## GIRLSCHOOL SHOW THEIR STOMPING BOOTS WITH NEW ALBUM WTFORTYFIVE?

FORTY-FIVE years young, British hard rock royalty **Girlschool** come out swinging with their 14th studio album **WTFortyfive?**, a deliciously dirty declaration that age is a number that shows how much real raw attitude you have when it really counts. Kim McAuliffe (guitar/vocals), Denise Dufort (drums), Jackie Chambers (guitar/backing vocals) and Tracey Lamb (bass) leave the grit under their finger nails and the scuzz on their crusty leather boots as they riff and stomp their way through 12 statements of intent showing major attitude, some great melodies, and a consistent crunch to every guitar.

There's the addictive mototörcharged scuzz of "It Is What It Is", the Wandsworth via Sunset Strip sway of "Bump In The Night", the youthful, punky romp of "Up To No Good" and the smart, sassy, rock 'n' roll hooks of "Believing In You", with McAuliffe's vocals sounding as sharp and raucous as ever. Lead single "Are You Ready?" sets the pace, a racy, raunchy, fun-saturated shape-shifter co-written with **Alcatrazz's** Joe Stump that shows **Girlschool's** leathers may still carry the well-baked battle scars of decades gone by, but their songs and attitude are as fresh, fun, heavy and catchy as ever before. And if THAT isn't enough, their raunch roars and rolls alongside **Biff Byford** (Saxon), **Phil Campbell** (Motörhead, Phil Campbell and the Bastard Sons), and **Duff McKagan** (Guns N' Roses) on a cracking cover of "Born To Raise Hell"! So throw away your inhibitions and join these spectacularly wild women on the most glorious of rock 'n' roll rides. **Lemmy** knew, so should YOU!

**WTFortyfive?** will be released on CD Digipak, 12" Black Vinyl, Digital Download and Streaming. Available to pre-order from April 25th, 2023.

# Swedish extreme tech-metal pioneers MESHUGGAH return with their ninth studio manifest "Immutable", out on April 1st, 2022

**Artist:** MESHUGGAH  
**Title:** IMMUTABLE  
**Pre-sale:** June 16th, 2023  
**Release Date:** July 28th, 2023  
**Label:** ATOMIC FIRE  
**File Under:** METAL

## Mavericks. Pioneers. Unique. *Immutable*.

Destined to be one of 2022's most hailed and talked-about releases, "*Immutable*" once again showcases MESHUGGAH's collective brilliance, including some of the most jaw-dropping ensemble performances they have ever executed.

Since forming in 1987, the Swedish sound architects known as Meshuggah developed into one of the most technically complex and virtuosic group of players the metal realm has ever encountered, their distinctly unique brand of progressive groove-infused death metal inadvertently launching an entirely new subgenre. Recorded in Sweden's „Sweetspot Studios“, their ninth full-length album „Immutable“ is the follow-up to their highly acclaimed and **Grammy nominated album**, „The Violent Sleep Of Reason“. The new album and 2022 tour will see the return of Fredrik Thordendal.

### Key Sales & Marketing Points:

- New and ninth studio album of the tech-metal pioneers from Sweden
- 3 animated video clips associated with single tracks
- Mastered by multiple **Grammy award winner Vlado Meller** (Metallica, Rage Against The Machine, Red Hot Chili Peppers, System Of A Down),
- European and US Headline Tours in 2022 & 2023
- Worldwide chart successes
- New exclusive vinyl color variant

### Press Quotes:

- *"Thirty years on the throne and counting, Meshuggah can still ignite surprise after devastating surprise from within this beast of a genre. Between its brutally minimal grooves, bright cinematic vistas, slippery rhythmic sideswipes, disgusting bass bludgeoning, classic Thordendal solos and overall darker sonic presentation, "Immutable" pioneers new territory for the band as much as it lays claim to everything that made them great for the past nine records."* -- Decibel, Dan Lake
- *"On IMMUTABLE, Meshuggah's mission remains unchanged: to tunnel into the future, leaving metal's tired tropes in the dust. Polished to an obsidian sheen, they have crafted a widescreen journey of stripped-back bludgeon, contorted rhythms, and dynamic surprises. It confirms them, yet again, as one of the most important heavy bands in the world."* –Knotfest.com, Dan Franklin

# HACKEDEPICCIOTTO

## Keepsakes

Street Date: 7/28/2023

Mute is excited to announce the release of hackedepicciotto's fifth full length studio album *Keepsakes*, out July 28th on black vinyl and CD formats. The vinyl features a full color spined sleeve and a 4pg booklet with lyrics.

*Keepsakes* is the Berlin-based avant-garde duo's second album released on Mute, and was recorded at one of Europe's oldest recording spaces, the Neapolitan studio Auditorium Novecento. Inspired by the space, which was home to Caruso and Morricone, the new compositions feature tubular bells and a grand piano within their signature sound of symphonic drone. Where past albums speak of universal themes, this mesmerizing new creation has a very personal touch, the duo calls it "an ode to friendship, presenting songs of gratitude."

hackedepicciotto are Alexander Hacke and Danielle de Picciotto. Both legends of their own making: Danielle the lead singer of the band Space Cowboys and the co-initiator of the Love Parade, and Alexander a founding member of the seminal German group Einstürzende Neubauten, known for working with the likes of Crime & the City Solution (1987 – 1991) and Phew.

# AMORPHIS' most melancholic piece of art is finally available as Jewelcase again

**Original release Date:** 08/31/2007  
**Re-release date:** 07/28/2023  
**Label:** ATOMIC FIRE  
**File Under:** METAL

After the great comeback success with new singer Tomi Joutsen and magnificent album "Eclipse" in 2006, AMORPHIS once more dug deep in the Finnish national epic Kalevala, creating another dark and beautiful masterpiece: "Silent Waters". "We have put a lot of energy and emotion into this album", says guitarist and band founder Esa Holopainen, "and hopefully it will reflect". Shining with exquisite vocals between clean melancholy and powerful growls – once more worked up with the help of Marko Hietala (NIGHTWISH, TAROT) – plus gorgeous folkloristic melodies embedded in straight Rock outfits, "Silent Waters" pleases with songs like the fleet-footed 'Towards And Against', the touching single 'Silent Waters' and the stirring 'Her Alone'. A strong and pithy, yet sensitive album, emphasizing AMORPHIS' status as one of the most outstanding Rock acts nowadays.

Founded in Helsinki back in 1990, AMORPHIS constantly worked their way up, developing from a harsh Death Metal band into a serious Rock group. The big breakthrough came in 1994 with their last really extreme album "Tales From The Thousand Lakes", scoring a big coup in the worldwide Metal scene. After intensive touring, AMORPHIS decided to discover new musical grounds and hired Pasi Koskinen, who additionally worked with clean vocals, as new singer, leaving guitarist and former singer Tomi Koivusaari the chance to focus more on his six string work. In 1996, AMORPHIS released "Elegy", a Progressive / Folk Metal masterpiece which even managed to climb to # 67 in the German album charts. Three years later, "Tuonela" showed up, combining Modern Rock music with Finnish character and psychedelic 70s influences. A highly successful mix that even topped the triumph of "Elegy", achieving a brilliant # 46 in the German charts again. "Am Universum" was added to the discography in 2001, opening up a new chapter in AMORPHIS' sound with featured electronic soundscapes and saxophone parts. Follow-up "Far From The Sun" eventually fascinated with a PINK FLOYD-esque touch and relaxed atmosphere, but also some more harder Metal elements back from the old days. Many fans hailed the album as the best since the legendary "Elegy".

*Following the thunder of "Eclipse", "Silent Waters" shows up as an emotional, virtuous masterpiece.*

**Label:** ATOMIC FIRE  
**File Under:** METAL

Founded in 1990 in Helsinki, AMORPHIS have worked their way up to the top of the European metal scene over the last decades. However the term "metal" doesn't necessarily define the band anymore. Sure, originally the disciples around mastermind Esa Holopainen were definitely death metal, but gradually developed into a serious rock act.

Any band could release a best of album for their 20<sup>th</sup> anniversary, especially one with an impressive back catalogue such as AMORPHIS. But the sixpiece put together an essential list of old classics, fan faves and cover versions and completely re-recorded them! So for the first time, all fans have the opportunity to see how old, death metallish material like "Vulgar Necrolatry", their biggest hit in the 90s "Black Winter Day", or the much loved live anthem "My Kantele" sounds with "new" singer Tomi Joutsen! A must have for old and new AMORPHIS fans alike, and an exciting journey throughout the band's illustrious career!

COSMICA ARTISTS

## CARLA MORRISON | EL RENACIMIENTO

VINYL RELEASE DATE: 8/4/2023

Grammy-nominated and three-time Latin Grammy-winning artist **Carla Morrison** has had an explosive year following the release of her highly anticipated album, **El Renacimiento**, via **Cosmica Artists**. Her first project in over 6 years, it arrived to large worldwide critical acclaim and has solidified Carla's rightful place alongside today's biggest superstars within the pop arena.

*El Renacimiento* chronicles her journey of healing from loss and returning to music and serves as her artistic reemergence and rebirth. Although her style is still rooted in her beloved acoustic-heavy sound, the project showcases her ability to effortlessly venture into a larger pop realm with versatility and depth. The album arrived to large critical acclaim from the **New York Times**, **Rolling Stone**, **The Los Angeles Times**, **Billboard**, **Glamour**, **Telemundo**, **People En Español**, **Latina Magazine**, **Associated Press**, **Refinery29**, and many more.

Carla remains one of the most pivotal artists of the past decade with her art surpassing the boundaries of the Latin space resulting in a global, devout following and large cultural impact. She was recently featured on projects by **Karol G**, **Ricky Martin**, **J Balvin** and **Nicky Jam**, the latter of which sampled her song "**Disfruto**" on his explosive track "**Desahogo**."

She supported **Coldplay** in Mexico on their **Music of the Spheres Tour** (2022) in stadiums averaging at +**60K** capacity. She then wrapped a sold-out headlining US tour that kicked off with a spectacular show at the iconic Greek Theater.

Overall, Carla has accomplished monumental feats that many Latinx artists were not able to achieve in the United States before the Latin music explosion (pre-"Despacito"), ultimately breaking down boundaries for many artists today.

### On the album from Carla:

"My most personal album yet. My other albums focused on my relationship with others, this one focuses on my relationship with myself, *Diamantes* is as of now, the place where I live now, I shine bright, I'm in love and I'm content with my darkness and my light."
