## HOW DO YOU BURN?

Release Date: September 9, 2022

### BIO

Twenty-six years down the line, bands simply aren't supposed to be making the most vaulting and thrilling music of their lives. Yet that's precisely what **THE AFGHAN WHIGS** have done with *How Do You Burn?*, their first studio album in five years and their ninth album overall. It follows on from the brace of widely acclaimed records they've made previously since re-grouping in 2012, *Do to the Beast* (2014) and *In Spades* (2017). *How Do You Burn?* picks up the baton laid down by each of those records and runs it to the horizon.

Just one striking aspect of *How Do You Burn?* is the sheer scale of its sound: kaleidoscopic, multi-layered and widescreen. Then there is Greg Dulli, as swaggering, enigmatic and darkly charismatic as ever, and singing up a storm.

For his supporting cast, Dulli called upon several serial collaborators including the late Mark Lanegan, who was a regular in Dulli's Twilight Singers, a partner in The Gutter Twins and a close friend. Lanegan makes his Afghan Whigs debut singing backup vocals on two tracks. "It was Mark who named the album," Dulli remarked.

Susan Marshall, who sang on the Whigs album 1965, returns to the fray for "Catch A Colt," one of the album's standout tracks, loose-limbed like *Some Girls*-era Rolling Stones and with the liquid polyrhythms of Fleetwood Mac's *Tusk*.

Then there's Marcy Mays, lead vocalist on "My Curse", the torch-song highlight of 1993's seminal Gentlemen album, reprising her role here on the celestial "Domino and Jimmy", playing Stevie Nicks to Dulli's Lindsey Buckingham.

The Afghan Whigs — Dulli, Curley, Nelson, Keeler and with Christopher Thorn now joining the band on guitar — will take *How Do You Burn?* out on the road. Beyond that, says Dulli, their future is gloriously wide open.

### SALES & MARKETING

### QUOTES

"their most direct presentation of abstract passion ever" — *Rolling Stone*

"Dulli rides the band's blend of R&B insinuation, hip-hop cool and hard rock invasiveness into corners of experience where few rockers of his generation have rested" — *NPR*

"Three decades after forming, the Afghan Whigs remain vital for its willingness to ignore boundaries" — *The New York Times*

"['The Getaway' is] a soaring, slow-burner that gradually builds into a powerful, climactic end. Its video uses imagery of space, astronauts, and rockets to convey a sense of limitless possibility." — *Consequence*

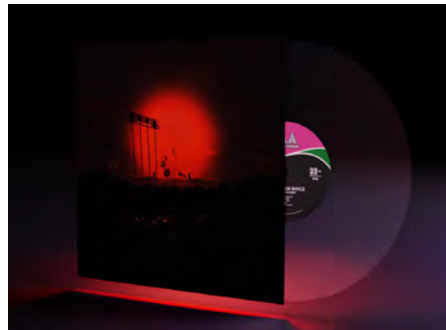

"Swagger to spare" — *Brooklyn Vegan*

NAMED ONE OF THE MOST ANTICIPATED ALBUMS OF SUMMER 2022 by Pitchfork, Brooklyn Vegan and Forbes

# FLOGGING MOLLY

## ABOUT

Flogging Molly are less of a band than they are a Transatlantic, Celtic-punk institution. Over the course of 25 years and thousands of shows around the world, Flogging Molly have transcended genres to become one of a very few bands that can literally share the stage with The Chieftains one day and Motörhead the next (this actually happened, by the way). For Flogging Molly's seventh full-length Anthem, the band, which features married couple Dave King (vocals, guitar, bodhrán) and Bridget Regan (violin/fiddle, tin whistle, backing vocals), decided to get back to their roots and record 14 songs in 14 days with Steve Albini (Nirvana, Pixies) at Electrical Audio Studio in Chicago.

Ultimately, there really aren't any other bands like Flogging Molly who can transverse scenes from punk to folk so easily and the fact that there are now multiple generations of fans at the band's shows is a testament to their continued relevance. All of which brings us full circle back to Anthem. The band—and the world—have been through a lot over the past few years and Anthem is much about the collective spirit we all possess that allows us to push forward toward the future.

## HIGHLIGHTS

- Celtic punk band led Irish-born vocalist Dave King
- Over 2.6M total consumption albums sold in the US alone with over 346M streams
- US co-headline tour with The Interrupters in sheds/amphitheaters June 7-July 3, Sept 9-21
- Recorded with Steve Albini (Nirvana, Pixies)
- Alt specialty / AAA radio campaign for "These Times Have Got Me Drinking"

## JUDE NEW STUDIO ALBUM OUT SEPTEMBER 9TH

The album title **JUDE** is a nod to the legendary song **Hey Jude** by **The Beatles**, written by **Paul McCartney** to comfort 5-year-old **Julian** following his parents' separation. Originally written as "**Hey Jules**" **McCartney** changed '**Jules**' to '**Jude**' because he thought it sounded better in the song. The tune became one of the band's most successful tracks, topping the charts for **19 weeks** after its release and remains a crowd-favorite in **McCartney's** live shows today. Even though **Lennon** talks of having a love/hate relationship with the song, because it's a reminder of an unhappy time in his life, he's thankful for the support expressed through the lyrics, and over the years, the song has become part of his personal identity.

"Many of these songs have been in the works for several years, so it almost feels like a coming-of-age album," said **Lennon**. With great respect for the overwhelming significance of the song written for me, the title **JUDE** conveys the very real journey of my life that these tracks represent."

## Muswell Hillbillies

### (50th Anniversary Edition)

Release Date: 9/9/22

**THE KINKS**, *Muswell Hillbillies* 1971 classic album has been remastered from the original audio source for the album's 50th Anniversary and will be released on heavy weight vinyl for the 9th September via BMG.

This period's first KINKS album, *Muswell Hillbillies*, is for many people their best of all. It conversely looked back on Ray and Dave Davies' London roots, telling tales of working-class families migrating from the war-torn and redevelopment-ravaged inner city to the strange, leafy suburbs of North London.

Expertly recreated and retouched original artwork with gatefold sleeve. All audio has been produced by Ray Davies and mastered by Kinks expert Tony Cousins at Metropolis studios.

The 1CD standalone includes x3 new Ray Davies remixes "20th Century Man," "Acute Schizophrenia Paranoia Blues" & "Travelling With My Band." Brand new sleeve notes with band quotes and photos.

## Everybody's In Show-Biz – Everybody's A Star

### (50th Anniversary Edition)

Release Date: 9/9/22

**THE KINKS'**, *Everybody's In Show-Biz – Everybody's A Star* 1971 classic album has been remastered from the original audio source for the album's 50th Anniversary and will be released as a standalone heavy weight vinyl for the 9th September via BMG.

*Everybody's in Show-Biz* is a double album with one record devoted to stories from the road and another devoted to songs from the road. The album includes Ray Davies' trademark wit, especially in the woozy beginning of "Unreal Reality" or the tongue-in-cheek "Look a Little on the Sunnyside" and the upbeat classic "Supersonic Rocket Ship." Aside from the wit, there's a sense of melancholy running throughout the record, most notably on the album's hit track "Celluloid Heroes."

Expertly recreated and retouched original artwork with gatefold sleeve. All audio has been produced by Ray Davies and remastered by Kinks experts Kevin Gray at Cohearant. The 1CD standalone includes x1 brand new Ray Davies remix, "Celluloid Heroes" and indepth sleeve notes with band quotes and photos.

## Loco Live at Hope Mill Studios

Street Date: 9/9/22

A Certain Ratio presents the recording of *Loco Live at Hope Mill Studios*, out September 9th on CD. Packaged in an eco-friendly wallet with sleeve notes.

The session was originally recorded as a live stream performance of the band's sensational 2020 album *ACR Loco*. After a 12 year album hiatus, *ACR Loco* was created by a confident and revitalized ACR, who jumped back into the studio following their most successful tour in over 20 years. In the lead up to the release, ACR filmed and recorded this live session at the heart of the Manchester music scene within Hope Mill Studios.

### PRAISE FOR ACR LOCO:

*"Ladies and gentlemen, welcome to ACR:Loco, a forward-looking genre-defying slice of musical majesty."* - Narc

## EP:ACR

Street Date: 9/9/22

A Certain Ratio presents *EP:ACR*, the unity of their EP trilogy series on CD, out September 9th. This includes *ACR:EPA*, *ACR:EPC* and *ACR:EPR*, and will be the first time that these 2021 titles are made available on CD. Packaged in an eco-friendly wallet with booklet and sleeve notes.

The first part is *EPA*, a dedication to Denise Johnson. It features the band's final recordings with Denise, where they used up their remaining time in the studio with a day jam with no fixed agenda, but the result is something very special.

The CD then moves into *EPC*. This was a collaboration EP, with Andy Meecham (Emperor Machine), Maria Uzor from Sink Ya Teeth and Jackknife Lee, and Chris Massey who remixed their song "Dirty Boy" back in 2019. The whole EP is dedicated to longtime ACR friend Andrew Weatherall, who was the inspiration for the song "Guv'nor"; a collaboration in spirit.

The final part of the trilogy is *EPR*, which was recorded with the internal brief of 'anything goes'. This consists of the mesmerizing "\$ouls In The City" made up of Part 2 and Part 1, in that order, followed by the insanely catchy "Night People", "Big Boy Pants" and the final track "Downtime Vibes", which is a hypnotic piece of repetitive rhythms built up around a set of chimes that Jez found in the back of his car.

Gold Necklace features two of the most prominent players in modern progressive rock—vocalist Kurt Travis (A Lot Like Birds, Royal Coda) and bassist/guitarist Brandon Ewing (Chon.) The bands debut self titled album, released in fall of 2021, charted at #62 on the Billboard Heatseekers chart and broke into the Billboard Top 200.

This eclectic collection of songs could just as easily be heard fueling movement on a dance floor as it could in the headphones of a music theory major. While maintaining experimental, clean guitar, jazz sensibility and odd meter beloved by math rock enthusiasts, Gold Necklace also manage to infuse R&B, fusion, and groove into their songs, giving their self-titled album undeniable mass appeal.

**Overview:**

*Kinks* is the debut album by English rock band the Kinks, released in 1964. This iconic album perfectly mixes blues rock, rockabilly, and the classic Merseybeat of the 1960s that mixes R&B, skiffle, rock, and the likes.

If you're looking for that British Invasion sound, *Kinks* is a perfect beginning. The album was recorded in October 1964. The band's cover of "Long Tall Sally" soared the charts and has the distinction of being The Kinks's first ever single.

The band's second success from the album is the massively popular and best-selling summertime single, "You Really Got Me". It's crunchy distorted guitar riffs, chimey solo, pounding uptempo beat and soaring harmonies, defined an entire genre.

This album is the first chapter of one of the most iconic bands in the world and a must have for any fans collection.

# SKUNK BAXTER

Release Date: September 16, 2022

You've heard his extraordinary and captivating guitar playing thousands of times –on groundbreaking, multi-platinum albums by **Steely Dan** (a band he co-founded) and **the Doobie Brothers** (with whom he was inducted into the Rock and Roll Hall of Fame), and on countless smash hit songs and albums he's participated in as an in-demand, first-call studio musician. But the one place you haven't heard the exceptional and versatile talents of guitarist **Jeff "Skunk" Baxter**—one of the most-recorded guitarists of his generation, whose work has run the gamut from rock to pop to country to R&B and everything in-between—is on an album where he gets the opportunity to focus on the personal... on a record all his own.

That's all changed with the release of Baxter's masterful solo disc, *Speed of Heat*, on **BMG/Renew Records**. But first, the inevitable question: What took him so long? He laughs good-naturedly and says, "Well, that is a good question. I don't mean to sound disingenuous, but it seems to me that the moment somebody leaves a successful band, the first thing they do is record a solo album. As for myself, I thought I would consider that down the road, because I hadn't had much time to really think about it, being immersed in so much studio work and record production, so I kept saying, 'I'll do it someday.'" He laughs again, then adds, "OK, so I had a lot of time to think about it."

For music fans of all stripes, and particularly those who have followed Baxter's remarkable career through the years, *Speed of Heat* will prove well worth the wait. The 12-song album is a riveting and rewarding musical experience that features a host of amazing originals co-written by the guitarist and his keyboardist/producing partner, **CJ Vanston**, as well as inspired versions of some of the great classics. Along the way, Baxter is joined by special guests such as **Michael McDonald**, **Clint Black**, **Jonny Lang** and **Rick Livingstone**, each of whom adds their own unique and remarkable musical talents to the project's brilliant sonic mosaic.

### 4CD Box Set & 7LP Box Set ON DARK HORSE RECORDS

Release Date: 9/16/22

★ **LIMITED - only 2,500 of each format available in North America**

#### Overview

2022 marks 20 years since the passing of the legendary **JOE STRUMMER**. While best known as the frontman for **The Clash**, between 1999-2002 Strummer produced some of his most exciting work alongside **The Mescaleros**. **JOE STRUMMER 002: THE MESCALEROS YEARS** is the first comprehensive collection highlighting this intense period of creativity and brings together the albums *Rock Art and the X-Ray Style* (1999), *Global A Go-Go* (2001), the posthumous *Streetcore* (2003), and *Vibes Compass*, a brand-new compilation of 15 B-sides and rarities, including never before heard tracks like "Ocean of Dreams" (featuring Steve Jones of the Sex Pistols on guitar) and early demos of some of the Mescaleros best-loved tracks ("The Road To Rock 'N' Roll," "X-Ray Style" and more), through to some of the original recordings from Joe's last ever sessions ("Coma Girl (Outtake)," "Fantastic" and "Get Down Moses (Outtake)"), all in one complete box set. All albums are remastered by Grammy Award winner Paul Hicks (The Beatles / The Rolling Stones / John Lennon / David Bowie) and are packaged in a richly curated boxset, featuring extensive new liner notes and interviews with Joe's friends, collaborators and The Mescaleros band members, plus never-before-seen handwritten notes, lyrics, and drawings by Joe taken from the Joe Strummer Archive. Both the 4CD and 7LP boxes include four reproduction lyric sheets and chord charts, and the LP box includes an exclusive 12"x12" art print. **JOE STRUMMER 002** serves as a loving tribute to Strummer's final musical output, released in celebration of what would have been his 70th birthday year.

## They Were Wrong, So We Drowned (Limited Edition Recycled Color Vinyl)

Street Date: 9/16/2022

*They Were Wrong, So We Drowned* is the new installment from the Liars' reissue series, where every two months an album from the back catalog is released on limited edition recycled color vinyl.

Originally released in 2004, Liars' second album scrutinizes pagan worship rituals with its title alluding to the horrors and injustices of witch-hunts conducted throughout history.

Each song is a page from a story that frontman Angus Andrews crafted from his in-depth look into fairy tales and folklore, illustrating a conflict between witches and a scared Christian village. *They Were Wrong, So We Drowned* was a creative transition and saw the band severing their ties with a scene they inaugurated on their debut album, and had decidedly, outgrown by the second.

On recycled color vinyl in eco packaging with gatefold outer sleeve, limited to 1,000 copies worldwide. Includes high quality download code.

Over the past five years, Andrés Aparicio, known mononymously as Andrés, has become a household name in the progressive post-hardcore scene. Having collaborated with heavy hitters like Strawberry Girls, Webmoms and Kurt Travis, Andrés's music has not only won over the fans, its become part of standard rotation on many of his musical peers playlists. Though some fans' exposure to this quirky songwriter may have been through other bands, his solo music certainly holds its own right next to the immense talent in the scene.

On his latest release and fourth full-length album, *Adventures Of A Diy Astronaut*, Andrés takes us on a theatrical romp that incorporates the major tenets of his core scene [jazz stylings, math rock, post-hardcore], as well as elements of mainstream pop, musical theater, hip-hop and cheeky nods to artists like Fall Out Boy, who originally inspired him to become a musician.

*Adventures Of A Diy Astronaut* is autobiographical, playful, sometimes awkwardly honest and often downright comedic. Andrés turns real-life experience to fable and doesn't take himself too seriously while doing it, creating a truly welcoming, relatable experience that could become a staple at your next dance party.
