F R E E D O M

LP RELEASE DATE: AUGUST 26, 2022

Journey's upcoming new studio album, **'Freedom,'** will be released on 7/8/22. One track from the album, **"The Way We Used To Be,"** is already available, along with a music video.

Journey's worldwide sales have reached over 100 million records, making them one of the world's best-selling bands of all time, with a wide selection of chart-topping hits like **"Don't Stop Believin',"** the most downloaded song of the last century. The band's album sales have resulted in twenty five gold and platinum albums and nineteen Top 40 singles in the US.

In 2021, on the 40th anniversary of its release, **Journey's** seventh studio album, **'Escape,'** was certified diamond by the **RIAA**, which denotes the album has sold over 10 million equivalent units. 1981's **'Escape'** spawned the hits **"Open Arms," "Who's Crying Now," "Stone In Love,"** and **"Don't Stop Believin',"** which has over a billion streams on **Spotify** alone.

The band rounded out the summer with epic performances, headlining at both the iconic **Lollapalooza** and **iHeartRadio Music Festival** and guitarist **Neal Schon** invited to perform **"The Star Spangled Banner"** at the Las Vegas Raiders Vs. Chicago Bears game on October 10, 2021 at the Allegiant Stadium in Las Vegas, Nevada.

Journey's 1988 released, 15 time Platinum certified **'Greatest Hits'** was certified diamond in April of 2008, has logged 1,328 weeks on **Billboard's** Catalog Albums chart as of October 2021, and is one of the most popular 'best of' packages, at times selling close to 500,000 copies globally per year.

Journey was inducted to the **Rock & Roll Hall of Fame** in 2017 and continues today, selling out major venues worldwide.

LITTLE CAESAR

THIS TIME IT'S DIFFERENT

For fans of Little Caesar, Tora Tora, Rhino Bucket and Hard Rock!

Little Caesar is most remembered for their version of the soul music song "Chain of Fools", a 1989 hit single from their self-titled debut album. John Kalodner did A&R work for the group, and Bob Rock (*Metallica*, *Motley Crue*, etc...) produced their debut self-titled album, which was released in 1990 to positive reviews.

On the strength of the singles "Chain of Fools" (a cover of the Aretha Franklin song) and "In Your Arms", Little Caesar hit number 139 on the US Billboard 200 in 1990. Lead vocalist Ron Young made a brief cameo in James Cameron's *Terminator 2*, as the biker thrown through the window of the bar by Arnold Schwarzenegger.

"This Time It's Different" was originally released in 1998 and is a collection of previously unreleased studio recordings and live performances from the band's heyday. This album also features former John Lennon and David Bowie guitarist Earl Slick. It has now been re-mastered and repackaged for this re-issue, which now features never before seen pictures and brand new artwork. This is the third in a series of reissues coming through the bands new imprint label Dirty Deeds Records.

The band has since reformed for some live shows in 2001, and released their comeback album, 'Redemption' in 2009, and continues to release new music and tour.

From his early days with **Free** and the chart topping *“All Right Now”* to the massive catalog of **Bad Company**, with hits like *“Can’t Get Enough”*, *“Shooting Star”*, *“Rock N Roll Fantasy”*, *“Feel Like Makin’ Love”* and countless others.

In 2019 the debut album *“Attitude”* by **Lonerider** was released, which features **Steve Overland** (FM, Shadowman), **Steve Morris** (Heartland, Shadowman) and **Chris Childs** (Thunder). The band came across like **Bad Company** mixed with **Shadowman** and their debut *“Attitude”* was loved by many. **Lonerider** has the feel of that classic **Bad Company** that we know and love, yet the songs are modern, fresh and vibrant.

Since 2019 the band have been working on a new release entitled **“Sundown”**. This new album boasts 12 new tracks of classic rock in the same vein as *“Attitude”*.

The vinyl version is a numbered edition of 500 and to make it special it has two different tracks to the CD, namely *“Love to Love”* and *“Long Time Gone”*.
