – both strong contenders for overlooked Ray Davies masterpieces.

A critically acclaimed album, reviewed by *Rolling Stone* at the time as “A highly listenable, enjoyable album”.

This release is a faithful reproduction of the original 1973 album, on heavyweight 180g vinyl. A must-have for any Kinks fan and its first vinyl re-press, apart from a limited edition 2008 US edition, since the original 1973 LP release.

### Tracklist:

#### SIDE 1

1. Morning Song
2. Daylight

4. There's a Change in the Weather

# THE KINKS SCHOOLBOYS IN DISGRACE

(Black Heavyweight 1LP)

Release Date: 7/14/2023

Released in 1975, **SCHOOLBOYS IN DISGRACE** is **THE KINKS** fifteenth studio album.

The album is a return to the Kinks simpler, traditional rock sound from the more theatrical style of their recent releases of the time, and combines rock 'n roll with harder rock, '50s pop and doo-wop.

The album is a nostalgic trip through childhood and tells the origin story of Mr. Flash, the villain from previous Kinks titles, with well-known tracks such as "I'm In Disgrace," "No More Looking Back" and "Schooldays."

Standout tracks are "A Face In The Crowd," "Underneath The Neon Sign" and the excellent "You Can't Stop The Music."

A faithfully reproduced gatefold heavyweight black 1LP, this is the album's first re-press, apart from a limited edition US pressing in 2008, since the original LP release.

# THE SMASHING PUMPKINS

Alt-rock icons **The Smashing Pumpkins** are recognized for their amalgam of progressive rock, heavy metal, goth, psychedelia, and dream pop; a layered, powerful style driven by swirling, distorted guitars that churned beneath lead singer/songwriter **Billy Corgan's** angst-ridden lyrics. One of the most visible bands of the '90s, alongside grunge acts like Nirvana and Pearl Jam, **The Smashing Pumpkins** achieved mainstream success over the decade with classic releases *Siamese Dream* and *Mellon Collie and the Infinite Sadness*.

In 2014, **Pumpkins** frontman and rock icon **Corgan** announced that he would be releasing two albums the following year under a new deal with BMG; the first would be titled ***Monuments to an Elegy***. Drums on *Monuments to an Elegy* were played by **Tommy Lee of Mötley Crüe**. *Monuments* was released on December 9, 2014 and debuted in the **Top 40 of the Billboard 200**.

Now, nine years later in 2023, this **Pumpkins** record is back in stock, re-releasing via BMG this July 14.

The band is touring this summer, headlining with support from Jane's Addiction, Interpol, Stone Temple Pilots, Rival Sons, RedHook, Battlesnake, and more along the way.

Beyond the core trio of Maynard James Keenan [vocals], Mat Mitchell [guitar, production], and Carina Round [vocals, songwriting], the group's ever-evolving ecosystem encompasses Greg Edwards (bass, guitar, keys), Gunnar Olsen (drums), as well as a cast of characters such as Billy D and his wife Hildy Berger, Major Douche, Special Agent Dick Merkin, and many more. Renowned for an immersive live show, the group's performances blur the lines between concert and theater, traversing the dusty American Southwest with Billy D and Hildy or the sweaty squared circle with Luchadores. They've brought this to life everywhere from Coachella to Bonnaroo.

# SASS JORDAN

## LIVE IN NEW YORK NINETY-FOUR

For fans of Sass Jordan, Alanis Morissette, Foo Fighters and Classic Rock!

Sass Jordan's breakthrough album, *Racine*, was released in 1992 and yielded the Canadian hit singles "Make You a Believer," "I Want to Believe"--both ranked on Billboard magazine's Mainstream Rock chart. In 1994, Jordan released *Rats*, which yielded her first song on the Billboard Hot 100 with the single "Sun's Gonna Rise," and also featured "High Road Easy." In 1992, Jordan recorded the duet "Trust in Me" with Joe Cocker for the motion picture *The Bodyguard*.

Jordan is now releasing *Live in New York Ninety-Four*. The show was recorded at the South Street Seaport in NYC during the 1994 *Rats* tour. The band at that time, along with Jordan, consisted of Tony Reyes (bass, vocals), Taylor Hawkins (drums, vocals), Nick Lashley (guitar), and Stevie Salas (guitar). The album features killer versions of classics like "Make You a Believer", "High Road Easy" and "You Don't Have To Remind Me" and included never before seen photos from the 1994 *Rats* tour taken from Jordan's personal collection.

Jordan shares, this is a celebration of the early days in the career of Hawkins, future Foo Fighters drummer. Jordan says, "As we hit the milestone that marks one year since Taylor left us, I wanted to do something to honor his memory--a recognition and appreciation for his glorious, big, beautiful energy--which lives on through this recording and in all of our hearts."

- ★ Brand new exclusive liner notes

*Can't Touch Us Now* is the eleventh and most recent studio album from British ska-pop legends Madness. Originally released in October 2016 it marked the return of founder member Mark Bedford and is the last of their albums to feature the entire original line-up. The album was well received among fans and critics alike, bearing the classic single 'Mr Apples', which has become a regular fixture in the band's live set. This special reissue sees the album pressed on double heavyweight vinyl, presented in gatefold packaging, and features brand new exclusive liner notes which include interviews with band members Suggs, Mike Barson, Chrissyboy Foreman and Lee Thompson.
